

- (c) the implementation of projects for research and development as well as for design and for application of nuclear energy for use in such fields as agriculture, industry, medicine and the generation of electricity and heat;
- (d) industrial co-operation between persons in Canada and in the Slovak Republic;
- (e) technical training and related access to and use of equipment;
- (f) the rendering of technical assistance and services, including exchanges of experts and specialists; and
- (g) the exploration for and development of uranium resources.

#### ARTICLE III

1. The State Parties shall encourage and facilitate co-operation between persons under their respective jurisdictions on matters within the scope of this Agreement.
2. Subject to the terms of this Agreement, persons under the jurisdiction of either State Party may supply to or receive from persons under the jurisdiction of the other State Party nuclear material, material, equipment and technology, on commercial or other terms as may be agreed by the persons concerned.
3. Subject to the terms of this Agreement, persons under the jurisdiction of either State Party may provide persons under the jurisdiction of the other State Party with technical training in the application of nuclear energy for peaceful uses on commercial or other terms as may be agreed by the persons concerned.
4. The State Parties will make efforts to facilitate exchanges of experts, technicians and specialists related to activities under this Agreement.
5. The State Parties shall take all precautions necessary to preserve the confidentiality of information including commercial and industrial secrets transferred between persons under the jurisdiction of either State Party.
6. The State Parties may, subject to terms and conditions to be jointly determined, collaborate on safety and regulatory aspects of the production of nuclear energy including (a) exchange of information and (b) technical co-operation and training.
7. A State Party shall not use the provisions of this Agreement for the purpose of securing commercial advantage or for the purpose of interfering with the commercial relations of the other State Party.
8. The cooperation contemplated by this Agreement shall be in accordance with the laws, regulations, and policies in force in the Slovak Republic and Canada.

#### ARTICLE IV

1. Nuclear material, material, equipment and technology specified in Annex A shall be subject to this Agreement unless otherwise agreed by the State Parties.
2. Items other than those covered by paragraph (1) of this Article shall be subject to this Agreement when the State Parties have so agreed in writing.
