RESISTANCE STRONG

Russians Are Fighting Val-
iantly to Save Brest-
Litovsk.

PETROGRAD, Aug. 20, via London.
Aug. 21.—A communication tonight
says in part:

"From Ossowets southward, and
still further along the whole front
of the upper Narv and the Bug in the
course of the 18th and 19th the Ger-
mans made strong attacks. On the
right bank of the Narv in the region
of Strenkova and Gaura in the
Strabala-Biesk sector, and near
Lipnitsa, 20 versts (13 miles) north-
west of Brest-Litovsk in the sectors
stacked our troops continue to with-
stand the enemy. Our cavalry assisted
in repulsing a German offensive
near Lipnitsa, attacking the German
infantry in strong force.

"Near Novo Georgievsk, after occu-
pying the left bank of the Wkra, the
Germans concentrated all their efforts

northwest of the Wkra as far as the
Vistula. By an incessant bombard-
ment with a hurricane of projectiles
they almost completely destroyed our
fortifications. In this section on the
evening of the 18th the Germans sur-
rounded one fort in the region of Wym-
slow and afterwards, despite enormous
losses, directed their columns on the
rear of the Zakroczyn sector. This
compelled our troops on the night of
the 19th to retire on the line of the
former forts forming the central de-
fence. In the course of the follow-
ing day, having destroyed by their fire
two of these forts, the Germans by a
series of sanguinary assaults, occu-
pied their ruins from which they di-
rected their fire against the central
defences. We blew up the bridge over
the Narv and the forts we abandoned
in the northern sections."

For Freckled, Tanned, Red or Wrinkled Skin

Just beneath that freckled, tanned or
reddened complexion there's an exquili-
bly beautiful skin of youthful tint and
delicacy. If you could only bring this
complexion to the surface, discarding
the discoloured one! You can—in the
easiest, simplest, most natural manner
imaginable. Just get at any drugstore
an ounce of ordinary mercurochrome
apply nightly like cold cream, removing
it mornings with warm water. The wax
assists Nature by gradually peeling off
the lingering particles of scorched and
half-dead surface skin, causing no dis-
comfort whatever. Cutaneous defects
like pimples, blotches, liver spots, moth
patches, freckles, of course disappear
with the old skin. Nothing else will
accomplish such wonderful results in so
short a time.

Fine lines and even deeper wrinkles
often appear at this season. In such
cases nothing is better than a face bath
made by dissolving 1 oz. powdered exco-
riant in 1 qt. water. This is re-
markably effective.

RECRUITING GOOD CAMP STARTS SOON

New Highland Battalion Will
Be Full Strength Be-
fore Long.

FORTY-EIGHTH PARADE

Splendid Appearance of Men
Attracted Down Town
Crowd.

With the arrival from Niagara camp
of Col. George T. Chisholm, the entire
strength of the 92nd Highlanders
Battalion has been nearly completed.
Col. Chisholm announced last night
that the officers would be chosen early
next week. He arrived in Toronto last
night from the camp and expects that
his command will go under canvas
within a couple of weeks, as the bat-
talion will probably reach full strength
before that time and will be fully
armed and equipped.

According to the figures given out
at the recruiting depot last night, 628
men have been secured. The recruit-
ing officers stated that the men were
of a very high standard.

Col. Chisholm said with the 200
secured by the 91st Highlanders of
Hamilton the battalion was very near-
ly at full strength yesterday, and that
it would not take more than a few
days to secure the entire complement.

The 48th Highlanders turned out
1059 strong last night for their re-
cruiting parade with Major Darling com-
manding. Of this number 621 were
members of the overseas force, and an
additional 182 men were on guard.

The regiment marched through the
streets, following a route along Queen,
Yonge, Sherbourne, and then through
and Yonge streets. Headed by both
bands, the Highlanders presented a
fine appearance and attracted a large
crowd along the line of march. Upon
their return to the armories, Major
Darling gave the men a short talk,
asking them to go ahead with recruit-
ing, both for home service and for
overseas.

Col. Currie was present to speak to
the regiment. He complimented them
on the fine appearance they presented
on parade, referring particularly to
the men of the 92nd Battalion.

151 Pass Tests.
The report of the recruiting depot
at the conclusion of yesterday's re-
cruiting showed that the strength of
the various units was as follows:
Queen's Own, 84; 10th R.G., 135;
12th York Rangers, 133; 36th Peel
Regiment, 159; 48th Highlanders, 628;
100th, 43; G.G.B.G., 31; 9th Mississ-
auga Horse, 163; 9th Battery, 30. A
total of 151 were passed yesterday,
after being medically examined and
attested as medically fit.

There was a turnout of 150 men at
the weekly parade of the 92nd Bat-
talion, which took place at the armories
last night, when Nos. 2 and 12 Com-
panies were put thru company and
squad drill by Col. Cowan.

The reorganization of the Queen's
Own recruiting staff has already had
a marked effect on the recruiting, ac-
cording to the officers who were present
on the parade grounds, and the fact
which will be opened at the Exhibition
grounds in connection with the Model
Military camp.

Recruiting for 35th.
The recruiting for the 35th Battal-
ion is proceeding, and although 250 have
gone to Niagara camp during the last
part of this week, a like number
more is needed, and the recruiting of-
ficers are busy getting the additional
men.

In the Highlanders' regimental or-
ders issued last night, extracts from
the militia orders showed that Lieut-
enant's certificate had been granted to
Lieut. M. E. Malone, captain's certi-
ficates to Lieut. L. B. M. Loudon and
Lieut. M. E. Gooderham.

The order providing that married
men do not need the consent of their
wives in the old country, enlist
without the necessity of communicat-
ing with their relatives, stated a 48th
officer. As about ten men had been
turned down each day for this reason
it was estimated that the new order
would help recruiting.

DRIVER OF JITNEY STOPPED ASSAULT

Presence of Mind Saved Jas.
Bateman From Being Rob-
bed in Car.

NARROWING THE CLUES

Slayer of Joseph Veznia to Be
Brought to Justice, Says
Inspector.

Wallace Stewart, 19 Madison ave-
nue, was arrested last night for at-
tempting to steal \$40 from James
Bateman, a farmer from Caledonia.

It appears that the two men had
been drinking together, after which
Stewart hired a jitney and took Bateman
along. When nearing the corner
of St. Clair and Vaughan roads it is
alleged, Stewart choked Bateman and
tried to take the \$40. The jitney driver,
becoming aware of the struggle going
on behind him, increased the speed of
the auto and stopped in front of the
first police officer he met, had Stewart
arrested.

"We expect an arrest any time now.
The various clues, of which there was
legion, have now been narrowed down
to something that is definite, and I
have no hesitation in saying that the
slayer of Joseph Veznia is in a quick
way to be brought to justice," said In-
spector Kennedy of the detective de-
partment yesterday.

This capture will close one of the
hardest cases that the detective force
has had to cope with in recent years.
Absolutely no clue was left except a
few broken chips of glass that either
came from the windshield or the lamp
as a result of the contact with Veznia.

The description obtained of the car
at the time was so vague that it was
worthless as evidence, and the rumor
that a car had been seen pull into a
garage in the early hours of the morn-
ing with a broken windshield and its
radiator covered with blood resulted in
the arrest of a grocer who was subse-
quently released.

The theory is that the car was out
on a joy-riding expedition, and that
the owner of the car is unaware of
the use that it was put too on that
night, he probably being out of town,
and that the driver was in charge at
the time.

In the event of the driver of the car
being arrested, a charge of murder will
be laid.

Information was received by wire
last night at the Toronto detective
office from Vancouver, stating that
Arthur J. Nicholson of this city was un-
der arrest for stealing \$200. Nicholson
was employed by the T. J. Medland
Company, West King street, and it is
alleged that while collecting for this
company he appropriated the money
for his own use.

A detective will leave today for Van-
couver to bring him back to answer
the charge.

George Pickering, 682 Montrose ave-
nue, employed at the John street
pumping station, was badly injured
yesterday. A plank fell on him. He
was taken to the General Hospital, and
at a late hour last night was progress-
ing favorably.

Richard Ludlow, 8, 108 Claremont

street, was knocked down by a motor
car yesterday afternoon on Arthur
street and severely injured about the
head. He was taken to his home by
the driver of the car, C. J. Townsend.

The practice of obtaining recruits in
the police court by giving criminals
the choice of serving their sentences
or enlisting, is not meeting with the
favor of prominent military officers in
the Toronto regiments.

Lieut.-Col. Henry Brock in refer-
ence to the subject said: "It will low-
er the average morale of the troops
and have a tendency to discourage
the ranks if they think it will be
necessary to associate with criminals."

The question is receiving the atten-
tion of the military authorities and it
is believed that positive steps will be
taken to prevent a like occurrence.

James Foley was found guilty yester-
day afternoon in the police court of
keeping a common gaming house in the
Palmer Hotel, corner of Spadina
avenue and King street. Magistrate
Denison fined him \$30 and costs.

Witnesses swore that Foley had ac-
cepted money from them, which they
intended him to place for them at Duf-
ferin Park.

DEATH CAUSED BY KICK IN STOMACH

Mary Anne Leitch Died From
Blow by Husband,
Says Jury.

NO MALICIOUS INTENT

Verdict at Inquest Stated That
Injury Was Not Caused
Intentionally.

After hearing the evidence relative
to the death of Mary Anne Leitch, 114
Parliament street, who died in the
General Hospital Aug. 16 from periton-
itis, Coroner W. W. Graham's jury
brought in a verdict to the effect that
Mrs. Leitch came to her death by be-
ing kicked in the stomach by her hus-
band, Archie Leitch, on the morning
of Aug. 3, at her home. The jury
decided that the kick caused a rup-
ture of the intestine, but that it was
not done with maliciousness or inten-
tion to injure.

Yesterday morning Leitch was
brought up in the police court charged
with murder, but was remanded un-
til the verdict of the coroner's jury
could be given.

In her ante-mortem statement Mrs.
Leitch said that her husband had
kicked her in the stomach about 2
o'clock in the morning of Aug. 3. Dr.
Forbes-Godfrey and Dr. Crawford, who
performed the post-mortem examina-
tion, declared that the rupture which
they found in the intestine might have
been caused by such a kick. There
was no evidence to show that the
condition was brought about by any
other cause.
