Departmental Stores

## A Word to Visitors to the Fair

Before another year's Fair comes around, we expect to be doing business in the largest and most up-to-date Store in the Province-or west of Winnipeg. We intend to make this Store the best and most satisfying place where you can send your orders. A glance will show you the increased facilities we shall have.

Possibly you will find our present rather cramped quarters less trim and tidy than usual. We're making a supreme effort to reduce Stocks in all Departments to the lowest possible level before we move in September. Sale prices, large reductions rule throughout the whole Store.

If you are here to buy Goods of any kind you can save on almost anything you want. At any rate pay us a visit. Possibly we can do business later.
