THE UNIVERSITY SENATE.

The Discussion and Vote on the Biological Building and Park Hospital.

The Senate of Toronto University met on Friday night.

A letter was received from the vice-chancellor with reference to the correspondence submitted to the senate at its last meeting on the subject of the completion of the biological building, in which the University architect stated that he "generally received his instructions from Professor Ramsay Wright." The vice-chancellor wrote saying that it was at his request that Prof. Wright assisted the architect in the preparation of the plans, and that Prof. Wright was in no way responsible for any question of policy in connection therewith, such as the assignment of accommodation for medical teaching purposes, the omission of names from the plans indicating the purposes for which certain of the rooms were intended, or the like.

George Brown Scholarship.

The report on the George Brown Memorial Scholarship provides that the award be made annually at the Medical Convocation to that Bachelor of Medicine who shall have distinguished himself most during his undergraduate course in the subjects of Anatomy, Biology, Physiology and Pathology. The professors in these subjects and the examiners for the time being thereto shall report the successful candidate, work in the laboratories being also considered. This scholarship is the gift of Dr. Barbour of Edinburgh, and is worth $300 a year.

A report was received recommending the affiliation of Huron College, and enclosing a draft statute to bring it about.

The Medical Faculty.

The Senate adopted the report of the committee on the Faculty of Medicine, which recommends the appointment of Dr. George Acheson as Assistant Demonstrator of Pathology; of Drs. Fere, Starr, Thistle, A. R. Gordon and King as assistant demonstrators in anatomy; of Dr. Ellis as temporary lecturer in Toxicology and of Hon. David Mills as legal lecturer on Medical Jurisprudence.

Mr. Houston moved, seconded by Prof. Loudon, that a special committee, consisting of Prof. Galbraith, Mr. Aylesworth, Dr. Maclaren, Dr. Cameron and Mr. Houston, be appointed with instructions to inquire into and report on the conveyance of two lots on College-street to the trustees of the proposed Park Hospital, as set forth in the bursar's report laid before the Senate at its meeting held on the 29th April ult., and also to report whether it is expedient to take any steps with a view to the restoration of the said lots to the control of the University.

Park Hospital Trust.

The vice-chancellor delivered a written communication in regard both to the Park Hospital and the Biological building, and which was of the nature of a justification of his conduct in this matter.

Rev. Dr. Burwash moved, seconded by Rev. Father Teefy:

That the senate has heard with great satisfaction the explanations made by Mr. Mulock touching the establishment of the Park Hospital and the addition to the Biological Laboratory, and desires to place upon record its appreciation of his action in connection therewith, and it has continued confidence in him as vice-chancellor of this University.

Mr. Houston moved, seconded by Prof. Galbraith, an amendment to the amendment as follows:

That all the words after that where it first occurs in the amendment be omitted, and the following inserted instead thereof: "While there is no reason to doubt that the vice-chancellor in his action with respect to the lease of the College-street lots to the Park Hospital Board, and the erection of the addition to the Biological Building was actuated by a desire to promote the interest of the university; this senate cannot approve of his conduct in neglecting to consult it on such important matters of academical policy."

The Voting.

Mr. Houston's amendment to the amendment was rejected on the following division:

YEAS—Prof. Galbraith, Mr. Embree, Prof. Hutton, Dr. Ogden, Prof. Loudon, Mr. Houston, Mr. Macleod.

NAYS—Dr. O'Sullivan, Dr. Willmott, Sir Daniel Wilson, Dr. W. T. Aikins, Prof. Ramsay Wright, Mr. Barwick, Dr. McFarlane, Rev. Dr. Dewart, Rev. Dr. Carman, Chancellor Boyd, Mr. Justice Maclennan, Rev. Father McBrady, Prof. James Mills, Mr. Hoyles, Rev. Dr. Sheraton, Dr. A. H. Wright, Rev. Dr. Reynar, Rev. Father Teefy.

The above amendment, which was moved by Dr. Burwash and seconded by Rev. Father Teefy, was carried on the following division:

YEAS—Dr. O'Sullivan, Dr. Willmott, Sir Daniel Wilson, Dr. W. T. Aikins, Prof. Ramsay Wright, Mr. Barwick, Dr. McFarlane, Rev. In addition to the reports already published Miss G. Lawler, D. A. Burgess, A. F. Hunter, A. A. Macdonald, J. A. McKay, A. P. Northwood, R. W. Ross, J. R. Sinclair and A. M. Stewart are the successful candidates for the degrees of M.A., and J. H. Chewett and F. Kennard Thomson for the degree of C. E.

THE FAT PIG AND THE RUNT.

Dr. Wild Deals With Government Grants to Denominational Bodies.

Dr. Wild in last night's sermon adopted for his text Lam. iii., 37, "Who is it saith and it cometh to pass, when the Lord commandeth it not?" After lingering for some time on his Anglo-Israel theory, he relapsed into matters of more vital interest to the audience. Free agency, he asserted, was the privilege of every man, but the will of nations could not be asserted in opposition to the will of God. Concerning the recent alienation of Persia from Britain, he considered that a more ordination had come to pass, as Persia was one of the thirteen nations which would be in opposition to Israel in the battle of Armageddon. Yet, notwithstanding their destined greatness, Great Britain and the United States were piling up a debt of sin before the Lord, one owing to the Chinese opium trade and the other by means of the Chinese exclusion bill, and that debt would be settled in future years by millions of lives. Here the doctor branched off into a subject touching nearer home; some time ago, he said, Mr. Devlin, M.P., had introduced a motion in the Dominion House asking the Home Government to grant Home Rule to Ireland, yet this same gentleman recently recorded his vote against a bill for home rule in the Northwest provinces, and commenting on this strange conduct the seer peroration, "O consistency, thou art a jewel!" Speaking of the recent Methodist petition that the religious denominations might receive Government aid, the Doctor exclaimed, "In that case the Jesuits would be the fat pig, and the Methodists the runt; the runt, you know, is one small pig in a family that gets no show at all." Amid laughter and stamping of feet, he proceeded to show the difference between this petition and a resolution passed by the recent United States Methodist Conference, who had expressed their determination, as a body, to refuse Government aid. The latter he considered to be in the right, this opinion eliciting audible hear, hears from a couple of Methodist ministers in the front pews.

Next Sunday the Doctor will not be present to discourse to his flock, as he has to attend the coming Congregational Conference to be held in Montreal.

Young Ladies Preached To.

The annual sermon of Moulton Young Ladies' College was preached last night at Bloor-street Baptist Church. Rev. O. C. S. Wallace and Prof. Drew of Rochester Theological Seminary occupied the platform, the former conducting the service, which was most enjoyable, and Prof. Drew preaching an excellent sermon. His subject was "Growth in Spiritual Strength," and he made an able and exhaustive analogy between growth in the natural world and growth in the spiritual world, showing that the conditions of life in both are identical. The graduating class occupied the centre front seats and appeared much interested in the address. After the service a communion service was held, a number of new members being received.

We have a lot of fine silk velvets in all the fashionable shades that we are going to sell at a great sacrifice. Although these goods are largely used now, still we want to reduce our stock and we are going to sell these goods at your own price. Hardly a fashionable dress goes out of our dressmaking department but that has more or less velvet upon it; it is used now for binding instead of braid. We have pretty nearly every shade in velvet and they are just suitable for that purpose, and anything worth having we want to have and give it to you at the right price. It is fair to say that the public never were more alive to shopping than it is now. The store that gives the best value, we don't mean humbug, but good value for your money, is the store that in the long run will draw the custom; that is what we are working for and it is satisfaction to know that our business has doubled itself year by year, and our customers are those who come back a second and a third time and continue to deal with us, which is the best advertisement that we can have.

Very special lines in Ladies' Umbrellas are being shown now at reduced prices, and just to-day bargains in Hosiery 5c a pair, Gloves 5c a pair, and our bargain-table at the front is exceedingly busy.

A RAILWAY ITEM.
Mr. H. M. Lockwood, of Lindsay, Ont., whose portrait follows, is a well-known Railway employee, and has lived in Lindsay for the past three years.
Mr. Lockwood was born and brought up in Hastings County, where his kindly disposition and sterling qualities have made for him a large circle of warm friends.
The incidents which are related by Mr. Lockwood are vouched for by numerous friends in Lindsay who are acquainted with all the facts.

MR. H. M. LOCKWOOD.

Mr. Lockwood writes as follows:
"I was terribly afflicted with boils, having no less than 53 in eight months, during that time I tried many remedies without relief, Doctors' medicine did not relieve me, in fact I could not get rid of them at all until I began using B.B.B. It completely cured me, and I have not had a boil since taking the first bottle. I write this to induce those afflicted with boils to use B.B.B. and get cured, for I am confident that but for Burdock Blood Bitters I would still have had those terrible boils, which shows plainly the complete blood cleansing properties of this medicine, because everything else that I tried failed.
"A friend of mine who also suffered from boils, took one bottle by my advice and thanks to B.B.B. his boils all disappeared."
As a perfect blood purifier, cleanser and tonic, Burdock Blood Bitters excels all others. In addition to this it has properties not possessed by any other remedy; it regulates the bowels, thus curing constipation; it tones the liver and removes biliousness; it strengthens the stomach and cures dyspepsia. In a word it regulates, tones and strengthens every organ of the body in a natural and effective manner and thus restores perfect health.

ICE
Where to get the truth about ice—Read the following: Mr. Burns says that we have 3000 tons of Ashbridge's Bay Ice. This is utterly untrue. He says that he has 5000 tons of Lake Simcoe Ice. I will give any city charity $100 if he can prove this statement, unless he has bought some old ice since the spring opened. He says he is delivering nothing but this ice to domestic customers. How are the public to know this, as he is delivering, and I can prove it, Toronto Bay ice daily by the same wagons as the Lake Simcoe ice, nothing on the same to designate that the within ice is Toronto Bay ice. He says that we are holding back the delivery of Toronto Bay ice to make capital out of it. The facts are that he is selling this ice, thus making capital out of it now. Why does the public stand this? I have repeatedly laid the matter before them. As to our credit for business principles we need not go to Mr. Burns for a certificate of character, and here I challenge Mr. Burns or any other person to prove that I have, either by advertisement or letter or word of mouth, stated what is not strictly true, and will give to any city charity $100 if any person can prove to the contrary.
