ARDENT LOVE OF A WOMAN

It is Said to Have Lured Prof Geo. D. Herron From Home.

New York, April 26. - Rev. Dr Newell Dwight Hillis, pastor of Ply. mouth church, in a public statement explanatory of his refusal to meet Prof. G. D. Herron at the Get Together club Monday night, asserts that it is not based upon Herron's socialistic position, his criticism of the church, position, his criticism of the church, or his anti-imperialistic views. While opposing him in each of these he grants liberty of opinion to Herron. Dr. Hillis boldly charges Prof. Herron with being a coward or monster in character. He says:

"Consider the conceded facts in the case."

"Consider the conceded facts in the case. This man marries a young woman, and is the father of four children, almost babies; forms a friend-ship with a young unmarried woman from whom he accepts money to buy his clothes, hats, shoes, and travelling expenses; against his wife's protests goes abroad with this woman friend and her mother for a year; returns to tell his wife that he has ceased to love her, but loves another, and persistently urges his wife to obtain a divorce. "This man's spokesman and bosom friend in New Haven justifies the father's desertion of the four children by saying the woman friend gave the wife \$100,000 to give her husband up to her. Mrs. Herron's friends assert that the amount paid was only \$60,-000.

Have a care, man, what you say, For, no doubt, she's cleaned three closets On this pleasant April day.

A lazy liver may be only a tired liver, or a starved liver. A stick is all right for the back of a lazy man. But it would be a savage as well as a stupid thing to beat a weary man or a staying man because he lagged in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninetynine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body whose overans an ill-nourished body, whose organs are much overworked. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working or-der, and see how quickly your liver will become active and energetic. Dr. Pierce's Golden Medical Discovery has made many marvellous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumula-tions, and so relieves the liver of the burdens imposed upon it by the de-fection of other organs.
