

YOUNG CANADA'S BIRTHDAY.

How Loyal Hamiltonians Celebrated Their Country's Anniversary.

GLORIOUS WEATHER IT WAS.

Picnics, Excursions and General Enjoyment on Every Hand.

L. P. B. S. AT LORNE PARK.

The House of Providence Demonstration at Dundas—S. O. E. at Alameda Park—Barnes' Crews—Spent the Canada's Long Branch—Other Amusements.

YOUNG Canada had a jolly time of it on Saturday. There could not have been better weather for the enjoyment of picnics and excursions and the populace seemed bent on taking all the enjoyment possible out of the occasion. The Times gives the merest generalization of the many sports of the day of general pleasure which marked the 25th anniversary of Young Canada.

L. P. B. S. at Lorne Park. The annual Dominion Day excursion and picnic of the Irish Protestant Benevolent Society of this city took place on Saturday at Lorne Park. The steamers Modjeska and Macassa carried about four hundred picnickers to this very charming resort, and as the first boat arrived at 10 a. m. and the last left at 10 p. m., those who attended had every opportunity of spending a long day. The park was in excellent condition and few pleasant resorts could be found around Lake Ontario in which to hold a picnic. Promenading the magnificent avenues or lounging along the grassy expanse on the lake front the Hamilton party spent a delightfully quiet and pleasant day. Upon the recreation grounds football and baseball furnished considerable amusement for young people and in the dancing pavilion Knagg's orchestra whirled away the hours for the lovers of the dance. There were no mishaps to mar the pleasure of the excursionists and the last contingent of pleasure-seekers arrived in the city about midnight, very tired, but unrepentant in voting the outing an entire success.

The officers of the L. P. B. S. who had charge of the excursion arrangements were President Wm. C. Johnson, Vice-President W. O. E. Callaghan, Messrs. John McKenna and C. Elliott.

Sons of England Picnic. The H. & D. Railway carried over four hundred people to Alameda Park on Saturday. The picnic and games of the Sons of England Lodge, No. 119, B. O. E. B. S. was the attraction. The picnic baskets were a prominent feature of the day, the swings were kept fully employed by the younger people, and dancing in the pavilion was enjoyed by many. Voliak's quadrille band supplied the music and Mr. Voelker was floor manager. The following games were run off:

100 yards smoking race—1st J. Kelly, 2nd C. Hanson, 3rd J. Glebe. 75 yards girls' race—1st Emma Dowling, 2nd Minnie Marshall, 3rd Eva Hay. 100 yards boys' race, 1st and under, juvenile Sons of England only—1st Harry Clayton, 2nd Gilbert Church. 100 yards race, open—1st J. The croquet match between the Hamilton Sons of England Club and the Brantford Club was won by the visiting club by a score of 11 to 100. The detailed score is given in the sporting column. The picnic was one of the most successful ever held at the park. The committee presided at Mr. John Oberlin (Chairman), Mr. Geo. H. Treasurer, Mr. L. Copley (Secretary), Messrs. A. Blakemore, G. Jones, J. Hall, M. B. Skadden, J. Riviere, W. Lane and S. Poek. Mr. Golding had his watch stolen during the game. Mr. Green got a nasty crack on the eye with the ball. His face was very much discolored and swollen.

Clive's Park. Mr. C. J., the proprietor of this pleasant summer resort, had a great many city and Dundas visitors on Saturday. The grounds were in splendid condition, and many were the family groups that picnicked in the grateful shade of the trees.

House of Providence Picnic. The celebration held annually in aid of the House of Providence, Dundas, is always held on a splendid day. On the lawn in front of the building were located four refreshment tents, presided over by fair ladies belonging to the several societies of the House of Providence. The refreshment tables were liberally patronized throughout the day. Hot tea and coffee, cream, ginger pop, cake, strawberries, cherries and such like were disposed of at reasonable prices and more attentive waiters never served the public. Ready girls moved through the crowd selling hot-buns, cigars, etc., while others carried grab-bags and disposed of tickets for drawings to take place later on. The names of the ladies in connection with the several societies are: St. Agnes's table—Misses Galligan, Graham, Mahony, Keal, Traut, M. Gallagher, Buchanan, Beattie, Cumack, S. Coleman, Shyne, M. Colman, Bunting, Kelly and N. Conroy.

The latter four had charge of the fish pond and candy table. Miss J. A. Cady was secretary. St. Mary's table—Misses Polly Haste (Treasurer), Sadie Welsh (Secretary), Elaine, Galvin, Burns, McCarthy, Honessay, Taylor, Camion, Blake, Walsh. St. Patrick's table—Misses Lizzie Henry, Ellen Lovell, Mary Beila, Mary Shaughnessy, Mary Donohue, Nellie Queen, Sarah Knight, Minnie Staunton, Bridget McCarthy, Minnie Meehan, Annie Murphy, Annie O'Connell, Sullivan, Jessie McDonald, Mary McCarthy and Annie Honessay. St. Lawrence table—Misses Annie (Phillips), Winnifred Stevens, Bridget Clarke, Annie Clancy, Jessie Harty, Sammie Cotton, Elmer Mulvale, Maggie Warren, Annie Mahony, Annie McCarthy, Maggie Yorrel and Mary Faxon.

These ladies are to be congratulated upon the amount of business done by them during the day. The earnestness which characterized the actions of all the young folk in helping to raise money for the institution was most commendable.

THE GAMES. Under the shadows of the fine old trees at the bottom of the hill the games took place. They were under the direction of Mr. Collins, ex-Chief of Police, and Mr. W. A. Ward, and they did these work well. There was no dragging. All the events were run off like clock-work, not a hitch taking place throughout. The entries were numerous and the contests keen. HE first annual drill competition of Public school cadets took place in the Drill Hall on Friday afternoon, and was witnessed by a large number of teachers who evinced a very keen interest in the work of the pupils. The judges of the drill were Lieut.-Col. Hon. J. M. Gibson, Lieut.-Col. Van Wagner (H. F. B.), Majors Moore, McLaren and the principal teachers. The drill consisted of forming files, squares, deploying to the right and left, marching and counter marching, etc. Even the tall-enders in the company were through their work with a precision and effectiveness that would have opened the eyes of some of the red coat companies of the 13th.

The first company to take the floor was that of the Cannon Street School, the drill instructor being Mr. J. M. Gibson. The officers from the hundreds of small boys who overran the hall. Ryerson School Company No. 1, then marched on and its work soon gave it a "fair-thing" on the coveted "Honor" list. The drill consisted of forming files, squares, deploying to the right and left, marching and counter marching, etc. Even the tall-enders in the company were through their work with a precision and effectiveness that would have opened the eyes of some of the red coat companies of the 13th.

THE drawing for prizes took place on the platform. The tickets each time were placed in a bag and shaken up. A small boy about 5 years of age stood on a chair. He would put his hand in the bag and take out a ticket; the lucky number was then announced. The prize drawing and winners were as follows:

Its object was to receive and give shelter to the destitute and homeless, irrespective of creed or nationality.

NOTES. The clergymen present were Rev. Father Madigan, of Dundas; Brady, of Hamilton, and Burke, of Oakville. Among the prominent people on the grounds during the afternoon were Messrs. Thos. Bain, M. P.; Dr. Stutz, Greenvalley; Dr. Smith and A. F. Pirie, Dundas. Mgr. Homan was not present, being called away to conduct a confirmation service at Cayuga.

The 77th Battalion Band played a splendid programme during the progress of the picnic.

HAMILTON BEACH. The oldest resident on the Beach declares that never in its history were so many people at one time there as were seen during the afternoon of Saturday last. Every train going north was crowded, and everybody was found in parties on the beach, as provided by the railway company. The yacht race was an attraction. Hundreds paid friendly visits to their relatives and friends at the cottages or went on fishing excursions; hundreds spent the day with the campers or enjoyed themselves picnicking on the lake shore, allowing their children to paddle in old Ontario's placid waters.

The steamer did as large a business, and on every homeward trip scores were left standing on the piers, being unable to get on board owing to the crush. The Modjeska and Macassa also brought hundreds down to the canal, and "banded in" bringing home those who could not get accommodation on the Macassa. A gentleman who ought to know says that over 15,000 people were on the Beach during the afternoon, and a leading railway man affirms that the Grand Trunk never before carried as many people to the Beach in a single day as it did on Saturday.

THE new pavilion was opened, and attracted great crowds in the afternoon and evening. Prof. Durston's famous American dog circus was the attraction, especially among the juveniles. Mr. Josh M. Chapman is the manager of the pavilion. A band supplied good music.

THE Grand Trunk Railway. Besides the thousands carried to the Beach the Grand Trunk carried a great many people to points at a distance. The liberality of the company in advertising a half-rate rate was largely taken advantage of by Hamiltonians.

THE WEATHER. The probabilities for the next 24 hours are: Moderate winds; fair weather; a little lower temperature; local showers.
