PAID AT RATE OF $56. A TON

Two Citizens of North Dakota Get Coal by Express and Pay Dearly.

(Special Despatch to The Leader.)

ST. PAUL, Minn., Feb. 14.—M. Greengard, of Bottineau, and Alexander Greengard, of Willow City, N. D., have come to believe that the term "black diamonds" as applied to coal is by no means a misnomer. Running short of fuel during the famine the state, and being unable to secure any in the vicinity, they each ordered any in the vicinity, they each odrered 500 pounds to be shipped by express from the head of the lakes. The Northland Coal Company shipped the order, and it is estimated that the coal cost the Greengards at the rate of $56 a ton.

VAN ZANT DENIES CHARGES.

Investigation Into Conduct of Governor of Toronto Jail Closes.

(Special Despatch to The Leader)

TORONTO, Feb. 14.—The evidence in the Toronto jail investigation was brought to a close this afternoon, Governor Van Zant taking the stand in his own defense. He gave a straight and absolute denial of all the charges, claiming there was a conspiracy among the employees of the institution to have him ousted.

THAW TRIAL IS HALTED BY DEATH

A Juror's Wife Dies, and the Case Is Postponed Until Next Wednesday.

(Associated Press Despatch)

NEW YORK, Feb. 14—Another tragic chapter of the Thaw-White case was written today when grim death stepped in to halt the proceedings in their fourth week. The interruption was caused by the death this afternoon of the wife of juror number eleven, J. B. Bolton, from a severe attack of pneumonia. Judge Fitzgerald at once ordered the postponement of the case until Monday next. The court also ordered, with the consent of counsel, that the other eleven jurors be given their liberty. The judge admonished them to be guided by their honor and their oath not to read the newspapers or discuss the Thaw case among themselves. Dr. B. Evans, the eminent alienist, was still on the stand when the court adjourned.

Police to Relieve Settlers

OTTAWA, Feb. 13.—The Minister of the Interior has received a request from the Saskatchewan Government asking that settlers be relieved from doing two months' homestead duties on account of the severe weather and the scarcity of fuel. The Minister has agreed to this. The department has also ordered its officers and the Mounted Police as well to send relief to any settlers that may be requiring the same, because of their being away from railway communication. The immigrant officers have been requested to send relief to the settlers along the G. T. P. line between Saskatoon and Battleford. A large number of settlers have gone into this district because of the prospects of early railway communication.

SHOOTING AT THE LANSDOWNE

Mysterious Affair In Hotel Bar Last Monday Evening—Police Investigating.

(From Friday's Morning Leader.)

On Monday evening a persistent rumor was current in the city to the effect that a shooting affair of some sort had occurred at the Lansdowne Hotel about 10 o'clock that evening.

Enquiries made by The Leader, however, failed at the time to throw any light upon the incident. Despite the fact that gentlemen who had been in the hotel rotunda at the time asserted that the report of a revolver had been distinctly heard from the neighbourhood of the bar, the hotel management absolutely declared that no shot had been fired by any person in the establishment. Seen by The Leader, Mr. Cohen emphatically denied all knowledge of such an occurrence. Mr. Cohen further went to the trouble of calling up two of the hotel bar-tenders who in answer to a question denied that any shot had been fired in the bar. Night Constable Sample, who also made enquiries in the matter, met with no better results that night, the hotel management declaring total ignorance of any shooting.

Whether the denials of Mr. Cohen and his two bar-tenders were made in good faith or not, is a matter which will probably be dealt with by the authorities, one thing is certain—and that is that a revolver was fired on Monday evening in the Lansdowne Hotel bar. That fact is established by the subsequent investigations of Constable Sample and information supplied to The Leader from other sources.

The matter is still being investigated by the police, and exact details with regard to it are still lacking. It appears, however, that on the evening in question several men were gathered together in the bar, when one of them pulled a revolver with, some allege, the intention of shooting at one of those standing by. The man's arm was immediately seized by one of the bystanders and the revolver taken from him. Whether the weapon went off in the struggle or who indeed was holding it at the time that it was fired has not at present been made quite clear, though it is likely that these details will be cleared up in the course of a day or so.

POSTMEN FOR EDMONTON.

Distributing Boxes for the Delivery Have Reached the City.

EDMONTON, Feb. 14—The first signs of the installment of the city mail delivery service, for which the citizens have been waiting ever since the first intimation that there would be anything of the kind, appeared the other day, when the distributing boxes which will be used in the delivery service, arrived at the post office on McDougall street.

Mr. Cairns of the post office staff, stated in the absence of Postmaster May that since the arrival of the boxes no further word had been received from the department as to when the delivery service would be commenced, but instructions are expected every day, and it is altogether probable that it will be be long before the citizens will be enjoying the privilege of having their mail delivered into their hands at their doors.

COUNTESS SUES.

English Court Orders That Lord Shrewsbury Pay Wife's Allowance.

LONDON, Feb. 14.—The domestic difficulties between the Earl and Countess of Shrewsbury, which have been productive of much litigation, were the subject of another suit in the King's Bench Division.

The countess sued for payment of $4,750, the amount of a quarter's allowance, which was due on December 25 last under a deed of separation agreed to in 1896.

It was stated that the countess was abroad and that she had requested the earl to pay her allowance into her bank in her absence. Lord Shrewsbury declined to do this and sent a cheque to her solicitors requesting that it should be endorsed by Lady Shrewsbury herself. Lady Shrewsbury's solicitors refused to accept payment in this form and brought the present action.

Lord Shrewsbury's counsel explained that Lady Shrewsbury's allowance was for life only, and he wanted her endorsement on the cheque as evidence that she was still alive.

Justice Kennedy said that Lord Shrewsbury was clearly to blame for the present litigation because he had not complied with his legal duty, and he gave judgment for Lady Shrewsbury, with costs.

SUFFRAGETTES STILL STORMY

Female Agitators Demonstrate Riotously—Threaten to Invade Parliament in Force.

LONDON, Eng., Feb. 14—The suffragists, whose leaders have sworn not to desist in their agitation until Parliament has granted their demands, appear to be about to give the authorities considerable trouble. Yesterday they made a more determined and better organized demonstration than ever before, in the course of which over sixty women were arrested. It was nearly midnight before they were all bailed out. Miss Annie Kenny, one of the leaders, who has been imprisoned three times, declares that if woman suffrage is not granted this session she will march one thousand women cooperatives who will confront the Ministers on the floor of the House of Commons.

Party Were Not Lost.

PORT ARTHUR, Feb. 13.—The story sent out from here that a party of freighters had been lost in the country between Jack Fish and the Transcontinental right of way is without foundation. All the men of the party are safe in camp B.

MARTYRDOM DESCRIBED

Kingston Man Tells How He Suffered and How He Was Released.

Chas. H. Powell.

"For years a martyr," is how Chas. H. Powell, of 105 Raglan St., Kingston, begins his story. "A martyr to chronic constipation, but now I am free from it, and all through the use of Dr. Leonhardt's Anti-Pill.

"I was induced to try Anti-Pill by reading the testimony of someone who had been cured of constipation by it. I had suffered for eighteen years and had taken tons of stuff recommended as cures but which made me worse rather than better. Doctors told me there was no cure for me. Dr. Leonhardts Anti-Pill cured me.'

FRANCE ALARMED ABOUT OYSTERS

Dr. Wetter Causes Sensation by Tracing Disease to the Bivalves.

PARIS, Feb. 14.—Attention was momentarily diverted from the visit of the British sovereigns by the sensational incrimination of the oyster by Dr. Netter in a paper read before the Academy of Medicine.

Cases of poisoning due to oysters have been somewhat numerous lately. There have also been many cases of typhoid, several ending fatally, due to the same cause. In view of these facts the public began to ask whether it was dangerous to eat oysters.

To this question Dr. Netter replies no, but he adds the saving clause, if the oysters are uncontaminated. He then proceeds to give the result of his investigations in cases of illness caused by eating oysters which came from the beds at Cette.

He discovered that the oyster beds in question are situated near the place where the sewage of an entire town of 35,000 inhabitants empties into the Mediterranean. These 120 cases of intestinal derangements all appear to have been provoked by oysters perfectly fresh but coming from Cette.

Thirty-three cases of typhoid fever are reported from the provinces, and since the month of September, when oysters are supposed to become edible, there has been a regular increase in the number of cases of gastro-enteritis, dysentery with symptoms of giddiness, cramps and typhoid of exceptional gravity, seeing that the mortality in the latter exceeds 30 per cent.

These facts, made public by Dr. Netter's paper, have created a prejudice against oysters, and dealers have grown alarmed. Claiming that Cette oysters are merely an exception, they have demanded the formaton of a service of supervision of oyster beds in order to guarantee against the sale of the contaminated article. This measure will, it is hoped, reassure the public, which at present is decidedly shy in the presence of the oyster.

CHANGING THE MAP.

Missouri River Mixes Up State Boundaries—Legislatures to Confer.

LINCOLN, Neb., Feb. 14.—The Missouri River has been making trouble again, and as a result the Iowa and Nebraska Legislatures are being asked to appoint a commission to negotiate a swap of land so that the river may again be the actual boundary line between the States.

Schoolchildren are taught that Iowa is bounded on the west by the Missouri river. The maps bear out this statement, but the map makers have not been on the ground lately.

If they had been, they would have discovered that in the last year the Missouri had been busy adding some of the State of Iowa to its west bank and a part of the State of Nebraska to its east bank.

Every few years the river forsakes a part of its old channel and seeks a new one.

Four years ago Nebraska and South Dakota had to do a lot of reconstructing of the State line, and Nebraska lost several hundred citizens and some fifty farms, but came near getting the city of Yankton in return.

A little time before that Nebraska and Missouri got in the Federal Supreme Court over a question of jurisdiction over an island in the river opposite Nemaha county, Neb.

The river cut off a section of the county and made an island of it, placing it close to the State of Missouri line.

The newly made islanders protested against being so suddenly transformed into Missourians, and persist yet in voting in Nebraska.

WILLOW BUNCH RANCHER FROZEN

Lost in Storm While Looking for Horses, Alexander Allen Loses His Life.

MOOSE JAW, Feb. 14—Alexander Allen, a Willow Bunch rancher, was found yesterday frozen to death one mile away from his home. It is supposed that he was looking for his horses when he was caught in a storm and lost his way. The deceased came from Dakota about two years ago.

MAYOR ASHDOWN WELCOMES W.C.I.A.

Annual Meeting of Western Canada Immigration Association Held in Winnipeg.

(Special Despatch to The Leader.)

WINNIPEG, Feb. 14.—The annual meeting of the Western Canada Immigration Association was held in the Board of Trade Room this forenoon, William Georgeson, first vice-president, in the char.

Mayor Ashdown, on behalf of the city, extended a welcome to the members, and expressed his high appreciation of the work of the association, assuring them that the citizens would co-operate in the work financially and otherwise. Mr. Georgeson delivered an opening address and read letters from President D. W. Bole and Western Vice-President C. W. Rowelly, William Trant and others in Alberta and Saskatchewan regretting that they could not be present.

Following this the reports of the secretary and treasurer were read and recommendations by the secretary were read and adopted. The cash statement showed a balance at the beginning of 1906 of $3,161.99; outstanding cheques at same date, $1,549.84; receipts, $21,068.62; total for the year, $25,780.45; disbursements, $22,862.10; balance, December 31, 1906, $2,918.35.

THE LAKE COBALT CO.

The Lake George Cobalt Silver Mining Co., who are offering stock at par, has two claims, one on the north and the other south of Clear Lake. On the bottom of the latter, as is well known, a fine vein of native silver was located last year by Col. Gordon, the mining expert. The vein is regarded as a remarkable one, and it is believed that this and other veins run through the Lake George Company's claims. The claims adjoin the famous Hudson's Bay property, which has made such rich returns to its owners, and the Cleveland-Cobalt mine, which is putting in what is claimed to be the finest equipment in the camp. It is understood that arrangements are being made by the Lage George Company to secure power from this plant to work their claims. The capitalisation of the new company, $600,000, is a modest one, considering the fine situation of the properties and the indications of the mineral wealth which they bear.

KAISER PREFERS AUTOS.

German Monarch Discarded Horses—Goes Down Side Streets.

BERLIN, Feb. 14.—Emperor William has now almost entirely discarded the use of carriages in favor of automobiles, and it is very seldom that he is seen out driving. When driving the Kaiser generally determines beforehand through which streets he desires to go, as he frequently has some certain purpose in view, such as the inspection of new buildings.

This to a degree accounts for the selection of side streets instead of main thoroughfares for the route taken. His chauffeur is also careful to avoid streets in which tramcars run, as the Emperor has expressed the desire that traffic should be as little hampered as possible by his coming. Nevertheless, the peculiar long-drawn horn signal which heralds his approach is frequently heard in Unter den Linden, and never fails to attract crowds of sightseers.

Meantime "all the King's horses and all the King's men" in the imperial stables are comparatively idle, and filled with envy of the newcomers, the automobiles.

DRIVEN INTO BANKRUPTCY.

Railroads Discriminating Against Independent Grain Dealers in Illinois.

(Associated Press Despatch.)

SPRINGFIELD Ill., Feb. 14.—Independent grain dealers throughout Illinois are being driven into bankruptcy through the failure of the railways to supply freight cars, according to a story told before the House Committee on Railroads by country elevator men. They made charges that favored shippers were receiving discriminations in allotment of cars as a result of which smaller dealers were being throttled, their supplies rotting in bins, and their contracts being cancelled, all for the lack of proper transportation. Remedial legislation is sought.

BLASTING REVEALED ORE.

Rich Discovery of Silver Accidentally Made at Thunder Bay.

(Special Despatch to The Leader.)

PORT ARTHUR Feb. 14:—An exceedingly rich silver discovery has been made in the famous Old West End Silver Mountain mine at Thunder Bay. The richest deposit of silver ore found since the reopening of the mine was made Monday as a result of blasting operations. The ore is of high grade.

Bureau Sworn In.

(Special Despatch to The Leader.)

OTTAWA, Feb. 14—Mr. Jacques Bureau, M.P., for Three Rivers, was sworn in as Solicitor-General by Lord Grey at Government House at noon today. Mr. Burreau was accompanied by Sir Wilfrid Laurier. The position of Solicitor-General has been vacant since Hon. Mr. Lemieux was promoted from the office to be Postmaster-General.

Tenders for Transcontinental.

(Special Despatch to The Leader)

OTTAWA, Feb. 14—The time for receiving tenders for the construction of five sections of the transcontinental railway was up today. Eighteen tenders were received. It is said that the G.T.P. have tenders in for all five.

Dollars for Wolves

As the result of a special appropriation made during the last session of the Provincial Legislature, the Department of Agriculture is offering $1,000 reward with a view to encourage the killing of the wolves which are such a tax on the sheep, poultry and cattle industries and so destructive to the game birds and large game in northern Saskatchewan. The principal prize is that offered for the greatest number of brush or timber wolves killed by one person, viz., $150, while three prizes of $100 each are offered for: 1st, greatest number of coyote skins shipped; 2nd, greatest number of brush or timber wolf skins shipped; 3rd, greatest number of coyotes killed by one person. Smaller prizes bring the total number offered to fifteen. Applications for any of the prizes, accompanied by the necessary proofs as set forth in the conditions published by the Government, must be received by the Department of Agriculture previous to 10th of April, when the prizes will be awarded.
