CLINICAL TEACHING.—The Toronto General Hospital has a very large number of patients in the wards, who are visited daily by the medical officers in attendance. The attendance of out-door patients is also very large, and thus abundant opportunities are enjoyed by students for acquiring a familiar knowledge of Practical Medicine and Surgery including not merely major operations, but Minor Surgery of every kind, ordinary Medical Practice, the treatment of Venereal Diseases and Skin Diseases, and the Diseases of Women and Children. The Burnside Lying-in Hospital, amalgamated with the Toronto General Hospital, has recently had the staff largely increased, and will afford special and valuable facilities for the study of Practical Midwifery. The large new building, close to the Hospital and School, will be very convenient for students attending in practice. The Mercer Eye and Ear Infirmary is also amalgamated with the Toronto General Hospital, and affords special facilities for students in this department. Daily Clinical instruction in the spacious Wards and Theatre of the Hospital will be given by members of the Hospital Staff on all interesting cases, Medical and Surgical. Arrangements have also been made for the delivery of daily clinics, out-door, in-door, and bedside, in the Hospital, by the respective members of the in-door and out-door Hospital Staff, which has been recently largely increased.

FEES FOR THE COURSE.—The Fee for Anatomy, Surgery, Practice of Medicine, Obstetrics, Materia Medica, Physiology, General Chemistry, Clinical Medicine and Clinical Surgery, \$12 each. Applied Anatomy, \$10. Practical Anatomy, \$10. Practical Chemistry, Normal Histology and Pathological Histology, \$8 each. Therapeutics, and Medical Jurisprudence, \$6 each.
