FRENCH DRY CLEANING

I am handling the agency for
the National Dry Cleaning Ltd.,
of Moncton, N. B. They clean
by the french dry cleaning process,
all kinds of ladies and gentlemen's
clothing and household articles
that cannot be washed in water,
and guarantee them to be just as
clean as new. They also do
dyeing in black and navy blue and
guarantee those colors to be sat-
isfactory.

When articles of clothing are
soiled or faded do not throw them
away, get the habit of being eco-
nomical, have them made as
good as new. I am shipping
every week and can ship your
goods as late as Wednesday and
have them back for Saturday, de-
livery satisfaction guaranteed.

WELL QUALIFIED FOR POSITION

Professor McKnight Appoint-
ed to Chair of Electrical
Engineering, Nova Sco-
tia Technical College
Has Splendid Record

Professor William F. McKnight,
who has lately been appointed in the
chair of electrical engineering in the
Nova Scotia Technical College comes
well qualified to fulfill the duties
of his new position. He was born in
Doughlastown, N. B., of Scotch Pres-
byterian parents and received his
primary education at Harkins Aca-
demy, Newcastle, and the Provincial
Normal School, Fredericton, gradu-
ating from the latter institution
with a first class teacher's license
for New Brunswick. He spent two
years in the shops of the Robb Engi-
neering Co. at Amherst and entered
Mt. Allison University in 1905 for
the first two years of a science
course. At this time Mt. Allison
had just become affiliated with Mc-
Gill so Prof. McKnight went there
to complete his course. He received
the degree of Bachelor of Science
in Electrical Engineering in 1909
graduating with high honors in Ther-
modynamics and Electrical Engi-
neering Lab. work, taking first prize
for his graduation thesis. He spent
four years with the Canadian Gener-
al Electric Co. in Peterborough, Ont.
taking up their two year practical
testing course and spending some
time in their Engineering Depart-
ment doing special work on trans-
former design. During this period
he had responsible charge of the
testing of the large generators at
Niagara Falls, among the largest in
Canada.

Prof. McKnight then transferred
to the Northern Electric Co., Mont-
real, as cable sales engineer, cov-
ering Eastern Canada and after-
wards Ontario. He was engaged in
this work five years, during which
period installations on a very large
scale were made. He gave up this
work to organize an educational de-
partment for the company in man-
ufacturing, telephone engineering and
salesmanship. This was the most
extensive programme taken up by
any commercial concern in the Do-
minion. Prof. McKnight's appoint-
ment, which was made this sum-
mer is part of a general scheme to
make the Technical College the
equal of any Engineering Institution
in Canada.

1 1/2 MY WHOLE LIFE

was spent in trying to cure an
ulcer by using ordinary ointments,"
writes Mrs. Jeffrey, of 21 French
Street, Methuen. "Then I heard
of Zam-Buk, used it, and am now
completely cured."

"Thirty-three years ago the ulcer
appeared on my ankle, and gradu-
ally spread to my knee. The
pain was terrific. For years I could
hardly walk and had to remain in
the house. For twenty-five years
I received doctors' treatment but
got only temporary relief."

"Then I heard of some wonder-
ful cures worked by Zam-Buk and
commenced using it. The relief
I experienced was wonderful. The
inflammation was gradually drawn
out. The pain was soon ended,
and, at last after thirty-three years
of misery, I was on the road to
recovery. To cut a long story
short—perseverance with this
wonderful balm resulted in a com-
plete and permanent cure."

Zam-Buk is also unequalled for
eczema, ringworm, abscesses, boils,
blood-poisoning, burns, scalds, cuts,
and all skin injuries. All drug-
gists or Zam-Buk Co., Toronto,
Sec. box, 3 for \$1.25.

Zam-Buk

THE HOME-TOWN PAPER

It is a notable fact that with all
the wonderful things that have been
written about the so-called "coun-
try newspaper" very few of them
realize all their possibilities, or what
an influence they are in the world.

It is also a notable fact that very
few of the readers of those papers
realize what a loss it would be to
them and to the world if the coun-
try paper should cease to exist.

The large papers, with immense
circulations tell of "world happen-
ings" as they understand them, and
display heads telling of the latest
scandals, prize fights, and the mis-
fortunes of humanity.

But, it remains for the "local
paper," the "country weekly," the
"home town paper" to really give
the news of the world, or that of
Mr. Common People and his wife.

It is time that the country new-
spaper should do something to place
itself on a higher plane, and also
make some noise. Just one paper
to start something would not amount
to much, but if the 15,000 country
papers would join the chorus, a
noise that would go around the
world would be the result.

Some time ago I was going
through some trade paper, or bulle-
tin of a state press association, or
something of that kind, and noted
that somebody wrote that it might
be a good idea to have a "Subscribe
for Your Home Town Paper Week"
I smiled at the idea at first, but
some way the idea stuck, and then
I started to find out who originated
the idea, but the paper was lost.

The publisher who thought of the
idea just let it go at that, but I de-
cided that it was so good, that it
should not die, so at once asked all
the trade papers, printers' maga-
zines, and the great printers' supply
houses what they thought of the
idea.

The result was that everyone
wrote that the idea was just the
thing, and by common consent it
was decided that the week of Nov-
ember 7 to 12 be adopted as the
week to be known as "Subscribe for
Your Home Town Paper Week."

It is now up to the newspapers of
the country, the home town papers,
to see the wonderful possibilities of
such a week, where in every local-
ity readers will be asked to sub-
scribe for the other fellow, to print
item after item about this and that
kind of a day or week—the time
has come for it to boost and blow
its bugle for itself, to print several
columns about itself, and all home
town papers, to put on a campaign
of publicity, and take advantage of
what other parts will do.

In other words, throw its hat in-
to the ring, and put up a fight that
will get it somewhere instead of
sitting on the side line and hollerin'
for the other fellow.

Here are some items that the
country newspaper can use, which
as suggestions will lend them-
selves toward writing other items along
the same line, or making
display advertisements, or circulars.

"Subscribe for Your Home Town
Paper Week," is the second week in
November, 7th to 12th. If you don't
take the home town paper, subscribe
then. If you do take it, renew your
subscription then.

News your friends forget to write
to you: news about the folks you
are interested in: the current his-
tory of your native town: it is all
in Your Home Town Paper. Sub-
scribe to-day.

If you think there's nothing in
patriotism, just try to knock a man's
home town! It's a fine way to start
a fight. The folks at home are big
folks to you. Read about them in
Your Home Town Paper.

Maybe the ol' swimmin' hole is
dried up—maybe it has become the
lily pond in a beautiful park. Any-
way, it's the centre of things around
which your memories gather. And
your Home Town Paper still prints
the news of the ol' swimmin' hole
all times to receive items of local
interest and general news value, but
all such items must be signed by the
person sending them in. While the
name is not for publication, unsig-
ned matter will not be used.

Reading The Cups

In reading tea leaves in a cup a crown is in-
terpreted as honor, news or misfortune, many car-
ved twisted lines vexation and loss—ill omens offset
by the appearance of squares which are supposed to
be harbongers of peace and happiness, just like

Blue Bird Tea
