SAVED MUCH SUFFERING.

REV. FATHER BUTLER'S INTEREST-ING EXPERIENCE.

Suffered From an Abscess in the Side

Which Dr. Williams' Pink Pills Cured After Other Medicines Fail. Caledonia, N.S., GoldHunter Faith leads many to believe, when one has experienced anything and has reason to rejoice, it is far The Infants' Home. stronger proof than faith without reasonable proof. About four miles from Caledonia, along a pleasant road, passing by numerous farms, lives Rev. T. J. Butler, the parish priest of this district. Reports having come to the ears of our reporter about a wonderful cure effected by Dr. Williams' Pink Pills, he called on Mr. Butler to seek information on the subject. Mr. Butler spoke in very high terms of the Pink Pills, and said they had saved him untold suffering, and perhaps saved his life. The reverend gentleman felt a little hesitancy at giving a public testimonial at first, but after our reporter remarked that if one was really grateful for a remarkable cure, he thought it was his duty to give it publicity for humanity's sake, he cheerfully consented. His story in his own words is as follows: "I was led stronger proof than faith without reahe thought it was his duty to give it publicity for humanity's sake, he cheerfully consented. His story in his own words is as follows: "I was led to take Pink Pills through reading the testimonials in the papers. I was troubled with an abscess in my side and had tried many different medicines without avail. I took medical advice on the subject and was told I would have to undergo an operation to cure it, which would cost me about \$100. At last I determined to try Pink Pills, but without a great feeling of faith of their curing me. One box helped me, and I resolved to take a three months' course and give them

Haven from \$500 to \$1000 a similar course was decided on.

Ontario School of Art.

Messrs. F. J. Stewart, Sam Jones, M. Matthews, W. Downes and Bernard McEvoy, representing the Central Ontario School of Art and Design, appeared, asking for a definite statement whether the Council intended to grant \$750 or \$500 to the school. By a misunderstanding the board received the impression that they were to receive \$750 and were afterwards disappointed. The committee refused to give more than \$500. faith of their curing me. One box helped me, and I resolved to take a three months' course and give them a fair trial. I did so, and to-day I am completely cured of the abscess in my side, through using Pink Pills, and I always recommend friends of mine to use Pink Pills for diseases of the blood." As Father Butler is well known throughout this county, his statement is a clincher to the many wonderful testimonials that have appeared in The Gold Hunter from time to time. On enquiring at the stores of J. E. Cushing and N. F. Douglas, it was found that Pink Pills have a sale second to none. Mr. Cushing on being asked if he knew of any cures effected by them, replied that he had heard a great many personally say Pink Pink Pills had helped them wonderfully. If given a fair and thorough Pink Pills are a certain cure for all diseases of the blood and nerves, such as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors in the blood. such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow comlexions and are a specific for the troubles peculiar to the female system, and in the case of

THE FACTORY ACT.

A Deputation From the Trades Congress Interviews Farmer-General Dryden. A deputation from the Dominion Trades Congress yesterday afternoon waited upon the Hon. John Dryden, Minister of Agriculture, as to the desirability of making certain changes in the manner of administering the Factory Acts. At present three in-spectors are appointed, each overseeing a section of the territory. The labor men consider it would be advantageous if each inspector were allowed to visit every portion of the district instead of being restricted to one-third of it. Mr. Dryden promised to give their request his careful consideration.

The wholesale price of coal in the

United States was yesterday increased by 50c per ton, making an increase of 75c within a fortnight. As Canada's supply of the fuel is drawn almost entitley from across the border a similar increase will take place here almost immediately; so that householders would do well to anticipate the rise by laying in a stock at the present price.

tues and never fails to effect a cure.

One short puff of the breath through the Blower, supplied with each bottle of Dr. Agnew's Catarrhal Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use, it relieves in ten minutes, and permanently cures Catarrh, Hay Fever, Colds, Headache, Sore Throat, Tonsilitis and Deafness. 60 cents.

Editor World: I am sure you have the thanks of the thousands engaged as salespeople, and office help, in the stores of this city for the courageous manner in which you have espoused the cause of shorter hours. Progress is being made in this direction, but I had hoped to see conditions more advanced by this time, particularly in the direction of closing all the leading stores at 6 o'clock p.m. Saturdays.

This midnight working in stores ought to be classed as a barbarism of the dark ages. Mr R. Simpson has shown himself a man of broad and generous ideas in his resolution to continue the year round the Saturday 6 o'clock movement. It is somewhat surprising that others, who lay claim to be leaders in the mercantile community with the passing away of the summer months went back to the old late hour Saturday night program. The 6 O'Clock Early Closing.

months went back to the old late hour Saturday night program.

I know, that I speak for all my fellow-associates, male and female, if I may be pardoned the paradox, when I say that the hardest work of the week is that put in after 6 o'clock Saturdays. Everybody else seems to be free days. Everybody else seems to be free at this hour, on the closing day of the week, and prior to the Sabbath day, that in Toronto we pretend to esteem so highly.

The complete solution rests, I presume, with the shoppers, and may I not appeal to them to generously set their face against Saturday evening shopping, and when this is done employers will find no fun in running up heavy lighting bills after 6 p.m.

SALESMAN.

Toronto, Sept. 27.

Rugby Leased For an Oil Tract. Pittsburg, Sept. 27.—Henry Kimber, M.P., a stockholder and director of the Anglo-American settlement at Rugby, Tenn, to-day closed a deal with the Standard Oil Company, and leased to them the 35,000 acres of land in the Rugby tract in Tennessee. Oil and gas have recently been discovered on the tract in paying quantities, and the Standard Oil Company will levelop the find at once. Rugby is a settlement which prominent Englishmen like which prominent Englishmen like Thomas Hughes, the author, and others have been interested in promoting After a development of ten years the town claims only 1200 people.

ren who were arrested a few days ago for taking flowers from the graveyard of St. John's Church, Norway, to sell in the city has been further remanded until Wednesday next. The girl, who is 12 years of age, and it at present at the "Refuge," the authorities want to send to school, but Mrs. Stedman hasn's yet assented to the step. John Stedman, the girl's brother, who was hough 15 years of the Sherman House, Morrisburg, Int., is known by thousands of Canadians, hence the following statement from Mr. Sherman will be read with great interest, and pleasure: "I have been cured of rheumatism of ten years' entitled the step. John Stedman, the girl's brother, who was hough 15 years of the Sherman House, Morrisburg, Int., is known by thousands of Canadians, hence the following statement from Mr. Sherman will be read with great interest, and pleasure: "I have been cured of rheumatism of ten years' entitled the step. John Stedman, the girl's brother, who was hough 15 years of the Sherman House, Morrisburg, Int., is known by thousands of Canadians, hence the following statement from Mr. Sherman will be read with great interest, and pleasure: "I have been cured of rheumatism of ten years' entitled the step. John Stedman, the girl, who is 12 years of age, and it at present at the "Refuge," the authorities want to send to school, but Mrs. Stedman hasn's yet assented to the step. \$60,000 FOR CHURCH PURPOSES. The Munificent Bequests of a Resident of

The late Mr. Mellanley of Port Colborne bequeathed \$20,000 to the Metho-dist Church, \$10,000 to the Superannuation Fund and a like amount to the Home Missions. Each of these bran-ches of the church the other day re-ceived a cheque for \$8000 on account, the balance to follow. The residue of deceased's estate, supposed to be worth \$40,000, was devised to the General Missionary Society.

Washington, Sept. 27.—The Treasury gold reserve has ben reduced to \$92,705,067, at which figures it stood when the Treasury closed its doors to-day. These figures were reached by a withdrawal at New York for export of \$1,500,002. Since the present export gold movement began on Jüly 13 last there has been withdrawn from the United States Treasury \$32,450,000 in gold, all of which with the exception of less than a million dollars has been sent to Europe. The total gold exported exceeds these figures, as some gold, especially the gold bullion exported exceeds these figures, as some New York. During the same period gold was furnished by the syndicate and by the New York National banks and others to the amount of \$15,325,000. Gold Goes Out-Reserve Goes Down. pale and sallow comjexions and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure inall cases arising from mental worry, overwork, or excesses of any nature. Sold work, or excesses of any nature. Sold by all dealers, or sent by mail, post-paid, at 50 cents a box or six boxes and others to the amount of \$15,325,000
