THE AUSTRALIANS AT STATEN ISLAND.

LIVINGSTON, S. I., Oct. 4.—Threatening weather prevented a large attendance at the cricket match which was commenced here to-day between the Australian cricketers and the eighteen selected from leading clubs in this vioinity. There were scarcely over 500 persons on the ground. The Americans went first to bat, and the first inning closed at 4 p.m., the American sighteen having scored only 109 runs.

The Australians went in promptly at 4:25, with Lyons and Bannerman at the bat. The latter hit to the off side for two runs. Bannerman was cleverly bowled out

THE WHEEL,

LETTER CARRIERS ON BICYCLES.

Postmaster Sullivan, of Brooklyn, proposes to introduce hicycles into the carriers' department. He believes the saving in time will more than compensate for the cost of the bicycles. Some time ago the matter was broached, and the postmaster consulted with the station superintendents regarding the introduction of the wheel. They did not regard it with favor. It is understood, however, that he has decided to introduce the bicycle service in the outlying districts Oct. 1, if possible. The bicycles are to be introduced to save time and not to save carriers. The Brooklyn carriers spend annually \$14,000 in car fare, which has to be paid by the Postoffice Department. The bicycles will save a large share of this money. It is expected the wheel will be used in 200 routes out of 230 in Brooklyn, besides being used in the 230 in Brooklyn, besides being used in the distribution of mail to the sub-stations and in collecting from the boxes.
