Baby Sleeps Well and Enjoys his Food now!

Mothers are saved a world of worry over babies' feeding difficulties and teething disorders by giving Woodward's Gripe Water. Read the experience of Mrs. J. J. Connor, 7, Willard Grove, Liverpool:

"My baby suffered greatly with indigestion from birth till three months of age. His digestion was so bad he would scream after every feed. Since using Woodward's Gripe Water he sleeps better and enjoys his food better than he ever did, and has also progressed in weight and is a happier baby altogether."

Woodward's Gripe Water instantly relieves baby's indigestion, colic and teething pains, promotes sound sleep and protects against diarrhoea. It is also a valuable remedy for internal pains and stomach disorders in older children and adults. It is pleasant to take and perfectly free from opiate.

Mothers Treat Colds The New "Direct" Way

No Longer Necessary to "Dose" Children With Internal Medicines to Break Colds.

Children's digestions are easily upset by too much "dosing." Vicks VapoRub being externally applied, does not upset little stomachs. At the first sign of croup, sore throat, or any other cold trouble, apply Vicks freely. There is nothing to swallow—you just "rub it on."

LET ME GIVE YOU A CUP OF

"LUXURA"

That's the way the discriminating hostess offers you an afternoon cup. She knows there are lots of good teas, but only one "LUXURA." So—preferring the very best always, she chooses "LUXURA" for her continual use, and finds her choice endorsed by the enthusiasm of her friends. All smart hostesses are using "LUXURA." Are you?

"Taste the luxury of 'LUXURA'."
