Premier Bowell's Health Improved—Prizes and Diplomas at Chicago Exhibition.

British Columbia Artillery Changes—Revenue and Expenditure of the Dominion.

(From Our Own Correspondent.)
OTTAWA, Jan. 11.—A proclamation will appear in the Canada Gazette to-morrow placing shingles and pulp wood on the free list under the tariff act of last session, the United States having reciprocated in this respect.

A proclamation puts in force from the 1st instant the amendment to the criminal code of last session, enacting that seven grand jurors, instead of twelve, may find a true bill in any province where the panel of grand jurors does not exceed thirteen.

Sir Mackenzie Bowell will be out next Wednesday. The Governor says the Premier's throat has greatly improved.

Major N. P. Snowden resigns his commission in the British Columbia artillery to be the rank of captain on his retirement. Paymaster Walter Shears also resigns his commission, to hold the honorary rank of captain on his retirement.

The Department of Agriculture received a communication from Washington in reference to the medals and diplomas connected with the Chicago Columbian exposition. The expected recipients of these honors are very clamorous for them. This has resulted in a good deal of correspondence and repeated departmental applications to Washington.

Information is received from the executive committee on awards of the Columbian exposition that the diplomas are printed and the medals are being struck off under the supervision of the director of the mint. The department of Agriculture learns that the medals may not be completed before May or June.

The revenue for December shows an increase of \$80,000 over the corresponding period of 1893. For the six months, however, there is a falling off of \$2,000,000, the total revenue being \$16,399,486. The expenditure for the same period amounts to \$14,129,418.

CABLE NEWS.

BERLIN, Jan. 11.—In the reichstag to-day the debate on the anti-revolutionary bill was taken up. Count von Limburg-Stirum, Conservative, declared that his party had the bill with satisfaction. The Socialists, he added, were not justified in claiming to be the sole labor party.

ROME, Jan. 11.—At the next consistory the Pope is likely to raise two Oriental patriarchs to the dignity of cardinals. The dignitaries believed to have been selected for the honor are Monsignor Asarian, the Armenian patriarch, and Monsignor Yusuf, patriarch of Antioch. His Holiness attaches the utmost importance to these nominations. He looks forward to their making a deep impression throughout the East, and helping on the long and unending struggle between the schismatics and the papacy.

PARIS, Jan. 11.—A violent wind and snow storm swept over Foggia, on the Great Plain of Apulia, to-day. Six houses collapsed, eight persons were killed and many others injured.

PARIS, Jan. 11.—Charles Duby, secretary of the American legation in Peking, landed at Marseilles to-day.

LONDON, Jan. 11.—The Rome correspondent of the Central News says the city has been greatly excited by an official dispatch from Moscow that General Baratov with the Italian forces in the Caucasus, with the Mahdists but a short distance off, a river separates the hostile armies. The dispatch says that a battle is imminent.

PACIFIC CABLE.

WASHINGTON, Jan. 12.—Representative H. R. Hitt, of Illinois, ex-chairman and at present the principal Republican member of the house committee on foreign affairs, said yesterday that while he agreed with President Cleveland that Hawaii should have the benefits of telegraphic communication with the outside world, he was strongly opposed to the suggestion in the President's message of Wednesday that a British company should be permitted to construct and operate a proposed cable line from Australia to British Columbia, touching at one of the Hawaiian islands. Mr. Hitt maintained that the United States should control any cable line from Hawaii, and pointed out that if a foreign company had such a concession this country could be placed at a great disadvantage in the event of war. If there had been cable communication with Hawaii since the change of government there Mr. Hitt maintained that much of the embarrassment of the past two years over Hawaiian affairs would have been obviated. While chairman of the foreign affairs committee in the fifty-first congress Mr. Hitt offered an amendment to the diplomatic and consular appropriations bill providing for a survey for a cable between San Francisco and Honolulu, but it was defeated.

JAPAN'S CONDITIONS.

LONDON, Jan. 11.—The Standard's Berlin correspondent telegraphs: "I learn from a good quarter that Japan's conditions of peace, besides demanding a war indemnity, will provide that Korea be independent of China and under Japanese suzerainty, that China cede certain islands, and the fort at Taku, dismantle Port Arthur and Wei Hai Wei and demolish all fortifications on the route from Korea into China, and that Japan fix the future number and type of Chinese warships. The establishment of relations looking to a China-Japanese alliance will also be required."

New York, Jan. 11.—The Herald's Washington correspondent telegraphs: "I have the highest authority for the statement that President Cleveland will call an extra session of congress immediately after the expiration of the present session, if this congress adjourns without enacting any legislation for the relief of the treasury. The President has authorized a member of the house committee on rules and a prominent Democratic leader to make this statement for him."

ARMENIAN HORRORS.

LONDON, Jan. 11.—The Speaker publishes a letter from an unnamed correspondent in Constantinople who claims to have equal knowledge with the British ambassador concerning the Armenian atrocities. He professes to have seen the reports from the consuls in Van, Erzerum, Sivas and Diarbekir, and says that they confirm the most horrible accounts already received. Current reports, he says, come from Catholic and Protestant missionaries in the Sassanian district. The troops called out against the Armenians have returned from the scene of conflict to permanent quarters.

"They boast of their deeds publicly," writes the correspondent. "Their statements have been forwarded to Constantinople. One soldier declared that with his own hands he ripped up twenty pregnant women. Another boasts that he took part in a massacre in a church, and that the blood flowed in a large stream from the door. The soldiers believe that the Sultan ordered the massacre and approved of it."

The Daily News will say to-morrow in a leader emphasizing the importance of "The Speaker's" news from Constantinople: "It would be pedantic and folly to reject all evidence from the commission of inquiry, which does not seem to be in a hurry to begin its labors. Moreover, the impartiality of the commission is open to grave doubt. The appointment of the commissioners is under the vigilant eyes of the consuls. Turkey's fate hangs once more in the balance."

NEWS OF THE PROVINCE.

(Special to the Colonist.)

VANCOUVER.

VANCOUVER, Jan. 12.—Through the prompt action of the firemen another large fire was prevented last night. A number of Chinese and Japanese are living in a row of cabins on Dupont street near the waterfront. The war in the Orient has caused an emigration to spring up between the members of the Chinese and Japanese communities, and that in some way this belligerent feeling was the cause of the fire.

Through the efforts of M. G. Blanchford the Union Steamship Company have arranged to have their steamer Comox call at Bute Inlet once every six weeks. The provincial government have been asked to subsidize this service to the amount of \$250.

WESTMINSTER.

NEW WESTMINSTER, Jan. 12.—The West-minster police have been notified by the Seattle authorities that the police of Seattle are hard at work on the Zschow murder case. They say that the murdered man's wife is in the asylum here, her head having been turned by constantly thinking of the great wealth she and her husband were in.

NANAIMO.

NANAIMO, Jan. 12.—The Nanaimo Poultry Society have already secured \$400 in cash premiums and trophies to be awarded at their second annual show on February 12, 13 and 14 next. No building in town being provided with sufficient accommodation for the housing of a thousand birds the New Vancouver Cattle Company has generously come forward with an offer to build an annex to last year's exhibition building.

BITTERLY COLD.

LONDON, Jan. 12.—The cold weather at present prevailing in Scotland is the most severe experienced for many years. Loch Lomond is frozen over. Some of the snow drifts are twenty feet high.

The weather in England is intensely cold. There is skating in Regent's park. Rev. Thos. Podmore, vicar of Ashton Lee Willows, was found dead in the snow.

On the continent lakes and rivers are frozen, and many deaths are reported in the consequence of the snow storms which seem to have prevailed in many parts.

A terrific snow storm has swept over Vienna, leaving the city almost isolated. Railroad and vehicle traffic is reduced to a minimum. Over 3,500 men are at work clearing the streets. The supplies of vegetables, milk and meat have almost failed. There are seven feet of snow in the suburbs.

A snowstorm, accompanied by a heavy wind, destroyed four houses at Celina, in the province of Reggio, Italy. Sixteen persons were buried in the ruins of the houses and eight of them were dead when extricated. Snow storms at Stresa, on Lake Maggiore, Ravenna and elsewhere have caused great damage.

A Madrid dispatch to the Standard says the telegraph to France has not been working for nine days owing to gales and snow storms. The severity of the weather is unprecedented.

CABINET DISSENSIONS.

LONDON, Jan. 11.—The rumored dissensions in the British cabinet attracted the greatest interest at yesterday's council, which met at noon. Sir William Harcourt, chancellor of the exchequer, and Rt. Hon. John Morley, chief secretary for Ireland, are understood to have been of the opinion that the Irish men should be satisfied at all costs during the coming session of parliament. With this view, it is added, Premier Rosebery, Home Secretary Asquith and other members of the cabinet do not agree. It is said the misunderstanding as to the disposition of the surplus for 1895 is much more serious than was at first believed, the main point at issue being the claim raised by cabinet ministers and others that the surplus should be devoted to the use of the navy.

CHICAGO, Jan. 11.—Chairman Caldwell to-day telegraphed the general railroad meeting from Montreal that the consent of both the Canadian Pacific and the Grand Trunk has been gained to the formation of a new passenger association, if not on a basis entirely satisfactory to all concerned, at least of such a nature as will render the proposed association very useful, and will probably be ratified by all the roads concerned. The only difficulty that would remain in that case would be the adjustment of differences between the Santa Fe and Southern Pacific and the question of California rates with the Union Pacific. The first seems to be in a fair way to settlement. All of to-day was spent by the first lines mainly concerned in discussing these questions, the general meeting having adjourned early in the day to afford a chance for conference.

TORONTO'S BLAZE.

The Loss Likely to Be Much Greater Than by the Fire of Sunday.

Leakage of Gas Said to be the Cause of the Great Conflagration.

TORONTO, Jan. 11.—(Special.)—Last night's fire started where the Globe fire on Sunday left off. After burning furiously for four hours a downpour of rain fortunately prevented further damage. The fire broke out in the Ogogody building at 7 p.m., and an hour later every floor had fallen through to the cellar. From the Ogogody building the flames jumped to the warehouses in the rear. Bunting, Reid & Company's building was attacked and the upper stories were soon ablaze. The firemen were much handicapped by the poor appliances and lack of water, but notwithstanding worked hard and bravely. The chief sufferers are the tenants of the Ogogody building: W. R. Johnson & Co., blank book manufacturers; J. E. Knox, manufacturers' agent; the Patton Manufacturing Co., Sherbrooke, Que.; Simmons & Eyal, undertakers' supplies; J. H. Seebom, saddlery hardware; G. J. Gorrie, show cards. On Melinda street the losers are: Mrs. Elizabeth Garton, John O'Brien, James Rigney. On Wellington street, north side, S. F. McDonald, James A. Conkling, E. D. Dunnett & Co., furs; W. P. White, manufacturers' agent; Corticelli Silk Co., S. H. Gray & Co., Breton & Manning, furs; E. Robinson & Co., Robt. Darling & Co., Wellington street, south side—Hart & Riddell, wholesale stationers; Hunter, Rose & Co., publishers; Bunting, Reid & Co., paper manufacturers; Kilgour Bros., paper box manufacturers. The three last named houses were damaged mostly by water. The loss will be much larger than at Sunday's fire, and the estimated insurance will aggregate about half a million.

The firemen will for days be busy cooling the ruins and preventing the spread of the conflagration. The cause of the fire is ascribed to a leakage of gas in the buildings adjoining Sunday's blaze, occasioned by the disturbance of the gas mains and pipes at that time. It is thought that the Ogogody building was filled with this and caught by an electric current. At a meeting of underwriters it was moved that insurance on buildings of four or five stories be increased 50 per cent. This would have been passed only the members of the city council who were present, assured the insurance people that they would purchase four steam engines, ladders and other appliances. The city is practically without telephone communication to-day.

THE SAMOAN QUESTION.

Premier Sedden, of New Zealand, on the Anomalies of the Situation.

The Conditions a Blot on Civilization—Not a Dumping Ground for European Criminals.

AUCKLAND, N.Z., Jan. 11.—Premier R. J. Sedden spoke at length in Kokitika to-day concerning Samoa and New Zealand and the three interested powers. He said: "New Zealand's offer to administer Samoa is unanimously approved by all the Australian colonies. It was made in a friendly spirit to the powers concerned, the United States, who were indifferent in the matter, being cognizant of it. The Germans have made no progress in the colonization of Samoa. Their interests are waning year by year, and the Germans in Australasia do not object to our proposal. The sight of the great European powers using warships to settle the trumpery disputes of the Samoan natives is a blot on civilization. The situation could be stopped by a few police." Premier Sedden complained of Lord Rosebery's attitude to New Zealand and his attack on the press, which he said was an official war against New Zealand. "If we must be subjected to ridicule," he continued, "with a view to conciliating Germany, it will not strengthen the bonds between the colonies and the mother country. New Zealand and the other colonies do wish to interfere with Imperial interests, but it is of great importance to the colonies that the Pacific islands be peopled with British colonists, and not made the dumping ground of European criminals as is New Caledonia."

THE DISTRESSFUL ISLAND.

ST. JOHNS, Nfld., Jan. 11.—Important correspondence between the Imperial and Colonial governments was presented to the legislature last night. The local executive in a dispatch to Lord Ripon, the Imperial colonial secretary, admitted that Newfoundland was in a deplorable condition and asked that the Imperial government would give if the colony accepted a royal commission to investigate colonial affairs.

Lord Ripon replied that the English government was willing to appoint a commission, but could not pledge itself beforehand as to the course it would take upon receiving the commission's report. The local government will not accept a commission on these terms.

The government has started a war upon the correspondence of foreign newspapers, alleging that their messages concerning the financial situation are damaging the colony's credit. A star chamber inquiry into the matter was begun yesterday before the police magistrate. None of the correspondents or their counsel were allowed to be present.

The inquiry is largely partisan, as the first victim is Mr. McGrath, editor of the Herald, an Opposition organ.

Mr. Alexander MacKay, superintendent of the Anglo-American Telegraph Company, refused to answer any questions put to him, or to produce any messages. Hon. Donald Morrison, ex-Attorney-General, counsel for MacKay, was ejected by the police, and has brought suit against the magistrate.

The prevailing impression is that the proceedings will end in a fiasco.
