Woodstock, Nov. 3.—An enormous majority was rolled up today for Hon. Jas. Sutherland in North Oxford, Four polls out of 47 are yet to be heard from. In none from which returns have come has Mr. Wallace obtained a majority. In one subdivision in Blenheim he tied with Mr. Sutherland. Woodstock was a clean sweep for the Minister of Public Works. His majority of 306 in the city is by far the largest ever given to a Laberal candidate had the lead in every ward but two, viz., Central and Wellington Wards, which are Tory strongholds. St. George's ward, another Tory center, whole riding 43 polls out of 47 give 1.425 majority. The total figure will probably be about 1.600. The result is looked upon as a striking personal tribute to the representative of the riding. At his nomination meeting the members of the party took a pledge to relieve him of all worry and responsibility in connection with the campaign, and they have nobly redeemed it. Mr. Schell's fine victory in South Oxford has added to the general Liberal jubilation in the city tonight.
