any foul, including a forward pass behind the goal line. A penalty touch shall count two points.

A goal from a drop kick shall count three points.

A rouge shall be scored when the ball or a player of the defending side having possession of it is on or across the dead-ball line.

A forward made in goal does not now count as a rouge.

A try is when a player having crossed his opponent's goal line with the ball in his possession goes without losing it into touch-in-goal, or is on or across the dead-ball line.

The fair-catch rule was amended. Opponents who are off-side shall not come within three yards of or interfere in any way with a player attempting to make a fair catch or recovering a bounding ball, but must give him a fair chance to handle the ball.

Where yards and a fair chance are not given behind the goal line, then the opposite side have the option of a scrimmage or of a free kick. Where the offside play occurs in goal the free kick must be claimed, instead of a scrimmage.

NO JUNIOR LIMIT.

The proposal to fix the junior age limit at 20 years was withdrawn. A. W. McPherson fathered the proposal.

No player shall interfere in any way by blocking or tackling an opponent following the ball on a kick-off, kick-out or free-kick from a mark. The offended shall be given a scrimmage ten yards in advance of the spot where the offense was committed, but in no case closer than the defending side's ten-yard line.

Each club must register with the secretary, its costume and colors, and must wear them on the field.

The sub-committee may appoint referees and may permit any player to compete in a junior team, where such player has played previously on a senior or intermediate team, or has played two years on a junior champion team.

Each senior club must, before Sept. 25, deposit its guarantee against default.

The referee must keep a list of the players ruled off during a match. He shall state the players ruled off, the number of times, the offense and penalty imposed. This the referee must forward to the secretary within three days of the match.

A player, who knowingly, or unknowingly, plays against a professional, becomes a professional.

SIX TEAMS MADE THE SAME MILEAGE

End of the Six-Day Race at New York—Young American Team Won.

New York, Dec. 10.—Eddie Root, partner of Oliver Dorlon, beat out Stol, the Hollander, by ten lengths in the sprint of one mile, which completed the race for first honors in the six-day bicycle contest in Madison Square Garden tonight.

The final sprint was begun at 9:55 o'clock, and was a loafing match for eight laps, with Root leading. Stol then jumped to the front, but Root went by him with lightning speed and fairly ran away from the Hollander. The time for the mile was 3:43⅘. The vast crowd in the great building went wild in cheering the winner.

Samuelson and Williams took third place, and Keegan and Logan fourth, without racing.

Krebs met Breton, of the French team, in a mile dash for fifth place. The pace was a trifle faster than the other sprint. Breton led for eight laps, when Krebs jumped by and, in a fighting finish, won by two lengths in 2:02⅘.

Turville and Mettling, the only other team on the track at the finish, took seventh place.

The score at the finish, 142 hours, was:

	Miles.	Laps.
Root and Dorlon	2,386	6
Vanderstuyft and Stol	2,386	6
Samuelson and Williams	2,386	5
Keegan and Logan	2,386	4
Krebs and Fogler	2,386	3
Breton and Golgoltz	2,386	3
Turville and Mettling	2,386	9

The record for a six-day team race is 2,733 miles 4 laps, made by Charles Miller and Frank Waller in 1896. The final score of the winners in the race last year was 2,318 miles 3 laps. Walthour and Monroe were the winners in 1903.

The place prizes received by the teams were: First, $1,500; second, $1,000; third, $750; fourth, $500; fifth, $350; sixth, $250; seventh, $100. All who rode until the last day received extra compensation to cover their expenses.

Root is only 21 years old, and Dorlon but 19. Root was born in Providence, R. I. They have won a number of notable races.

There was a variety to the race all day today, and several changes in the status of the riders occurred. Between 2 and 3 o'clock the three rear guard teams, Palmer and Agraz, Downing and Limberg, Dussol and Mazan, after being lapped repeatedly concluded that their chances were hopeless and it would be best to quit, which they did forthwith. By continuing to ride until after midnight of the fifth day the three tail-end teams saved themselves from forfeiting their guarantee money for staying throughout the week, and by withdrawing they left the track to the seven teams that alone had a chance to win prize money.

Between 1 and 2 o'clock in the afternoon the great sprint of the day occurred, and it was not in vain, for it landed the two Patsies, Keegan and Logan, secure in place for fourth money, provided they should hold their own hereafter.

Although the score of the riders was far behind the record made in 1890, that fact is no longer any guide, for the character of the race has changed. When the team race was first introduced the men set out to ride as hard as they could and maintain the pace as long as they could, in the effort to kill of one another.

THE AUTO.

DAVIDSON FOR THE AUTO.

Acting on the advice of Barney Oldfield, Harley Davidson, one of the greatest cyclists a few years ago, and today one of the speediest ice skaters in the world, is to forsake the cycle path and ice rinks for the auto. Backed by Fred Buck, a wealthy enthusiast, of Brantford, Davidson will become a professional chauffeur, and, after a course of thorough training, will go after the nerviest of professional drivers next year. Davidson's reputation as a cyclist is world wide. For six years, from 1894 to 1900, he excelled as an unpaced rider, and set up several world's records that stood for years. While Davidson's record as an unpaced cyclist is wonderful, it is on the ice that he shines. He holds today seven world's records.

'TIS A MARVELOUS THING.—When the cures effected by Dr. Thomas' Eclectric Oil are considered, the speedy and permanent relief it has brought to the suffering wherever it has been used, it must be regarded as a marvelous thing that so potent a medicine should result from the six simple ingredients which enter into its composition. A trial will convince the most skeptical of its healing virtues.

IF ATTACKED with cholera or summer complaint of any kind, send at once for a bottle of Dr. J. D. Kellogg's Dysentery Cordial, and use it according to directions. It acts with wonderful rapidity in subduing that dreadful disease that weakens the strongest man and that destroys the young and delicate. Those who have used this cholera medicine say it acts promptly, and never fails to effect a thorough cure.

The Sporting News of a Day.

WILL BE NO WESTERN ONTARIO HOCKEY ASSOCIATION THIS YEAR

Organization Decides to Disband—London Club to Start Practice—Hockey News.

The annual meeting of the W. O. H. A. was held on Saturday at Berlin, when one officer, Secretary A. G. Lutz, and four representatives were present. Preston telephoned, saying that is was their intention to enter a team, but would not send a representative.

The financial statement for the past year showed receipts were $44 43 and expenditures $41 46, leaving a net balance of $2 97. The auditors found the above a correct statement of the association's business. A piece of business was transacted that will have a detrimental effect on hockey in this town. It is contained in the following motion: Moved by B. Bisch, Waterloo, seconded by George Kraen, Berlin, that this association disband for season 1904-5.

The Hortons had three practices last week, and are rapidly rounding into condition. The nights on which they work are Monday, Wednesday and Friday. On the last night Abram was elected captain of the team.

The W. O. H. A. has peacefully passed away. When London and Berlin dropped out its two best legs were gone, and the end of the association was brought about at a meeting on Saturday, when a motion to disband for the coming season was carried.

Stratford is having considerable trouble about a rink, and it is very regrettable that the chances of such a fine team should thus be threatened. Rink managers in some places give the hockey very little, if any encouragement at all.

Berlin's line-up for their O. H. A. team will be as follows: G. Bricker, goal; W. Forrest, point; N. Gross, coverpoint; Goldie Cochrane, rover; O. Zibert, left; C. Schmidt, right; Knoll, center.

Petrolea at a recent meeting formed a local league, and it looks for a successful season. The officers elected were: Honorary president, Dr. Colter; president, Dr. Fairbank; vice-president, George Moncrief; secretary, R. Caldwell; treasurer, D. Brown; managing committee, Dr. Duff, J. Tanton, N. Peat and R. Caldwell. Four clubs joined, namely: Manufacturers, High School, Bankers and Retailers. A schedule will be arranged and games played on an open-air rink. Petrolea is anxious to play hockey, but has no accommodation. It is hoped this league will stir up the interest to build a rink next year.

A meeting of the Juvenile League will be held on Tuesday night in the Jubilee Rink. All interested are requested to be present.

The London Hockey Club will have its first practice this evening between 10 and 11 o'clock, at the Princess Rink. Comfortable quarters have been secured, and a trainer will be on hand to attend to the needs of the players It is expected that a large number of men will be on hand, for, if they wish to be given a chance on the team, they must turn out for the first practices particularly. Among the men wanted are McMahen, McLennan, Lawlor, Leddy, Cowan, Fleming, Thomson, McFadyen, Confield, Costello, Brunton, Pugh, Waggoner. Any others who seek to qualify for the team should also attend.

The Dufferins have entered a team in the Juvenile League, under the direction of Mr. Smith, proprietor of the Jubilee Rink. The boys promise to make a fight for the cup, and if they do not win it this year they expect to be successful next. Those who will be on the line-up this year are the following: Goal, Willie Brock; point, G. Stephenson; coverpoint, D. Woods; forwards, W. Lee, H. Stephenson, R. Moore, H. Tait.

The Portage Lake seven, of Houghton, Mich., opened the senior season at Pittsburg by beating the Pittsburg seven 6 to 3 in a fast game, which was replete with sensational plays. The playing of Bert Morrison, of Toronto, for Portage Lake, was one of the features. The score at the close of the first half was 4 to 0. Portage Lake showed superior condition. Over 3,500 people saw the game. Riley Hern, formerly of London, did great work in goal for Houghton.

BURNSIDE RULES WILL REMAIN; O. R. F. U. WILL NOT MAKE CHANGE

Annual Meeting at Toronto Elects Officers and Decides on Amendments.

Toronto, Dec. 12.—The annual meeting of the O. R. F. U. was held in the King Edward Hotel here Saturday afternoon. The meeting was very poorly attended, a number of clubs in various parts of the Province being unrepresented. The meeting was, however, most satisfactory and the report of all present demonstrated beyond doubt that the union's adoption of the Burnside rules was a wise one. Just how pleased were all clubs with them was shown when a motion to adopt the rules permanently was offered—there was not a dissenting vote. The finances, too, were satisfactory, as was shown by Secretary-Treasurer Woodworth's financial statement, as follows: Total receipts, $526 18; total disbursements, $134 91; cash on hand, $391 27; arrears from London Club, $15. Total balance, $406 27.

Thomas Palmer, of Kingston, who played in London under an assumed name a few seasons ago, and whose application was previously refused, again applied for reinstatement. The matter was referred to the incoming executive.

SOME AMENDMENTS.

The following amendments were carried:

Hereafter fifteen yards from the touch line on each side of the field, each ten-yard line shall be crossed by a white line, a foot in length. This will assist the referee in judging the distance when the ball is put in play after going into touch.

The rule requiring that no delay from whatever cause shall exceed five minutes was left intact. The proposal to make the maximum wait two minutes was rejected.

Henceforth the umpire shall not take power to stop the game for any infringement of the rules regarding illegal movements of players.

The scrimmage rule was then taken up, making a fake movement to snap the ball or making any motion to do so puts the ball into play.

Henceforth, as in the past, the man who puts the ball in play and the man opposite him in the scrimmage cannot afterward touch the ball until it has touched some other player than these two.

The union reserves to itself the right to placing teams in whatever series it may deem best for the interests of the union. This reserves the right to the executive to force any junior club to play intermediate. This was carried and the result will be that next year there will be an intermediate series. The intention of the rule is to apply to junior clubs.

NEW DEFINITIONS.

The ball is not dead when the referee or umpire declares a down.

The proposal to do away with scoring a point for a rouge or a touch-in-goal was lost.

A penalty touch shall occur when a player of the defending side commits
