The that some of the papers were abnor-Georgian Bay Canal project Sir Wil- mally difficult. One of the arithmetic frid described graphically:

"If you look at the map you will see that a craft which leaves here with a cargo of wheat for Montreal must go south until it is opposite Windsor, and thence again northward, travelling, so to speak, over two sides of a triangle. Study the map again and you will find there is another route by the Ottawa River, it was referred failed to get the right the Mattawa River, Lake Nipissing, the French River and the Georgian Bay, almost in line between here and Montreal and many miles shorter. traders of the past. Wheat has re- 13 and 14 year old children with placed the furs, and it is for us to doubts as to his meaning." make the old short route available for the new conditions."

Five years ago Sir Wilfrid turned the first sod of the transcontinental at Fort William; and it is probable that he will drive the last spike. It is probable, too, that he will see the the second man, absent-mindedly. completion of the Welland Canal, and at least the beginning of the Georgian Bay Canal. This is Laurier's work. The people of Canada will permit him flashed through my mind! to carry it on until the weight of years compels him to lay down the task.

MONEY IN THIS.

The Hudson Bay Company must be a gold mine for many of its shareholders. In the year ending May 31, 1910, it paid a dividend of 40 per cent. The price of its £10 shares is £108. At this rate the Strathcona holdings of 4,050 shares would be worth more than \$2,000,000.

Of the total net profits of the company last year of £406,201, the profits from trading accounted for £166.156. and from land, £240,045. This was not an extraordinary showing, the record of the past five years being:

Profits. Cent. £412,242 40 456,568 4214 1907 302,023 235,868 25 406,201 40

The Monetary Times says that the autlook at the present time is for an increased revenue from larger quanti- cat I threw in the gurgling creek, all ties of furs, and heavier sales of land, weighted down with a smoothing iron thus yielding greater profits. The company has sold to date 1,816,954 acres the silent, sunless shore!" Then I jourof land, and still has 4,053,695 acres, neved home, and that blamed old cat steadily increasing in value. The ancient corporation calls up a vision of wealth that rivals Cobalt or the Klondike. It helps to explain also the price of furs.

A BILLION-DOLLAR COUNTRY. When the national expenditure reached a hundred million dollars, those who pretended to be frightened by such a figure were reminded that Canada had become a hundred-million dollar country. It is fast becoming a billion-dollar country, measured by the trade returns.

In the twelve months ending April 30 last, the commerce of Canada aggregated \$668,127,229, an increase of 22 per cent over the previous twelve months. Exports have increased from \$268,856,811 in 1907 to \$304,078,153 in the year ending April 30 last, or 13.1 per cent. Imports have increased from \$345,566,859 to \$384,040,076 in the

JOHNSTONE---CREIGHTON

Very Pretty Wedding Solemnized in

St. Patrick's Church, Elginfield. St. Patrick's R. C. Church, Elginfield, was the scene of a very pretty wedding on June 29, when Mary M., eldest daughter of Mr. and Mrs. Thomas Creighton, was united in marriage to William Alexander Johnston, of Glanworth. Rev. D. P. McMenamin officiated. The bridal party were conveyed to the church in an auto. At :30 the bride-to-be and her brother, T. M. Creighton (principal of the Bowesville High School), entered the church to the strains of the wedding march, accompanied by ner sister, Miss Ella, as bridesmaid, and Mr. F. Hartle as groomsman; Misses Alma Johnston, and Marie Coughlin, nieces of the groom, acted as maids of honor.

The bride was beautifully attired in ream messaline silk, trimmed with chiffon, pearl corsage and tiny seed pearls, bridal wreath and veil, carrying white carnations. The bridesmaid wore a pretty dress of cream wool taffetta, and large cream picture hat. She also carried white carnations. The maids of honor were handsomely dressed in white silk mull, wearing wreaths and veils, and carrying pink

and white carnations. The ceremony over, the bridal party followed by Rev. D. P. McMenamin and numerous guests, proceeded to the home of the bride's parents, where dinner was served. The afternoon was spent in social games until 3:30, when the bride and groom left for London. The bride's going-away suit was of navy blue broadcloth and white panama hat. The happy young couple left the fire was successful. home of the bride's parents, where
