BALLANTINE  
MACHINES  
ARE  
ALWAYS  
RELIABLE

THEIR  
FIRST COST  
IS THE  
WHOLE COST

TRAVERSING HAND GAINING MACHINE.

A new and strictly high grade tool designed for carpenter, agricultural and car shop work. Furnished with improved expanding head to cut gains from  $\frac{1}{2}$ " up to 6" wide. Weight of machine 1750 lbs.

### IT DOESN'T MAKE ANY DIFFERENCE

how much you pay if you get your money's worth. This is especially true in buying machinery. It pays to get reliable machines.

BALLANTINES—THE BEST.
