'l'hu tus in running order. They have brought it to Cayuga with them for confiscation.

The other day, while a commercial traveller was driving along the Governor's road west of the London Asylum grounds, the horses became entangled in a defective bridge, and before they could be ex-tricated, were considerably injured. The vehicle was also smashed. It is likely that the county will have to foot the bill.

ST. PATRICE'S LITERABY INSTITUTE, QUEDEC.— Another of the deservedly popular meetings of this Institute was held in the Institute Hall, on Saturday evening, and the hall was well illed with an audience, many of whom were ladies. At the conclusion of each part enthusiastic and good natured applause rewarded the lads for their efforts.

RETREAT.-A most successful retreat for married men terminated in the parish of St. Sauveur, Quo-bec, on Sunday evening. The exercises commenced on the evening of Ash Wednesday and the ceremony throughout has been most imposing, large crowds having been in attendance. The young men were also admitted to certain of the exercises. Rev. Pere Daze was the preacher of the retreat. At the close of the retreat on Sunday afternoon, after a very eloquent sermon 1,200 men went forward and inscribed their names as members of the Total Absti-nence Society, taking the cross at the same time. Of course with such a splendid result as this, it would be useless to say that the twelve days retreat has been an immense success. Rev. Father Grenier, Superior of the Oblat Fathers, chanted a solemn To Deum, and more than 2,500 communions were made at low mass in the church on Sunday morning.

EFFE'S COCOA .- GRATEFUL AND COMFORTING .- " By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocca, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping our-selves well fortified with pure blood and a properly nourished frame.⁷—*Civil Service Gazette*. Sold only in Packets labelled—"JAMES Errs & Co., Homoopa-thic Chemists, 48, Threedneedle Street, and 170 Piccadilly, London.".

Wilbor's Cod Liver Oil and Lime.—The friends of persons who have been restored from con-firmed consumption by the use of this original preparation, and the grateful parties themselves, have, paration, and the grateful parties tilemetrics, have, by recomending it and acknowledging its wonder-ful efficacy, given the article a vast popularity in New England. The Cod Liver Oil is in this com-bination robbed of its unpleasant taste, and is ren-dered doubly effective in being coupled with the lime, which is itself a restorative principle, supply ing nature with just the agent and assistance required to heal and reform the diseased lungs. A.B. WILSON, Boston, is the proprietor. Sold by all druggists.
