## LOCAL NEWS PARAGRAPHED.

This is the last day of the campaign.

Joe Murphy at the Grand opera house to-morrow night.

Mr. E. Winans has nearly fully recovered from his late illness.

Statistical for last week: Births 40, marriages 15, deaths 24.

The arrests on Sunday night numbered eight, seven of whom were for drunkenness.

Reverend Wm. Eakin of Markham has resigned owing to pressure of Northwest business.

Owing to the election the house of Quetton, St. George & Co., will be closed to-morrow.

Up to Saturday night there were 105 patients in the general hospital, 124 males and 71 females.

Mr. James E. Smith yesterday received from friends in Montreal a noble specimen of St. Bernard's dog.

Mr. John Harbord's return yesterday from a four weeks' business trip through the maritime provinces.

James Beatty and John Small, M. P.'s, have arrived in the city for the purpose of casting their votes to-morrow.

Before entering the Union depot all trains are now compelled to come to a full stop and then proceed very slowly.

Messrs. Christie, Brown & Co. will erect a three-story brick addition to their biscuit factory in Duke street; cost \$6500.

Rev. Dr. Cochrane of this city preached two sermons yesterday at the city church in the Georgetown Methodist church.

The upward and upward band of the Western congregational church meet to-night, when two interesting papers will be read by two of the members.

The teachers of the West Presbyterian Sunday school are preparing an address of condolence for Mrs. M. McArthur, which school the late John McArthur was superintendent for a number of years.

A special collection was taken up in the West Presbyterian Sunday school yesterday afternoon in aid of the home for children to be erected on the island. Sixteen dollars were contributed by the children.

A lad named Wm. O'Neil, who was in the police court a few days ago for stealing from store doors, but released, was arrested again Saturday afternoon on a charge of stealing a pair of shoes from Richard Cluff, 54 Queen street west.

The island public bath is having a \$1500 addition, measuring 80 feet, erected. Ex-Ald. Whitrow and the city council have visited the baths on Saturday. The work was progressing satisfactorily. Other needed improvements will also be made, which ought to make the baths popular next season.

Mr. George Holliday, inspector of the guarantee company, who is interested in the defalcation of Redmond, late teller in the Dominion bank, arrived from Montreal yesterday to investigate the matter. It is reported that Redmond's stealings will be near \$15,000 than \$7000, the figures previously announced.

Chief Anishag and Assistant Chief Graham of the fire department on Saturday tested the water pressure in the new fire ward. It was found to be only 30 pounds. A horizontal stream was thrown 50 feet and a perpendicular one 70 feet. A fire engine will probably be put in the new fire house. Mr. Graham strongly favors the purchase of a new chemical fire engine for the department.

## FOOT WEAR KNOWING.

That salt fish are quick and best freshened by soaking in salt milk.

That cold rain water and soap will remove machine grease from washable fabrics.

That fish may be soaked much easier by first dipping them into boiling water for a minute.

That fresh meat, beginning to sour, will sweeten if placed out of doors in the cool air overnight.

That milk which has changed may be sweetened or rendered fit for use again by stirring in a little soda.

That boiling starch is much improved by the addition of sperm, or salt, or both, or a little gum arabic, dissolved.

That a tablespoonful of turpentine, boiled with your white clothes, will greatly aid the whitening process.

That kerosene will soften boots and shoes that have been hardened by water, and will render them pliable as new.

That clear boiling water will remove tea stains from water through the stain and thus prevent its spreading over the fabric.

That salt will curdle new milk, hence, in preparing milk for curd, gravy, etc., the salt should not be added until the milk is prepared.

That kerosene will make your tea-kettle as bright as new. Saturate a woolen rag and rub with it. It will also remove stains from the clean varnished furniture.

That blue ointment and kerosene, mixed in equal proportions and applied to bed-heads, is an unfailing remedy, and that a coat of whitewash is ditto for a log house.

That beer and salt will make your rusty flat-irons as clean and as smooth as glass. Tie a lump of wax in a rag and keep it for that purpose. When the irons are hot, rub them first with the wax rag, then scour them with a paper or cloth sprinkled with salt.

So It Goes.

Over twenty-five thousand bottles of Burdock Blood Purifier were sold during the past three months without one single complaint of dissatisfaction; but, on the contrary, testimonials are pouring in of its efficacy in various lingering diseases of the blood and liver.

Dresses, cloaks, stockings and all garments can be colored successfully with the Diamond Dye. Fashionable colors. Only 10c.

## CATARRH—A New Treatment.

From the Weekly (Toronto) Mail, Aug. 21.

Perhaps the most extraordinary success that has been achieved in modern medicine has been obtained by the Ditch treatment for catarrh. Out of two hundred patients treated during the past six months fully ninety per cent have been cured of this stubborn malady. This is none the less a startling fact when it is remembered that not five per cent of patients presenting themselves to the regular physician are benefited, while the patient, medicated and otherwise, never records a cure as at all. Starting with the claim now generally believed by the medical profession in the catarrh, Mr. Ditch at once adapted his cure to their extermination—this accomplished, he claims the catarrh is practically cured and the permanency is unique. As cure effected by him in two years ago are over cured cases. The application of the remedy is simple and can be done at home, and the present season of the year, is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Mr. A. H. Dixon, 305 and 307 King street west, Toronto, Canada, and enclose stamp for his return on "catarrh."
