Many Think Its Use Will Be a Good Ad For the Tunnel.

[Special to The Advertiser.] Sarnia, March 4 .- It is understood that Sarnia, March 4.—It is understood that the market and printing committee will not object to the use of the town's seal by the printing companies here, although the committee has not yet officially met. When it was first suggested that the corporation seal be used on letterheads and envelopes and similar matter used by the various business houses as a means of boosting and advertising the town, everal of the town officials were much opposed to the project. They were of the opinion that it would detract from the dignity of the municipality. Others, however, believed that Sarnia has had enough of dignity, and needs booming more. Also that the town seal accomplishes more for the municipality as an advertising feature than as a tombstone for fogylsm.
