******* LOCAL MARKET.

London, Saturday, March 25. Considering the state of the roads the market today should be considered a good one, as the attendance was almost up to the average for a Sat-urday. The bulk of the offerings consisted of the smaller lines. Sales were brisk, as the market was pretty well cleaned by noon. Prices as a rule were firm.

Grain—Oats were in good demand, the supply was the largest for the past ten days. Sales were made at \$1 22 to \$1 25 per cwt, most of sales were made at \$1 23 per cwt. There was about a dozen loads of

hay on the stand. Sales were made at \$10 and \$10 50 per ton. It is likely that hay will drop in price as soon as there is an improvement in the roads. Butter and Eggs-Butter was in good demand, all of the offerings met with a ready sale. Prices were firm at 25c to 28c for pound rolls, and 23c to 25c for crocks. Eggs were plentiful, owing to the fine weather. The deand was good, all of the offerings being quickly absorbed at 16c to 18c per dozen by the basket.

Apples-The supply was large. Sales were slow; most of the barrels sold at \$1; a few, however, went at \$1 25; Detroit Railway by the bag, 40c to 50c. Vegetables and Roots—Potatoes were at 80c to 90c per bag, not many selling

at the last-named price. Lettuce sold at the 40c per dozen, Rhubarb, 10c per bunch, or 90c to \$1 per dozen, Parsley, Bank of Montreal 230 40c per dozen, Cabbages, 40c to 60c per Molsons Bank 230 Ocityte pfd 1389 Poultry-There was less offered to-

day than on any Saturday since Christmas. The dealers could hardly secure enough to fill their orders at anything like reasonable prices. Chickens, Lake of Woods, bonds..... dressed, sold at 90c to \$1 25 per pair. Sao Paulo, bonds..... 15c and 16c per pound, dressed; for live ducks, 75c and \$1 per pair, was asked.

Dressed Hogs - About 75 carcasses offered; sales were brisk at \$8 per cwt for nearly all the offerings; a few sold Live Hogs—Prices for Monday will e \$6 per cwt for selects. The market is not as strong as a couple of days Small pigs are quite numerous: the holders asked \$4 to \$6 per pair. Butchers' Meat - Sales slow and prices unchanged.

Honey-Very little offered; strained sold at 10c per pound. Maple Syrup-The first offerings of the season; sales slow at \$1 10 to \$1 20 GRAIN, PER CENTRAL.

Action of the Board of Health ing to high ground. As the wagon went along it was frequently hailed with cries of "What are you getting" Angers the People of West London.

The angriest lot of people that ever smarted under what they consider the ilest and most uncalled-for insult of-fered a law-abid-

health, and Hutchinson, medical health officer, stated to the press that furniture had been burned the night previous. As a matter of fact, however, the goods were not destroyed until last night about 11 o'clock.

At that hour the suburb was alive with people who were watching for leaks in the breakwater, and the like, as well as sightseers from the city, when the rumbling of a wagon was heard. The innocent West Londoners, never dreaming it possible that they were about to be maliciously imposed were about to be maliciously imposed upon, came to the conclusion that some family had taken fright, and was movance."

"You take a jump in the river," replied the colored man. "I know what I'm doing," and he drove on.

When the wagon reached the Wharn-cliffe road and Wyatt street, quite a crowd had collected, and after a time it dawned on the villagers what was about to take place. But instead of attempting to mob the driver, they hurried down the road away from the load of furniture. Certainly, a man needs no bodyguard on a smallpex wagon, no matter how grievously he may insult the community.

The wagon was then driven westward, and it turned onto Cavendish street, where the goods were unloaded. Thursday This morning a pile of ashes, Chairman which included the remnants of a chair and also several other pieces of furniture, and a few patches of canvas, marked the spot where the incineration had taken place. It was only a few hundred feet from the residences of half a dozen West Londoners. This morning a number the offended suburbanites waited

Dr. Hutchinson and gave him a piece of their mind. They complain bitterly of the danger to which they have been exposed, and some of them are talking of suing the board of health. Dr. Hutchinson states, however, that the board has done nothing wrong. "We had to get rid of the goods somewhere," he said, "and we chose

Dr. John A. Nelles, one of the oldest practicing physicians of the Forest City, died this morning at his residence on Ridout street south.

The death of Dr. Nelles was very sudden and unexpected. Dr. Nelles arose at the usual hour, and some time after partaking of breakfast he went to remove some snow from the front of the veranda. A new hardwood floor has been put down in Judge Macbeth's chambers in the court house. There are now 20 male and 4 female prisoners in the jail, and if the number is increased by two or three within the next couple of days, without any going out, there will scarcely be enough cells to "go around." However, ward 6, on the second floor, which is

generally used for juveniles, will soon be ready for occupancy. In it the new cement floor was laid down on top of the former oak flooring. Fifteen cords of wood are piled in the south yard of the jail. The prisoners will start in on this, having completed their winter job, namely the pulverizing of a huge pile of stones. The latter will now be turned over to the city for use on roads this summer.
