

Downy's Visit to Canada.—His Curling Experience.—By W. O. C

JEWELS HAVE BEEN WORN as an adornment in all ages, but civilized nations alone bring their production to the highest perfection. FINE GOLD artistically wrought, is beautiful, but it is a luxury only to be enjoyed by the few.

GOLDINE

combines the beauty of the Karst gold, with the important qualities of DURABILITY and comparative CHEAPNESS. This fact accounts for the extensive reputation it enjoys not only in this country, but in Europe.

GUARD CHAINS, VEST CHAINS, SAITS OF JEWELLERY, BRACELETS, SLEEVE BUTTONS, BROOCHES, EAR-RINGS, and all other articles are produced in this metal. To prevent the sale of worthless imitations, chains are stamped, and all carded articles are marked "Goldine" on the card in red letters. This should be observed in all cases. To be had of all dealers in the Dominion.
