REASON Nº 5

Red Rose Tea

Because it is perfectly clean.

Wouldn't you like to know that the tea you drink has not been touched by human hand since it was plucked

on the plantation ? This is what you get in Red Rose Tea. The old method of rolling and packing tea by hand has been entirely done away with on the tea estates where Red Rose Tea is produced. There, as well as in the blending and packing rooms, machinery - scrupulously clean machinery-is used exclusively.

Red Rose Tea is never touched by hand after being

plucked. This fact alone will help you enjoy drinking it. The Blue Label is recommended

One Billion Lost in Strikes in Twenty

The statistics on the subject, says the Elyria, Ohio, Chronicle, show a loss to the United States from strikes that is simply appalling. We, who are so familiar with the word "strike" that we scarcely give it a second glance while reading our papers, have lost through labor disturbances. twenty years between 1881 and 1900 there were 22,793 strikes, which cost rect loss of trade the enormous sum of

there were 1,005 lock-outs, c \$72,199,189, making a total of \$468. Here is a loss of almost half a billion dollars figured from three items only-that is, loss of wages, assis by their sympathizers, and loss to em ployers. It would be a fair computa tion to estimate an equal sum lost directly and indirectly by the general
