MR. SHACKLETON
MAKES REPLY

And Incidentally Takes a Round or Two Out of His Chief Traducer.

The Board of Works met yesterday afternoon and prepared the report which the Council would have none of. The city engineer was present at the meeting and had written out answers to all the complaints. The answer to the original complainant was charmingly frank. It ran as follows:

"As to the dishonorable and unmanly statements made to traduce my professional reputation by certain apparently subsidized off-scourings of a not too morally clean American city; for the fact of the fact is, they might gleam by their venom and vituperation, I have nothing more to say than that Chatham mud is as snow by comparison, and they ought never to be tolerated upon the clean soil of Canada. May they return to their wallow."

FOR THE GRIP

You Have Heard of Many Remedies—Did You Ever Try This One?

Everybody you meet on the streets nowadays either has just had the grip coming down with it or has a sure cure for it.

The disease has been a puzzle to physicians ever since its appearance several years ago, and it is as much of a puzzle today as it was then. It exhibits such a variety of symptoms, in different individuals and leaves such disastrous results after apparent recovery, that as yet its prevention and cure has baffled medical science.

However, there is no doubt but that the grip is catarrhal in character, and the leading symptom in nearly every case is increased secretion in the head and throat, which the first indications of la grippe are those of a cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Dyspepsia Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

The catarrh tablets are antiseptic and harmless and prevent fever and the further development of grip germs and ward off the ever present dangers of pneumonia.

Dr. Gerald Simpson says: "I have found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for the grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if freely used during the first few days of the attack will break it up."

La grippe is a catarrhal affection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Tablets will prevent any serious results.

McLaren's Extracts and Powdered Jellies will be demonstrated at Thos. Stone & Son's dry goods store on Tuesday, 26th, and all the balance of the week. Call and try them. 7c.

AT THE THEATRE.

At the Grand to-night Albert Armstrong, of Boston, will furnish the fourth number in the Lyceum Course, presenting his famous illustrated recital of J. M. Barrie's great story, "The Little Minister." Mr. Armstrong has this season the reputation of presenting in this play and in "Beside the Bonnie Brier Bush," his other program, two of the best evening's entertainments offered by anybody, and a crowded house will greet him to-night. He was at Massey Hall, Toronto, last Saturday night, and yesterday's Mail and Empire saga concerning him.

A large audience assembled at Massey Hall on Saturday, to hear Mr. Albert Armstrong's pictorial recital, from Ian MacLaren's beautiful story, "Beside the Bonnie Brier Bush." Mr. Armstrong has a good stage presence, and an excellent voice. He read two of the most interesting sketches in the book. "For Conscience Sake" and "A Doctor of the Old School," in a graphic and sympathetic manner, that drew from the audience repeated applause. The effect of the picture was materially added to by a number of excellent colored views from photographs of Drumtochty and some of Dr. Watson's principal characters, taken by Mr. Armstrong during a recent visit to Scotland. 6dlw

Albert Armstrong, the Boston entertainer, came on from Toronto at noon. Mr. Cairns claims that "The Little Minister" performance at the Grand to-night will be one of the very best numbers in the Lyceum Course.

Albert Armstrong who appears at the Grand to-night in "The Little Minister" was in Montreal last Friday. Saturday's Gazette says:—

"The pictorial recital of 'Beside the Bonnie Brier Bush' by Mr. Albert Armstrong, of Boston, drew a large and attentive audience last night at the Windsor Hall. The pictures were not only admirable, but Mr. Armstrong told the story with a measure of quaint humor and appreciative pathos that was delightful and affecting. Above all, he entered as heartily into the mannerisms and the dialect of his characters as if he had spent the best of his life among the downy people of Drumtochty, whom he described so lovingly and faithfully. The entertainment was not only delightful, but instructive."

"We were very much pleased with the design you sent. It was beautiful and appropriate." The Victoria Ave. Green Houses receive such words of commendation every day. Telephone No. 181. 1c

The Grand Trunk Railway system announces that their special fast train service between Toronto and the summer resorts in Muskoka and Georgian Bay, will, for the season of 1901, be operated northbound from Saturday, June 15th, until Saturday Sept. 28, inclusive, and southbound from Monday, June 17th, until Monday Sept. 30th, inclusive. This is several weeks longer than usual, but each year it is found that the residents who are served by this extra service are extending their visits, and they will doubtless appreciate the continuance of the special service during the whole of September, which is one of the most attractive months of the season.
