SMITH'S FALLS.—The collection at the annual missionary meeting of the Smith's Falls congregation, amounted to \$40, which amount has been appropriated to the Home and Foreign Mission Funds.

COTE-STREET, MONTREAL.—We have received a copy of the annual Report of Cote-street congregation, and rejoice to notice the marked prosperity of the congregation, both in regard to funds, and in other respects also. While the fund for the support of ordinances in the congregation has been well sustained, there has been a large increase in the missionary contributions both by the congregation, and Sabbath School and Bible classes. We observe that the funds raised for missionary purposes, including \$130 56 raised by the Sabbath School and \$112 41 by the Bible Class, have amounted to \$813 41. This is exclusive \$337 for Knox College, and of \$1,958 for the mission church in St. Joseph street. The total income of the congregation has been \$690 19 larger than last year. During the past year a much larger number of members have been added to the church, while the Bible Class numbers 205 members.

We are glad to see the three congregations in Montreal uniting their efforts for the advancement of religion and of Presbyterianism. They are carrying on operations in five different localities, at a probable expenditure of \$2,500 per annum. Some of the mission stations are expected to raise \$500, and the balance is to be borne by the three congregations in Montreal, Cote-street congregation undertaking to raise \$1,000.

REV. W. J. McDOWELL.—The Rev. W. J. McDowell, formerly of the Presbyterian Church of Canada, has received a unanimous call from the Reformed Presbyterian church of South Ryegate, Vermont, vacant by the removal to Scotland of the Rev. J. Bowles. We understand that it is the intention of Mr.
