MILITARY BURIAL FOR COL. MATHESON

Late Provincial Treasurer Will Be Laid to Rest in

SIR JAMES MAY NOT GO

Cabinet Ministers and Parliamentarians From All Canada Will Attend.

Cabinet ministers and members of parliament from all parts of Ontario will attend the funeral this afternoon in Perth of the late Col. the Hon. A. J. Matheson, provincial treasurer. Altho it is improbable that Sir James Whitney, for twenty years a comrade of the late treasurer, will go to Perth, the government will be represented by the following cabinet ministers, Messrs. Hanna, Lucas, Duff, Hearst, Dr. Reaume, and the Speaker, Hon. W. H. Hoyle. The lieutenant-governor, Sir John Gibson, will be represented by his A.D.C., Major Caldwell.

Out of respect for the late colonel, Sir James Whitney has ordered the parliament buildings to be closed at 1 o'clock today. Hon. Mr. Hoyle also announced that there would be a postponement of the social reception this year until after the opening of the house.

WANTED TO DIE

KINGSTON, Jan. 27.—(Special.)—
N. Bunker, student of Queen's, skated on thin ice on the Rideau River and would have drowned but for timely arrival of three fellow students, R. Cairns, F. Bird and G. Raitte. The three formed a human chain, Cairns crawling on his hands and knees to the edge of the ice and throwing his overcoat to Bunker. In this way he was pulled out.

Kidney Disease and Cravel Caused Keenest Suffering-Cured by Dr. Chase's Kidney-Liver

Mr. W. Smith

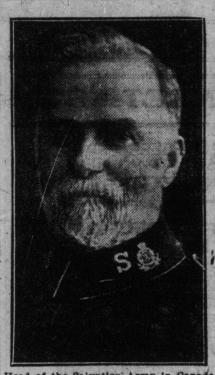

That diseases of the kidneys cause the greatest suffering is well known, and when stone or gravel is formed in the bladder the torture is almost beyond human endurance.

The disease should never be allowed to reach this dangerous stage Pains in the small of the back, pain or smarting when passing water, frequent urination, loss of flesh and weight tell of the need of Dr. Chase's. Kidney-Liver Pills to regulate and invigorate the kidneys and restore these

organs to health. Mr. W. Smith, Port Dalhousie, Ont writes:—"For some years I was af-flicted with kidney disease and gravel in its most severe form, having often a stoppage of water, accompanied by the most dreadful agony. As the disease wore on me I became reduced in dest and passed sleepless nights. No doctor was able to do much for me, and I used many medicines without obtaining more than temporary relief. My attention was directed to Dr. Chase's Kidney-Liver Pills, and by using this treatment the disease was using this treatment the disease was eradicated from my system in less than six months. I have gained in weight, sleep well, and feel better than I have for twenty years."

bostpornement of the social reception this year until after the opening of the house.

Last night the government representatives went to Perth in the private car "Temagami," attached to the Ottawa train, which left North Toronto station at 10.30. In the same train were Mr. Sproule, deputy provincial treasurer; Charles Matthews, private secretary to the late ministers and Mr. Douglas, chief clerk in the treasury department. It is altogether likely that several cabinet ministers and members of the house of commons will also attend the funeral.

Numerous wreaths and sprays of flowers were sent from Toronto to be placed on the casket. Sir John and Lady Gibson, Sir James Whitney, on behalf of his colleagues, and Hon. W. H. Hoyle, on behalf of the members of the legislature, sent large wreaths.

Col. Matheson will be given a military funeral. Ever since the Northwest Rebellion in 1885 he was commander of the 42nd Regiment of Perth. He also served in the Fenian Ra.d. The funeral service will take parliamentarian had been a member since boyhood, and firsh to Elmwood Cemetery.

Qualified Pharmacists Required to Do Dispensing in All Institutions.

All hospitals in Ontario must hereafter have their dispensing of drugs done by a qualified druggist or physician in attendance. Notice to this effect was sent out to the various institutions yesterday by W. B. Graham, registrar-treasurer of the Ontario College of Pharmacy. The latter stated, in part:

Fharmacy Act in regard to the dispensing of drugs, medicines, and poisons, and that to do so it will be necessary to have a qualified druggist or a physician in attendance, who must do the dispensing."

The College of Pharmacy has had this action under consideration for some time. As long ago as last September complaint was made that the hospitals and dispensaries were not obeying the law as regards the dispensing of drugs and medicines. It was reported to the college that in certain institutions young nurses were in the habit of compounding prescriptions, and that more than one death had occurred as a result. had occurred as a result.

The government was approached in regard to the situation, and, according to certain members of the college, responsible officials admitted that the law was probably being broken.

Several hospital authorities in Toronto stated that all the local institutions had pharmanically according to the college. tutions had pharmacists in attendance.
The notice that the act must be complied with was the result of a number of complaints from patients.

Here is a woman of the street. Is the jail sentence a cure for the Social Evil? We know it is not.

The Salvation Army does a wonderful work here. It reaches these women. It saves them-dozens of them, and those whom they imperil.

And AGAIN:

It finds places where they can start over again earning their livelihood in a self-respecting way. Sixty-two per cent, of such women are permanently reclaimed where the workers are not trained, but 84 per cent. where the training school exists.

These are but examples of a work that reaches out to every stratum of society—to the debased—the weak—the poor—the ignorant—the unfortunate.
