Meth. School Report.

We have before us the report on Methodist Schools for last year. Rev. Dr. Curtis expresses gratification at the percentage of enrolment on the school registers of the Methodist population. It reaches 22.65 per cent, which he shows is higher than the percentage in several of the provinces of Canada, and also of the United States, although there is no legal compulsion in Newfoundland for school attendance. He also sets forth the progress obtained by Methodist schools at the C.H.E. examinations form 42.28 per cent. of the whole number. On salaries, he offers the opinion that younger and lower grade teachers are paid reasonably, but that the experienced and higher class of teachers "are very inadequately remunerated for the heavy and responsible duties which devolve upon them." There is much force in the comments of the Superintendent on this matter.

Supt. Curtis dwells at length on the great problems which is so severely felt in Newfoundland. He reports that 70 teachers have withdrawn from Methodist schools during the past year. "A limited number may, probably will, resume teaching at some future time, but the great majority have definitely left the profession." He points out that this problem faces other countries and that in many an adequate supply is lacking to carry on the work. The problem will have to be faced. "Fresh while any steps, practicable and reasonable, within the limit of our resources, calculated to increase the attractiveness of the profession, should be taken, and taken speedily."

As to the Domestic Science School, managed by the three Superintendents of Education, he reports "it is doing splendid work." Pupils are drawn from all the lady colleges, pupil teachers having the right of way. In view of the value of a course in Domestic Science, this small beginning should speedily expand into a much more pretentious and useful institution.

Dr. Curtis also draws attention to

the importance of Medical inspection in schools. He is of opinion that if parents were alive to its importance, the demand for it would be irresistible.

Channing's Drug Store

Mr. W. F. Scott, druggist, late of Bonavista, who has had thirty years experience in the drug business, has assumed charge of Channing's drug store and entered on his duties July 1st. We have no doubt Mr. Scott will continue to successfully carry on the business built up by his late friend and co-worker, and will be pleased to meet all his old friends as well as new ones at the old stand, 145 New Gower Street.—adv.11

Good Trip With Herring Bait.

Capt. Walter Kennedy, who recently put into Holyrood for caplin bait, and took herring bait instead, owing to the scarcity of the former, as previously referred to by the Telegram, arrived at Caplin Bay a few days ago with 200 quintals for 5 days fishing. Capt. Kennedy, it will be remembered was waiting at Holyrood for caplin when a large quantity of herring were taken, the largest for many years. Having on board only a few barrels of caplin, and the prospects looking none too bright, he took a supply of herring and proceeded to the Grand Banks where he met with success as already mentioned. Captain Kennedy took a supply of caplin on Monday last, and sailed again for the fishing grounds.

Entertainment at Canon Wood Hall

The concert and entertainment to be held at Canon Wood Hall to-night promises to be an enjoyable affair. An excellent programme has been prepared, and will include vocal and instrumental selections from our most talented performers. In addition there will be a large number of "The Peace-maker," which, in itself, should attract a large audience. The proceeds of the entertainment will be in aid of the funds of Queen's College, and in view of the object we bespeak for the performers a liberal patronage from our concert-goers.

Kelly, J. Cashin, R. S. Hecker, W. Bindon and E. J. Myers.

ROD AND GUN.

Rod and Gun for July, published by W. J. Taylor, Limited, Woodstock, Ont., is out with a very striking cover design, an Indian shooter in full regalia, to the ordinary reader suggestive of a vanished race, to the trap-shooter a reminder of the annual "Canadian Indians' Tournament" at Niagara-on-the-Lake. Within the magazine is contained an account of the recent Grand International Tournament at St. Thomas, Ont. For the sportsman, tourist and lover of the out-of-doors, there is an interesting bill of fare which includes:
A Canoe Trip from Lake Temiscaming to Lake Abitibi, an article on Newfoundland, the Sportsman's Paradise; the story of "An Off Week" on the outskirts of Jasper Park, Alta.; Reminiscences of Fishing in Rideau Lakes; two good stories, Canadian Camp Life and Cupid Alias Uncle Zeh White; Goin' Fishin'; The Value of the Birds, a plea for an international treaty of protection; Skunks and how to take them; and a host of other material of the kind that readers of outdoor literature enjoy.

Terrible Heat in London Yesterday.

Yesterday was the hottest day experienced in London since August, 1911. The mercury registered 121 degrees in the sun, and 90 in the shade. This is quite a contrast to the weather we are having here, particularly at the Topsails where yesterday the thermometer was in close proximity to zero.

Poor Lobster Fishery.

Recent advices from the South Coast inform us that the lobster fishery to date is not up to two-thirds of last year's catch.

Even worse conditions exist on the West Coast, where this industry is almost a complete blank. The season is growing short now and judging from the present outlook the catch will be one of the smallest on record.

Bowings' Ships.

The Portia left Rose Blanche last midnight coming east.

The Prospero left Bonavista at 11 a.m. to-day going north.

The Hawk arrived here from Bell Island at 11 a.m. to-day, and will sail for there again on Saturday next.

Here and There.

FLORIZEL ARRIVES.—The s.s. Florizel, Capt. Martin, arrived here from New York via Halifax at 2.30 p.m. to-day. The run from Halifax occupied 47 1/2 hours, the ship having been delayed by fog.

POLICE COURT.—Four drunks were discharged; two laborers, drunk and disorderly, were each fined \$5 or 14 days; one drunk was fined \$1. A West End shopkeeper for a breach of the Municipal Act was fined \$10 or 30 days.

DR. J. W. SILLIKER has just received in conjunction with the other Maritime Dental Parlors of Canada and the United States the latest and best Anaesthetic for the painless extraction of teeth.—July 2, 121

ST. BON'S SPORTS.—The annual sports of St. Bon's College, which had to be postponed yesterday, owing to weather conditions, will be held on the College Campus to-morrow afternoon, weather permitting. Should the afternoon be unfavorable the Ladies' Association will serve teas and refreshments in the Aula Maxima, beginning at 4 p.m.

S.S. BAWK
