M o n t r e a l .

Dear Miss d'Amour,

I have your letter of the 10th
November, enclosing copy of the reply you received
from the American Federation of Musicians of the
United States and Canada.

You have served the Faculty of
Music of the University for a long time, and very
faithfully, and I think the best we can all do is
to forget this unpleasant occurrence. I want you
to continue to work in harmony with Dean Douglas
Clarke as a member of the staff of that Faculty.

With all good wishes,

I am,

Ever yours faithfully,

Principal.
