A French Forger Captured.

New York April 16.—Prosper Geary arrived in this country on April 11 and was at once arrested on charges of forgery and embezzlement to the amount of \$120,000 preferred by Guerinet & Son and Deave, a banker, of Paris, Geary was arraigned before a United States Commissioner to-day, waived extradition and left for France on the same vessel on which he came.

Safe, certain, prompt, economic: These few adjectives apply with peculiar force to Dr. Thomas' Eclectric Oil—a standard external and internal remedy, adapted to the relief and cupe of coughs, sore throat, hoarseness and all affections of the breathing organs, kidney troubles, excorations, sores, lameness and physical pain.

Rice in the Northwest.

From the Montreal Herald.

Our Edmonton correspondent informs us chat the Indian Department is making an important experiment in the propagation of wild rice with a view to increasing the food supply of the Indians directly by the grain, and indirectly by the numbers of wild fowl it will attract. Three agents in that vicinity have been furnished with seed, with instructions to place it to the best advantage in suitable marshy streams and lakes next summer.

A Monopoly in Washing.

Brom the Winniped Free Press.

There is a steam laundry in Winnipeg which does work regularly for parties as far as Ed-

monton. Collars and cuffs are mailed in tin boxes made for the purpose, and are sent back and forward with great regularity. It costs 36 cents to post a dollar wash, and as Edmon-ton does not support a laundry certain parties find it necessary to have collars and cuffs laundried over 1000 miles away.

- Why will you allow a cough to lacerate your threat or lungs and run the risk of filling a consumptive's grave when, by the timely use of Bickle's Anti-Consumptive Syrup, the pain can be allayed and the danger avoided. This Syrup is pleasant to the taste, and unsurpassed for relieving, heating and curing all affections of the threat and lungs, coughs, colds, bronchitis, etc., etc.
