

ROYAL BAKING POWDER. Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness.

THE WORLD OVER.

Foreign and Home News in Brief.

CABLE. The latest news from San Francisco is that the German...

Monsieur Albert, the dancer, died from the effects of a surgical operation in Paris yesterday.

James Gordon Bennett will publish a newspaper in Paris to be known as the European Herald.

For some time Monsieur Bennett has been held by missionaries from America in Pentonville road, London.

The first contingent of troops which Spain will send to Morocco has been despatched.

The trial of the anarchist Neve for treason was opened at Leipzig yesterday.

AMERICAN.

Since the last report four more cases of cholera have developed on Hispanian island among the passengers of the steamer Alesia.

Michael Davitt arrived in Chicago Sunday night. Yesterday Patrick Hogan came in from Lincoln, Neb., to see Mr. Davitt on his trip west.

Advices from Chili announce the reappearance of cholera. The latest case occurred on the 28th August there were 23 patients in the lazaretto.

Sir Thomas Graham, M.P. for St. Patrick's Division, Dublin, and Arthur O'Connor, M.P. for East Londonderry, arrived in New York yesterday morning.

QUEBEC.

The Assistant Provincial Treasurer of Quebec has issued the following circular: "Every incorporated company carrying on any labor, trade or business in the Province of Quebec is required to file with the prothonotary of the Superior Court, and with the Registrar, a declaration of the corporate name, when and how it was incorporated, the date of its incorporation and where its principal place of business within the province is situated."

The coroner is about to hold an inquest into the death of a farmer's wife who was found dead in her bed at Riviere du Loup yesterday. Suspicion of foul play is felt.

Mr. L. H. Huot and L. Desnoes, clerk of the Legislative Assembly, have been named joint clerks of the Crown in Chancery for the Province of Quebec.

The employes of the Quebec shoe factory struck work yesterday morning for an increase of pay.

Petitions are being made to the Government against any appeal or modification in the prohibition law now in force in the North-West.

A certain element want beer and light wines sold.

Mrs. Robert Conroy, aged 72, widow of the late lumberman, died yesterday at Ayer.

CONSULTATION CURED.

An old physician, retired from practice, having had placed in his hands by an East Irish nurse the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested his wonderful curative powers on thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this receipt, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, - W. A. NOYES, 149 Power's Block, Rochester, N. Y. (5-cent box)

THE CHEESE MARKETS.

LITTLE FALLS, N. Y., Oct. 3.—CHEESE.—Transactions are as follows: Fifteen lots at 11 1/2, 28 lots at 11 1/2, 3 lots at 11 1/2, 49 lots at 11 1/2, and 19 lots commissioned; total 8,906 boxes. The prices on farm dairy cheese range from 11c to 11 1/2, with the bulk at 11 1/2, 700 boxes sold. One hundred and sixty-five packages farm dairy butter sold at 22c, the bulk at 21c, and 20 packages creamery at 30c.

UTICA, N. Y., Oct. 3.—The market was dull and rather inactive to-day. The ruling price 11 1/2c. Transactions were not as large as usual, aggregating only 13,385 boxes.

A fool is a fool the world over, and whether it makes its appearance in the dress of a man or woman is of little id, as it is always recognizable as an object to be equally despised and pitied. Were I compelled to choose between a friend and an idiot for a wife, I should take the friend every time, as I believe it would be easier for me to make my share of hell as interestingly hot for my partner, than for me to put up with one day with the meaningless gibbering of an idiot.

There is to be seen at the fashionable stationers a great variety of new, pretty and dainty things for the writing table or desk, especially in the line of fancy ink-stands.

HE WON A COOL \$5,000.

GREAT GOOD LUCK OF SAMUEL W. BARRETT.

Melbourne Avenue, North Toronto, has for the past few days been a scene of intense excitement. It was whispered that one of the residents had won the big ticket in the Louisiana State Lottery drawing on the 9th ult.

The news of the fortunate man to be Samuel Ward Barrett, 105 Melbourne Avenue, foreman bookbinder at Gage & Co.'s, Wellington Street.

Mr. Barrett was found at his place of business, and in answer to the reporter's inquiries, said, while a broad smile lighted up his whole countenance, "I had no faith in the lottery business; but four months ago one of the men induced me to invest a dollar in it. I sent to the New Orleans National Bank in New Orleans to find out how I could get tickets. The bank sent me blanks, and I enclosed a dollar for a tenth ticket in the May drawing. I got nothing then. Still in June I again sent a dollar for a tenth ticket, and in July, and also in August. I got the report of the August drawing last Thursday week on my way home, and carelessly jammed it into my pocket, with the remark: 'Well, there's another dollar gone.' In my bedroom, however, I thought I would look at the report, and the first that met my eyes was the number 25,146, entitling me to one-tenth of the fifty thousand dollar prize. I immediately broke the news to my wife, and she reigned in the family. I tell you," said Mr. Barrett, with a wink, "one does not fall into a small fortune to sleep every day."

"How did you collect your money?" asked The News, when sufficiently recovered. "I received notice from the New Orleans National Bank that a draft for \$5,000 in gold coin had been forwarded to the Central Bank in this city, payable to my order."

"Did you call at the Central Bank and draw the money?" "No. I allowed it to remain there on deposit to my credit."

"Had you other tickets in the same drawing?" "No. I only had one. The whole business am I commenced cost me for tickets, postage, etc., \$1.32, and I now stand in five thousand dollars ahead."

"I suppose you will go more extensively into lottery business hereafter?" "No, I will continue to send my dollar every month. But I tell you they are going to do a pile of business here now. Not a man who has got the prize has been seen for since I got the prize. He has turned around, and pointing to the numerous employes, said: 'Why, all these have sent for tickets, and they intend to continue as monthly subscribers.'—Toronto (Ont.) News, Sept. 12.

FARM AND GARDEN.

A sow will raise better pigs when from two to four years old than at any other age.

Seven or eight weeks' old pigs should be weaned for their own and their mother's good.

A hog's skin is waterproof and has no pores except those on the inside of the front legs.

Raw onions, chopped fine and mixed with the food twice a week, are said to be a preventive of chicken cholera.

Roots are excellent for sheep in winter and are especially important with heavy grain feeders, in keeping the digestive organs in full vigor.

Do not feed breeding sows very largely on grain. They may be kept in good condition, but it should be done by more bulky or partially green food.

To train a flock of sheep raise a lamb at the house, teach it to come when called and then put it with the flock. By calling the petted lamb the others will follow.

Many of the ills affecting the hogs are due to filthy pens. It is not so much in the amount of filth that the difficulty is met as in the dampness caused by the filth.

Give the hogs pure, fresh water to drink; avoid ice, and answer the purpose of water. A very little salt, wood ashes and charcoal should be thrown in their pens at times.

Keeping a close watch over the plough point, and having it sharp, or replacing it frequently with a new one, will often save ten times the cost of the plough in labor.

A cow in milk should never be driven faster than a walk. Good cows have large and well filled udders, which cause pain to them if they are hurried or driven in a run.

Five manure for crops is more valuable than coarse. It can be broken up minute better rations than any of the machines invented for the purpose. Scatter some wheat over the pile and turn them on.

The people of Siberia buy their milk frozen, and for convenience it is allowed to freeze about a stick, which counts as a handle to carry it by. The milkman may leave one chunk or two chunks, as the case may be, at the house of his customers.

Run green cover, rye, wheat, oats or corn through the feed cutter, set to cut in half inch lengths, and feed to hogs confined in yards. This is the salubrious system applied to poultry keeping, and works admirably, as those who know who have tried it.

There is nothing that will fatten a pig as quickly as sweet potatoes. They are superior to corn for that purpose. Pick out those that are marketable and boil the culls for the pigs. They may be given to steers also and can be fed raw or cooked.

The young shorthorn breeder who will take one good family and breed it in its purity with the best sires will attain a success and reputation not to be equaled by the miscelaneous breeder of a dozen families. The young breeder who takes one family of good breeding and of the very best individual merit, and with the right kind of bull to stamp a uniform type, will attain fame and fortune if he will stick to his one family for ten or twenty years.

The kind of sheep to keep depends on the soil and pasture. The Southdown is the best breed to cross with native ones that are made to fatten a great portion of the time. Merinos do better in large flocks than do the heavy mutton sheep. Heavy breeds cannot range as easily as the small sheep, and therefore require more attention. Using the improved breeds for crossing means that a larger allowance of food must be given if success is expected.

I HAVE BEEN a severe sufferer from Catarrh for the past 15 years, with increasing pain over my eyes. Gradually the disease worked down upon my lungs. About a year and a half ago I commenced using Ely's Cream Balm, with most gratifying results, and am to-day apparently cured.—Z. C. WAHNEY, Rattaland, Vt.

My DAUGHTER and myself, great sufferers from Catarrh, have been cured by Ely's Cream Balm. My sense of smell restored and health greatly improved.—C. M. STANLEY, Merchant, Ithaca, N. Y.

FRUITS, &c.—The market for fall apples is still disappointing, sales of car lots of good sound fruit having been made at \$1.20 to \$1.25 per bbl., and we quote \$1.15 to \$1.50 per bbl., as to quality and size of lot. There can be no doubt that our winter apples will show excellent quality, being very clean and nice.

PEARS.—It is thought that the great glut of Flemish Beauties is nearly over, and prices have improved somewhat, sales having been made from \$2 to \$3.50 per bbl., some choice green fruit being quoted at \$4 to \$6 per bbl. Bartlett pears are called for, but they are very scarce. Hundreds of cases of Flemish Beauties have been carted to the dumping grounds.

PRUNES.—The receipts of Canadian peaches during the past few days have been principally small sized, baskets of small selling at 40c and large baskets at \$1.25.

GRAPES.—Almeria grapes are arriving in first rate condition, the quality being very fine, and are selling at \$3.50 to \$6 per case for crop. The crop is believed to be large, but owing to the glut of Canadian grapes their sale is slow. Blue grapes have been disposed of at 2 1/2 to 3c per lb., red at 4c to 5c, and Delaware at 3c to 5c.

ORANGES.—The demand is slow, and a limited business is being done at \$8 per barrel for Jamaica, and at \$10 to \$15 per case for Brazil, owing to the abundance of fall fruit, oranges have been neglected.

LEMONS.—Business has been restricted, and the volume of trade in consequence small, with

little or no change in values, which are quoted at \$5 to \$6 in boxes and at \$7 to \$8 in cases.

BANANAS.—The principal kinds now on the market are Yellow Jamaica, which sell at \$1 to \$1.75 per bunch.

COCONUTS.—There is a moderate demand, and the sales that have been made lately were chiefly on country account at \$5 to \$6 per 100.

SMOKED FISH, ETC.—Sealed herrings are in fair demand with sales at 18c to 20c per box, and blotters have changed hands at \$1 to \$1.50 per box.

GENERAL MARKETS. CIGARETTES.—Although some of the late potatoes are complained of as being small, on the whole we have reasons for believing that there will be a fair average crop in Lower Canada.

POTATOES.—The market is steady under a fair enquiry, and prices range from \$3.25 to \$4.50.

SMOKED FISH, ETC.—Sealed herrings are in fair demand with sales at 18c to 20c per box, and blotters have changed hands at \$1 to \$1.50 per box.

GENERAL MARKETS. CIGARETTES.—Although some of the late potatoes are complained of as being small, on the whole we have reasons for believing that there will be a fair average crop in Lower Canada.

POTATOES.—The market is steady under a fair enquiry, and prices range from \$3.25 to \$4.50.

FOR BABIES.

A prominent physician says: "In my opinion, the general use of Lactated Food would very largely reduce the alarming death rate now prevalent among infants." This is undoubtedly true, for Lactated Food has been successful in hundreds of cases where other prepared foods had failed, and has been the means of saving many a life. It contains great nutriment, and overcomes all irritation of the digestive organs. Babies thrive upon it as upon mother's milk. It is never rejected by the weakest stomach, infant and invalid.

COMMERCE.

Weekly Review of Montreal Wholesale Markets.

FLOUR, GRAIN, &c.

FLOUR.—The market continues bare of old wheat flour, and very little new has arrived. The demand is now principally for Manitoba flour, sale of which have been made at \$4.35 to 4.45 and as high as \$4.50 in some instances. Five quarter patent (Ontario) \$1.20 to \$1.75; Strong Bakers' (American), \$1.40 to \$1.65; Strong Bakers' (Manitoba) \$1.35 to \$1.45; Superior Extra, \$1.10 to \$1.15; Extra Superior, \$3.90 to \$4.40; Fancy, \$3.75 to \$3.90; Spring Extra, \$3.90 to \$3.95; Superfine, \$3.55 to \$3.40; Fine, \$3.20 to \$3.30; Mid-Range, \$3.00 to \$3.10; Pullards, \$2.70 to \$2.75; Ontario bags (strong) b. l., \$1.35 to \$1.95; Ontario bags (spring extra), \$1.75 to \$1.80; Ontario sacks (superfine), \$1.60 to \$1.70; City Strong in sacks of 140 lbs. (per 196 lbs.), \$4.40 to \$4.55.

BRAN, ETC.—The market is very firm for Bran, and sales are reported for car lots at \$15.50 to \$16.50, and \$16.00 to \$17.50.

WHEAT.—It is a difficult matter to give reliable quotations of Canada wheat in the absence of spot transactions, but as near as we now ascertain the price of Canada red and white winter may be quoted nominally at 82c to 88c; Manitoba hard in quats at 87c to 88c. Sales in the market district at 55c.

CORN.—The market is quiet at 51c. in bond, and 58c to 59c duty paid.

PEAS.—There is still a very quiet feeling, and prices range from 72c to 73c per bushel of 66 lbs.

OATS.—Brokers state that 30c is about all they can get for car lots, and the last sales of car lots reported to us were at 30c.

RYE.—There is no business, and prices are nominal at 45c to 50c.

BUCKWHEAT.—There is no demand, and prices remain nominally at 40c to 42c per 48 lbs.

BARLEY.—Prices are about as last quoted, namely at 52c to 57c for car lots, and to choice making and at 48c to 48c for feed.

MAIZE.—Markets quiet. Montreal 50c to 90c per bushel, in bond, and Ontario 7c to 80c.

SEEDS.—Reports from Upper Canada state that the clover crop will be short, but that the quality will be fair, as may be seen. Here there is no change, and prices are nominal as follows: Canadian timothy \$2.75, and American \$2.50 to \$2.60. Red Clover seed \$5.50 to \$6 per bushel, Alaska \$3.50 to \$3.25, and flax seed \$1.10 to \$1.25.

PROVISIONS.

PORK, LARD, &c.—The market holds very firm for most pork, and we have to report further sales of Western short cut cleared at \$18.50. Canada short cut cleared for to country shipper at \$19. Lard continues to meet with fair enquiry. Smoked meats are rather slow sale, but there is no change in quotations; sugar cured hams have been placed at 11 1/2 to 11 1/4 in fair sized lots, but small parcels may be quoted at 11 1/2 to 12c. We quote as follows: Montreal short cut pork per bbl., \$20.00 to \$20.60; Canada short cut pork per bbl., \$20.00 to \$20.60; Chicago short cut clear per bbl., \$18.50 to \$19.00; mess pork, western, per bbl., \$13.00 to \$13.50; lard, mess beef per ton, \$60.00 to \$65.00; hams, city cured per lb., 11 1/2 to 12c; hams, canvassed, per lb., 6c to 13c; lard, Western, in pails, per lb., 9c to 9 1/2c; Canadian, in pails, per lb., 9c to 10c; bacon, per lb., 10c to 11c; shoulders, per lb., 10c to 8c; tallow, common, refined, per lb., 4c to 4 1/2c.

DAIRY PRODUCE. BUTTER.—No improvement can be noted in the butter market, business being exceedingly quiet and outside of the local trade we learn of no new business. A car load of Manitoba dairy butter has been received, and the quality is rather inferior. In Western the sale is reported of a lot at 17c, and one lot at 17 1/2c, but selections are held at higher figures. We quote:—

Creamery.....22 @ 24
Townships.....19 @ 20
Morbisburg.....15 @ 20
Brookville.....15 @ 20
Western.....15 @ 18
Low grades.....13 @ 14

CHEESE.—The only new business consists in picking up the few stragglers lots of uncontracted goods that occasionally are offered at quite a reduction up a contract figure. Shipments this week will be light. We quote prices as follows:—

Finest August.....12 @ 12 1/2
Finest white July.....11 1/2 @ 12
Finest.....11 1/2 @ 11 1/2
Medium.....10 1/2 @ 11

COUNTRY PRODUCE.

EGGS.—The market is firm, owing to light receipts and a fair enquiry. Fresh stock is selling at 17 1/2 to 18c, and other kinds at 16 to 17c; Bacon, in Lard, is selling from 16c to 17c; principal points of growth state that the bean crop will be light, considerably below that of last year. Holders are therefore firm, and prices in this market are quoted at \$1.75 to \$1.90 for good to choice hand picked, although we hear of some poor stock offering at \$1.25 per bushel.

HONEY.—Several sales of Eastern Townships honey in comb have been made during the past few days, but the quantities were small. The prices realized were 14 to 15c per lb. for choice white clover, and at 10 to 12c for dark colored. In strained goods sales are reported at 10 to 12c per lb. Adulterated goods are quoted at 8 to 9c.

HOPS.—There can now be no doubt that Canada has a good crop of hops, which, both as regards quantity and quality, surpasses that of last year. During the week there have been sales of Eastern Townships and Western hops at 14 to 15c.

APPLES.—The market continues quiet with only a small enquiry, last sale reported being at 1.0m \$4.25 to \$4.40 for 1st lot.

FRUITS, &c.—The market for fall apples is still disappointing, sales of car lots of good sound fruit having been made at \$1.20 to \$1.25 per bbl., and we quote \$1.15 to \$1.50 per bbl., as to quality and size of lot. There can be no doubt that our winter apples will show excellent quality, being very clean and nice.

PEARS.—It is thought that the great glut of Flemish Beauties is nearly over, and prices have improved somewhat, sales having been made from \$2 to \$3.50 per bbl., some choice green fruit being quoted at \$4 to \$6 per bbl. Bartlett pears are called for, but they are very scarce. Hundreds of cases of Flemish Beauties have been carted to the dumping grounds.

PRUNES.—The receipts of Canadian peaches during the past few days have been principally small sized, baskets of small selling at 40c and large baskets at \$1.25.

GRAPES.—Almeria grapes are arriving in first rate condition, the quality being very fine, and are selling at \$3.50 to \$6 per case for crop. The crop is believed to be large, but owing to the glut of Canadian grapes their sale is slow. Blue grapes have been disposed of at 2 1/2 to 3c per lb., red at 4c to 5c, and Delaware at 3c to 5c.

ORANGES.—The demand is slow, and a limited business is being done at \$8 per barrel for Jamaica, and at \$10 to \$15 per case for Brazil, owing to the abundance of fall fruit, oranges have been neglected.

LEMONS.—Business has been restricted, and the volume of trade in consequence small, with

little or no change in values, which are quoted at \$5 to \$6 in boxes and at \$7 to \$8 in cases.

BANANAS.—The principal kinds now on the market are Yellow Jamaica, which sell at \$1 to \$1.75 per bunch.

COCONUTS.—There is a moderate demand, and the sales that have been made lately were chiefly on country account at \$5 to \$6 per 100.

SMOKED FISH, ETC.—Sealed herrings are in fair demand with sales at 18c to 20c per box, and blotters have changed hands at \$1 to \$1.50 per box.

GENERAL MARKETS. CIGARETTES.—Although some of the late potatoes are complained of as being small, on the whole we have reasons for believing that there will be a fair average crop in Lower Canada.

POTATOES.—The market is steady under a fair enquiry, and prices range from \$3.25 to \$4.50.

SMOKED FISH, ETC.—Sealed herrings are in fair demand with sales at 18c to 20c per box, and blotters have changed hands at \$1 to \$1.50 per box.

GENERAL MARKETS. CIGARETTES.—Although some of the late potatoes are complained of as being small, on the whole we have reasons for believing that there will be a fair average crop in Lower Canada.

POTATOES.—The market is steady under a fair enquiry, and prices range from \$3.25 to \$4.50.

little or no change in values, which are quoted at \$5 to \$6 in boxes and at \$7 to \$8 in cases. COCONUTS.—There is a moderate demand, and the sales that have been made lately were chiefly on country account at \$5 to \$6 per 100. CIGARETTES.—Although some of the late potatoes are complained of as being small, on the whole we have reasons for believing that there will be a fair average crop in Lower Canada. SALES HAVE BEEN MADE BY FARMERS AT 60c TO 70c PER BAG BY THE LOAD, BUT THEY ARE UNWILLING TO SELL ANY QUANTITY, AND THE OUTSIDE FIGURE WOULD HAVE TO BE PAID FOR A CASHLOAD.

GENERAL MARKETS.

SMOKED FISH, ETC.—Sealed herrings are in fair demand with sales at 18c to 20c per box, and blotters have changed hands at \$1 to \$1.50 per box. FINNISH HERRIES meet with fair enquiry and business transpires at 7c to 8c per lb. CIGARETTES are very quiet at \$3 to \$3 per 100. BREADS are being made all the way from 4 1/2c up to 7c per lb., as to quality and quantity.

FISH OILS.—There have been further transactions in seal oil at 46 to 47c per gallon, but in cod oil very little is being done, and prices are more or less nominal. It would cost 31c to 32c to lay it down here on the basis of prices in Halifax, and the demand for seal oil is rather limited. Seal oil is not in England than home. Cod liver oil is quiet and steady at 70 to 75c.

PROKLED FISH.—In Labrador herring we hear of sales to arrive of 1,100 bbls., at \$5, about 700 bbls., of which are for Upper Canada firms. In smaller quantities 25c to 50c per bbl. may be added to this price. Cape Breton are quoted at \$5 to \$5.25 in round quantities, and at 25c to 50c extra for small jobbing lots. Dry cod continues in fair demand with sales reported at \$4.00 to \$4.25 per quintal. Green cod h'd's steady, but there is not much enquiry for it, and No. 1, which is the only kind asked for, is quoted at \$4 to \$4.25 per bbl. Salmon is quiet but steady at \$22 per tierce for No. 1 New foundland.

COAL.—It is estimated that the importation of Atlantic coal this season has been about 33 per cent in excess of that of last year, but in the face of that buyers have not been able to satisfy all their requirements for Lower Ports coal. Cape Breton coal is quoted at \$3.20 to \$3.25 for car lots, and \$3.40 for smaller quantities.

PIERCE'S LITTLE PEPPERS LIVER COOL BILLET PILLS.

BEWARE OF IMITATIONS. ALWAYS ASK FOR DR. PIERCE'S PELLETS, OR LITTLE SUGAR-COATED PILLS.

Being entirely vegetable, they operate without disturbance to the system, diet, or occupation, and put in glass vials, hermetically sealed, always free from acids. As a laxative, alternative, or purgative, these little Pellets give the most perfect satisfaction.

SICK HEADACHE.

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all Disorders of the Stomach and Bowels are promptly relieved and permanently cured by Dr. Pierce's Pleasant Purgative Pellets.

In explanation of the remedial power of these Pellets over so great a variety of diseases, it may be said that their action upon the system is universal, not a gland or tissue escaping their salutary influence. Sold by Druggists, 25 cents a vial. Manufactured at the Chemical and Electrolytic Works of the MEDICAL ASSOCIATION, Buffalo, N. Y.

\$500 REWARD is offered by the manufacturer, Dr. Sage's Catarrh Remedy, for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, sneezing, falling of the mucus into the throat, sometimes profuse, watery, and acid, at others, thick, tenacious, mucous, present, bloody and purulent, the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectation of offensive matter, and in which every day the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without counting those of the very worst kind, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by the people, as Catarrh of the Nose and Throat. Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "cold in the head," Coryza, and Catarrh of the Throat. Sold by Druggists everywhere; 50 cents.

"Untold Agony from Catarrh." Prof. W. HAPSNER, the famous mesmerist, of Ithaca, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one that every day I would barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hacking and Spitting." THOMAS J. RUSHING, Esq., 292 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hacking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me, Larchly, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh. ELI ROBBINS, Junr, P. O. Columbia Co., Pa., says: "My daughter had catarrh when she was only a few months old. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; she is now eighteen years old and sound and hearty."

ELYS CREAM BALM CATARRH Cleanses the Head, Allays Inflammation, Heals the Sores, Restores the Senses of Taste, Smell, Hearing. A quick Relief. A positive Cure. HAY-FEVER

A particle is applied into each nostril and is agreeable. Price 50 cents at Druggists, by mail registered. 50c per box. Oronoko, N. Y. ELY'S CREAM BALM, CATARRH, CURE FOR HEADACHE, COLIC, BRUISES, BURNS, SORES, AND ALL AFFECTIONS OF THE SKIN.
