Rotten Bridge Causes Serious Accident.

Dear Sir—It is not very often you hear from Old Perlickan, but it is most likely you will hear from there often in the future. Lots of things take place here which time and space will not permit me to report this time. One matter I must mention. We came near losing our doctor a few days ago while he was going on a sick call on horseback. His horse went through a rotten bridge and fell. His head struck the ground and his mouth was badly cut. The doctor was thrown some distance and the horse galloped away. A gentleman passed that way and saw Dr. Pickard lying prostrate by the side of the road, partly covered with blood. Assistance was obtained and the doctor escorted to a friend's house, where he was well cared for and soon brought to consciousness again. Rev. Mr. Ward hearing of the accident was soon on the spot to render all the aid the doctor needed, whether spiritual or temporal. Dr. Pickard is a plucky man. He did not give up for a trifle. He made the best of it. Rev. Mr. Ward offered to provide a horse and carriage to take the doctor home, but he refused as he wanted to keep the matter quiet for the time. News of the accident was kept from Mrs. Pickard until the worst was over. Dr. Pickard is much liked, and when people heard of the accident there was much excitement, and the topic of the day was "How is our doctor?" We were told some time ago that a man was getting a salary from the Government to look after the roads and bridges. If it is so, he keeps a long distance from this place, as we never see him here. If there should be one, I hope he will come around

some bright day, it would give some one a chance to get a snapshot of him. There was much excitement here a short time ago over the landing of an agricultural bull. I think it would be more beneficial to these settlements if the Government would send round a good lot of ammunition and give the constable orders to kill off the dogs that are swarming around here and have destroyed whole flocks of sheep. I am sorry to say. Some little places which have destroyed all their dogs have been visited by brutes from other places and cleaned it out. I think sheep raising is a most beneficial industry for our people, and we have got to suffer such misfortunes for the sake of others.

Laid Up With Lamé Back

Pain, helplessness and suffering are overcome by DR. CHASE'S KIDNEY-LIVER PILLS. Mrs. Frank Bloom, Hardwood Lake Ont., writes: "I want to tell you of the great benefit I found in the use of Dr. Chase's Kidney-Liver Pills. I suffered so badly with kidney disease that when I lay down I could not get up without help. I was completely laid up with lamé, aching back. I read about Dr. Chase's Kidney-Liver Pills in the almanac, got them and they cured me of kidney disease and backache. My husband had dreadful pains in his sides and obtained cure by using Dr. Chase's Kidney-Liver Pills. These pills are the best on the market and I am glad to recommend them." Dr. Chase's Kidney-Liver Pills are definite and certain in action, enliven the liver and bowels as well as the kidneys, are largely beneficial and economical. But to obtain these results you must get the genuine Dr. A. W. Chase's Kidney-Liver Pills. One pill a dose, 25 cents a box, at all Dealers, or Edmondson, Bates & Co., Toronto.

Children Go Astray. A little girl named Belle Wickham, aged 7, was reported missing to the police by her mother last evening. Her parents were very anxious about her, but she was later located in the Prince's Rink and sent home. A boy named Healey, of the West End, son of Mr. J. Healey, was reported missing to the police station at midnight, and the police were instructed to keep a lookout for him. Up to 10 a.m. to-day he had not put in appearance and his parents are in a great state of suspense over his disappearance. He is known to have attended 9 o'clock Mass at St. Patrick's Church yesterday, but where he went after that is a mystery.

Broke \$4.00 Glass.

A drunk passing down Duckworth Street at 6 p.m. yesterday fell through a large pane of glass, worth \$4, in the window of the East End Post Office. He then vanished and could not be located afterwards. Mr. P. Hanley put in a new pane of glass there.

RETURNED TO NEW YORK.—Mr. Alex. Byrne, brother of Detective Byrne, returned to New York by the express yesterday. He intended to go to Bell Island to join the Regulars but was taken ill.

The Exhibition. Prizes Awarded.

Samuel Bowcock, Topsall Road, first prize; Samuel Ruby, Short's Road, Topsall Road, second prize; Mount Cashel Orphanage, third prize. The butter, cream, oats and hay were also inspected by Mr. Moore, the judge, and the prizes awarded. The prize list will be published in our next issue. In speaking to the Telegram reporter said he was highly pleased with the oats and hay, but the barley on the whole was not up to a corresponding standard.

CATTLE SHOW TO-DAY. The live stock exhibition and inspection began this morning in the grounds to the west of the Rink, where the scene was a very lively one. The mettlesome horses decked out with ribbons in their manes pranced around in the area in lively manner. The animals which were inspected one by one and all their points of merit carefully examined, included blood mares and foal colts, stallions, truck horses, carriage horses, plough teams and ponies, local and Sable Island. There were four of the latter, which are hard looking, storky little beasts. This exhibition seemed to please the horse lovers very much, judging from the fact that about 1,000 men stood around in the cold raw east wind watching eagerly till all was over. The number of cows, bulls and heifers was also large and included some admirable looking animals. There were Jersey, Ayrshire and short horns in great variety of age and size. The work of awarding the prizes must be very difficult, there were so many animals that to the ordinary observer would appear to be entitled to a prize.

THE POULTRY. The show of poultry is one that everybody visiting the Rink is surprised at. There is a very large collection and double the room that was originally provided for this exhibit had to be made in order to take all the birds that were sent in. Those who had seen poultry exhibitions in other cities declared that ours was equal to the best. The varieties included Brahamas, Leghorns, Wyandotte, Plymouth Rock, Black Spanish, in the cocks and hens, and Aylesbury, Pekin, Bantam, in the stock of ganders and geese, ducks and drakes. The procession of truck horses took place at 3 p.m. along by the east end of the Rink, where the judges viewed them. The prizes in the poultry show will be awarded this evening. The loom and needlework, etc., which was all displayed at the west end of the Rink the past two days, was assorted this morning and every exhibit hung up over the exhibits of the particular district to which it belonged. The inter-district competition also takes place to-day.

All old people suffer from attacks of sudden exhaustion, weak heart action and prostration. The best aid in such cases is Ferravalin, the invigorating tonic which is prepared from fresh lean beef, citrate of iron and pure old Spanish Sherry Wine. Stimulates the digestion and strengthens the whole body. \$1.00 a bottle.

Marine Notes.

Tinsmiths' Strike Discussed.

In their rooms at the Star Hall last night the representatives of all the Unions met at the invitation of the Longshoremen's Union and discussed the strike that should be taken by them in the strike of the tinsmiths. Presidents McGrath (L.S.P.U.), Gough (Carpenters), Cooney (Coopers), Colbert (Tellers), McAllister (Firemen), Murphy (Truckmen), Boone and Wheeler (Shipwrights), D'Keefe (Bricklayers) and Ruby (Tinsmiths) were present. The matter of the strike was thoroughly debated and the result was the expression of the opinion that after the members of the various Unions discuss the matter they will determine to help the striking tinsmiths and extend necessary financial aid. Mr. Ruby announced that only 15 men were now out, but unless their demands were complied with they would not return to work. It was decided to hold a Union card tourney Friday night in the Star Hall for the benefit of the striking tinsmiths.

Makes Hair Grow

McMurdo & Co. have an invigorator that will grow hair or money back. The time to take care of your hair is when you have hair to take care of. If your hair is getting thin, gradually falling out, it cannot be long before the spot appears. The greatest remedy to stop the hair from falling is SALVIA, the Great American Hair Grower, first discovered in England. SALVIA furnishes nourishment to the hair roots and acts so quickly that people are amazed. A large bottle for 50c, 6
