

NEW YORK EXCHANGE.

AMERICANS IN LONDON $\frac{1}{2}$ TO $\frac{1}{4}$
LOWER THAN IN NEW YORK,
OWING TO TIGHT MONEY AND
THE TRANSVAAL-MONEY IN N. Y.
RUMORED AS EASY.

New York, Aug. 9.

The London market is somewhat disturbed, the outlook in the Transvaal is less peaceful. Money seems to be working tighter and there are fears that the Bank of England will advance its rate to-morrow.

Americans show a decline, as compared with our closing prices, losses ranging from $\frac{1}{8}$ to $\frac{1}{4}$.

The papers here are inclined to take a somewhat sanguine view of the outlook. The Herald publishes despatches from the West, stating that the supply of money in that section is so large that very little currency will be withdrawn from New York for the farmers.

There is a vague rumor in the Street that that some big loans have been paid off, and that Standard's Bank Statement will make an excellent showing. The Government weekly crop report is, on the whole, encouraging. The condition of corn is reported to be excellent, more especially in Iowa, Nebraska, and Kansas.

There are still rumors that the K. G. will be absorbed by the Chicago & Alton, and the details of the plan will be published as soon as control has been acquired from the Dutch holders.

Exchange brokers predict that gold importations will take place in the next 30 days. The number of bills in the market is increasing steadily.

New York, Noon, Aug. 9.

Although London seemed to be in rather a pessimistic frame of mind induced by the uncertainty which accompanied the money outlook in England, our market opened strong with a fair activity of buying by commission houses.

As a rule, prices were somewhat higher than at the close, thus giving an opportunity to foreign houses to do some arbitraging. Their sales were heavier than for some days.

Sugar was the feature at opening, and showed considerable strength on renewed reports of an agreement with the Arbuckles.

American Tobacco was also a strong feature because of an announcement made by the news agencies, to the effect that the Buchanan & Lyall Co. was combining with other outside Tobacco companies, not alone to fight the American Tobacco Co., but rather to compete with the Con. Tobacco Co.

There were again many rumors that the Secretary of the Treasury would make large deposits in the N.Y. banks in spite of the fact that there is no law under which such deposits can be made, and consequently should Mr. Gage make them he would be making himself liable to impeachment.

After the 1st half hour activity diminished materially, although the tone keeps strong and there is very little doing, and next to no outside business.

SPECIALS.
