TO OUR READERS.

The present number completes the Seventh
number of the STANDARD. In our last we en-
tered into the line of conduct pursued
in the management of this paper, and
upon the great political changes
which have taken place, and are daily taking
place in Europe. This occasion, however,
we select to call upon our delinquent Sub-
scribers to discharge their accounts, many of
them are for a long time indebted to us.
It is in the power of all who subscribe for the
Paper to lighten this burden. During the
present year we have made considerable im-
provements both in the appearance and man-
agement of the Paper, and were the people of
this County to support us as they ought to do
it would enable us to issue a sheet both in
matter and execution equal to their wishes.
We earnestly call upon those who are in-
debted to us to come forward at once, and settle
their respective accounts, as we intend mak-
ing further improvements, and when our Col-
lectors or Agents present our claims that they
will liquidate them. The expense of collect-
ing small bills as our's are, becomes a serious
matter, and we are fully determined to put in
a train for collection without delay every ac-
count due this Office, for Subscription, Ad-
vertising, &c., for the last three years. It is
also our intention to follow the course pur-
sued by other Papers in the Province, and strike
from our list those who do not comply with
the terms of our Paper. To those who have
paid in advance, and regularly, we return our
most sincere thanks.

We wish our Patrons one and all, "a mer-
ciful Christmas and a happy New Year."

THE NEW VOLUME.—In our last we announ-
ced our intention of publishing the Paper to-
day (Thursday) in order to complete the
Seventh Volume of the STANDARD. And as
New Year's Day, the only Printer's holiday
in the year, it will be the Boys in the office
an opportunity of delivering their New Year's
Address, and wishing the PATRONS of the
STANDARD a "Happy New Year."

We are indebted to the kindness of Capt.
WATSON, of the *Matchless* of this port, for Jam-
ica papers to the 25th ult. The *Cornwall*
Chronicle, of the 28th ult. says "political mat-
ters proceed in this Country, with every degree
of tranquillity since the arrival of Sir Charles
Metcalfe, a good understanding subsists be-
tween the masters and labourers. "A number
of Emigrants had arrived from Baltimore and
met with ready employment. Larger ship-
ments were daily expected, all was prosperity
and peace."

FIRE.—The inhabitants of this Town were
troubled on Friday night last about 7 o'clock
by the cries of "Fire," and the ringing of the
bells which was found to proceed from the
residence of Geo. D. STREET, Esq. By great
exertions the fire was confined to the room in
which it originated, which with the furniture
in it was entirely consumed. Much praise is
due to a number of persons for their prompt
and effective assistance upon this occasion,
and the good example that was shown by the
most respectable part of the community in
putting their hands to work. The fire we are
informed originated from a candle being incau-
tiously placed too near the curtains of a bed.

On Saturday night last about 12 o'clock the
cooks galley of the brig *Martha Ann*, lying
at Babcocks Wharf, caught fire, which was
prevented from spreading by its timely discov-
ery by Mr. THOMAS QUINN, who aroused the
crew and stopped its progress by throwing the
galley overboard.

Literary and Scientific Club.

We enjoyed a very pleasant Monday even-
ing last, in hearing the Rev. Alex. McLean's
second Lecture on "Organic Nature," in
conjunction of one which that gentleman de-
livered last season before the Club. A num-
ber of visitors were present, particularly la-
dies which we were glad to see; and as Mr.
McLean's last lecture on continuation and
conclusion of the same subject will be deliv-
ered on Monday evening, we advise all who
would not miss a talented and interesting lec-
ture to attend.

Members are particularly requested to
attend before half past seven o'clock as the
doors are positively closed at that hour.

We have been furnished with the following
information by Mr. Doggett, Wreck Master,
at Grandmanan:

Wrecked on the 24th inst on Wood Island
near Grandmanan, the ship *W. Black*, Capt.
Downs, from Saint John for Belfast, loaded
with Deals, vessel total wreck; first fresh
South-west wind will break her up—materials
and cargo may be chiefly saved if the weather
continues moderate.

COMMUNICATION.

For the Standard.

Mr. Editor,

I notice by the Saint John, and Halifax,
Newspaper, that suitable demonstrations of
joy in honor of the birth of the Princess Ro-
yal, are being made in those cities in the shape
of public fetes, I hope that the people of St.
Andrews whose loyalty is proverbial, will not
allow themselves to be outdone by any other
place in British America, but that my fellow
townsmen will step forward and follow the
good example already set them, and get up a
public ball in the same style as that in celebra-
tion of Her Majesty's Marriage. This is just
the time for such amusements, being the sea-
son for enjoyment, for my own part I am reg-

dy as one, to do all that lies in my power to-
wards the furtherance of such laudible re-
joicings.

Yours, &c.
AN OLD STEWARD.

Dec. 30, 1840.

[We recognise the handwriting of an "Old
Steward," who we doubt not is as well able
to "get up a hall" as to urge it upon public
attention.—Ed. Standard.]

Mr. RUSSELL, the celebrated Vocalist, is
at present giving Concerts in Saint John; we
trust that he will visit Saint Andrews and let
the inhabitants have an opportunity of hearing
his far famed vocal abilities.

The Annual Examination of the Scotch
Church Sabbath School will take place to-
morrow, (Friday) at 11 o'clock a. m.

THE WEATHER.

In consequence of the great snow storm on
Saturday night and during Sunday, the roads
are in some places impassable. On Wednes-
day we had a slight fall of Snow mixed with hail.
The mails from the United States have been
irregular for a few days we suppose from the
above cause.

Late conversions are not to be trusted to,
and death-bed repentances are generally no-
thing more than the first gnawing of the worm
that shall never die. Suppose death to halt a
little,—the sick person recovers,—washes his
countenance with floods of penitential tears; a thou-
sand vows of amendment are made; but if re-
pentance lasts no longer than sickness, the
disease and the devotion go off together; the
man returns to walk in his former ways.

MARRIED.

On the 17th ult. by the Rev. Sedgewick
Thompson, A. B. ALEXANDER GILLIS, Esq.
merchant, of St. Stephen, to Miss ELEANOR
ANN COLETER, eldest daughter of William
Coultter, Esq. M. D. of St. David.

Our thanks are due to the happy couple for
a handsome pair of wedding gloves. We wish
them every happiness.

On Friday the 25th inst. by the Rev. Dr.
Alley, Moore R. FLETCHER, Esq. M. D. of
Boston, to ANN CATHERINE, only daughter of
the Hon. James Allan Shaw, of this Town.

At St. John, on the 22nd inst., by the Rev.
Wm. Harrison, Mr. Robert Stewart, to An-
na Towers, eldest daughter of James Paterson,
Esq., Rector of the Grammar School of that
City.

On the 23d inst., by the Rev. Dr. Gray,
Liont. C. E. Ford, of the Royal Engineers,
to Margaret, daughter of the Honorable Wil-
liam Black, Mayor of that City.

DIED.

On Friday last, the 25th inst., in the 25th
year of his age, Mr. WILLIAM GIBB, a native
of Peterhead, Scotland; leaving a wife and
child to lament their loss.

At Cheltenham, England, on the 17th Nov.
James Stewart, Esquire, aged 79 years.
Mr. S. was among the early settlers of Saint
John, and was the last survivor of the Gen-
tlemen appointed as Civil Officers under the
Charter of that City in 1785.

Shipwreck.—The ship Columbus, on her
passage from London to New York, fell in with
ship Leonidas, of Belfast, (Ireland) bound
from Quebec to Dublin. She was water-log-

been eighteen days in the ship's tops, living
on raw meat, and a short allowance of bread;
and without water for eleven days, excepting
the little rain water which they caught.
When taken off by the boats of the Columbus
their provisions were about exhausted, and
some of the men were badly frozen. The
