## EVENING WRAPS ARE GORGEOUS IN STYLE

Latest Models Are Fashioned on Voluminous Lines With Exquisite Trimming.

## CREATION IN VELVET

Fur Collar and Hem With Girdle of Embroidery Embellish Elegant Garment.

Gorgeous materials and yards of exquisite trimmings are put into the newest evening wraps of the season. There seems no limit to the richness of these sumptuous models. Collars, of course, are high, full and made of fur; trimmings include broad bands of the favorite skins, beaded cloths or rich brocades, while voluminous lines continue their unrivaled popularity. Several of the newest features were recently employed in a handsome wrap recently launched, being fashioned from an excellent quality of black chiton velvet. The model was extremely full-skirted and rippling and long as the dainty frock over which it was worn. A broad band of skunk fur finished the wired hem, fur also constituting the high chinchilla collar, which is so widely exploited in the best models. The upper part of this model fitted fairly snugly at the shoulders and flared in a semi-tulle effect at the waistline, where an exquisite band of metal embroidered cloth is applied as a broad girdle. The sleeves were very full, set in a large armhole and gathered at the wrists, where they were finished with deep ruffles of velvet lined with a satin brocade. Dainty little evening bags made up of the materials of which the wrap are fashioned are carried.

## STRONG RESOLUTION DEPLORES STATEMENT

Position of Patriotic League Concerning Reports of Miss Macmillan's Speech.

The following resolution was passed at the executive committee meeting of the Toronto Women's Patriotic League, held last night: That, the members of the executive committee of the Toronto Women's Patriotic League deplore the fact that a woman having the disloyal and unpatriotic views that Miss Chrysalis Macmillan is reported in some of the daily papers to hold, should have been allowed to speak in a British country in times of war such as the present, and further we desire to censure the wife of an officer in His Majesty's army, for moving a vote of thanks for the speech made by Miss Macmillan in Victoria Hall on Wednesday evening, Oct. 27, if the newspaper reports are correct.

## TORONTO BETTER THAN MOST CITIES

Criticism of Social Survey Commission Welcome Says G. A. Warburton.

## URGES IMPRISONMENT

Prostitution Should Not Be Penalized by Fines, Says Speaker.

"We welcome the criticism which has been leveled at us because whenever any remedy is threatened in the business of prostitution the base elements find some medium with which to attack those at work," said G. A. Warburton, secretary of the social survey commission, to the members of the Canadian Club yesterday, in an address on the morals of Toronto. Mr. Warburton told the members that while Toronto was far above most cities of its size in regard to morals, prostitution was common, houses of assignation were numerous, and street soliciting far too prevalent. While he believed the police were doing effective work with loose women still he believed they could do more towards really stamping it out by co-operating with the social survey commission. "The social survey commission believes that prostitution should not be penalized by fines, but imprisonment. And the men found in the houses of ill fame should not be allowed off scot free," he declared.

Occasional prostitution he said by working girls was the most dangerous while slave traffic in Toronto, and only in one instance had they found that a girl had been forced into a life of prostitution. From 40 to 60 per cent of the patients admitted to the free wards of our hospitals, Mr. Warburton contended, were suffering from venereal diseases. There were 76 cases of diphtheria against 90; scarlet fever, 24 against 28; typhoid fever, 45 against 48; smallpox, 9 against 11; mumps, 4 against 14. Of measles there were 230 cases against 240 last year; tuberculosis increased by 11 cases, and chickenpox by 26. There were 13 cases of whooping cough against 7 a year ago. Soldiers are arriving at the Exhibition grounds faster than they can be accommodated and in order to relieve the congestion, the board of control decided yesterday to have the Process Building cleaned out and made ready for them. The need for more room has been occasioned as there are two more battalions at the grounds than originally provided for.

## BOYS' POTATO CROP BOUGHT BY FATHERS

Outcome of Competition Will Surprise and Harvest Will Be Kept for Seed.

The potatoes raised by the young farmers of the province, in the agricultural department competition, have proven to be far better than the regular crop produced by their parents. The potatoes, according to the department, are because the seed they supplied to the boys with which to plant their eighth of an acre farm, is far superior to that used by the potato growers. Whereas it was the intention to sell the potatoes raised in the competition to outside points, and give the money for patriotic purposes, the great bulk of the boys' crop is being bought by their own parents to be used for seed next season.

## MUST LEAVE HONEYMOON.

No Excuse Says Court For Not Attending Case. That Counsel Ingraham of Woodstock was on his honeymoon trip and could not attend was the excuse tendered the appellate court at Osgoode Hall yesterday for postponement of the case of Bull v. Wabas. The court ordered the action to proceed, giving Ingraham the option of returning from his trip at once or turning the argument over to other counsel. Three other cases which were not ready were struck off.

## GIFT FROM DUCHESS.

A very charming gift by which the members of the Toronto Women's Patriotic League feel very much honored was received from H. R. H. the Duchess of Connaught during the week, twelve pairs of socks beautifully knitted by the duchess.

## MAYOR ASKS RULING OF LEGISLATURE

Wants Decision as to Local Improvement Debentures in Borrowing Power.

## SOLDIERS CROWDING IN

Board of Control Will Turn Over Process Building at Exhibition.

Mayor Church yesterday stated that he would apply to the legislature at its next session for a decision as to whether the city should include its share of local improvement debentures when calculating the city's borrowing power. This is the outcome of Monday's uproarious council meeting, when the aldermen decided that the local improvement debt should be included, under which decision the city has exceeded its borrowing limit by about \$7,000. Five of the most dangerous of the contagious diseases showed a decrease throughout the city last month as compared with the same month last year. There were 76 cases of diphtheria against 90; scarlet fever, 24 against 28; typhoid fever, 45 against 48; smallpox, 9 against 11; mumps, 4 against 14. Of measles there were 230 cases against 240 last year; tuberculosis increased by 11 cases, and chickenpox by 26. There were 13 cases of whooping cough against 7 a year ago. Soldiers are arriving at the Exhibition grounds faster than they can be accommodated and in order to relieve the congestion, the board of control decided yesterday to have the Process Building cleaned out and made ready for them. The need for more room has been occasioned as there are two more battalions at the grounds than originally provided for.

## TALKED ON ADVERTISING.

Women workers in advertising were guests yesterday at the men's Ad. Club luncheon. This was the first occasion in Toronto when the men and women met in this manner. Miss Pennell read a practical paper on the relationship that exists between the advertiser and the publisher.

## KING INSISTED ON DECORATING SOLDIER

His Majesty, Despite Great Pain, Pinned Medal on Hero.

## DETAILS OF ACCIDENT

King Was Held Underneath When His Horse Fell.

LONDON, Nov. 2.—The Press Association has issued an official report of the King's accident as follows: "King George was riding a strange horse when he was hurt on Thursday last. The animal reared and fell as a result of the muddy condition of the road. "The King fell from the saddle and was pinned to the ground by the animal falling upon him. The injuries were accounted for by the necessity of conveying his Majesty to a hospital in an automobile. The journey was one of considerable distance, and heavy rain fell all the time. "Despite his suffering the King insisted upon investing a soldier with the Victoria Cross. "The soldier knelt upon the floor beside the bed upon which the King was lying and thus had the medal pinned upon him. However, his Majesty was so weak even this slight exertion fatigued him, and he had to have assistance. "After four days in a hospital the King was brought to England in a hospital ship. At Victoria Station he was met by an ambulance, which took him to Buckingham Palace. His Majesty was carried into the palace upon a stretcher, being unable to stand. "King George is recovering slowly from the effects of his fall. The following official bulletin was issued this morning: "The King had a better night and has no fever. After the effects of the accident are slowly passing off, his Majesty may be some time longer confined to bed. "The soldier decorated by the King was Lance-Sergeant Owen Brooks of the Coldstream Guards. "Mrs. Arthur Pepper, convener, and Mrs. H. C. Rae, honorary convener, of the Belgian Relief Committee, report receipts for October, \$1,153.98. Total received to date, \$15,756.25."

## ACTRESS TELLS SECRET

A Well-Known Actress Tells How She Darkened Her Gray Hair and Promoted Its Growth With a Simple Home-Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with the simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Orin Compound, and 3/4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray haired person look 20 years younger. It is also fine to promote the growth of hair, relieves itching and scalp humors, and is excellent for dandruff and falling hair."

## ONTARIO LACKING IN SUPERVISION

Claim Made by Nursing Institutions Before Medical Commission.

## PROPER RECOGNITION

Necessity for Standardizing Qualifications Strongly Urged.

The Ontario Medical Commission, of which Mr. Justice Hodgins is chairman, yesterday heard the argument of the various nursing institutions to the effect that Ontario was woefully behind the times in regard to proper supervision of nurses. M. H. Ludwig, R.C. representing the various nursing institutions, told the commission that what was wanted mainly was a standard qualification, and the necessity for Ontario graduates being properly registered by the government. The Weston Free Hospital was represented by Miss E. McT. Dickson, the Toronto General by Miss Jean I. Gunn, and the Canadian Nurse by Miss Bell Croft. All spoke to the resolution of the necessity for standardizing the qualifications of nurses. Miss Dickson told the commission that as matters stood now it was impossible for the public to know which nurses are qualified and which are not. She pointed out that in one registry there were six graduates and eighteen non-graduates. Another nurse suggested that the badge "R.N." be given registered and duly qualified nurses to distinguish them. Canada, it was argued, yearly lost the services of many valuable nurses because they went to the States where their qualifications were recognized. Mr. Justice Hodgins asked if all nurses were not selected by the physician. "Yes," was the reply, "but all doctors do not insist on a fully graduated nurse and a graduate nurse does not act unless on the advice of a physician."

Manitoba, according to one speaker, is the only province which has an act governing nurses and their registration. Ontario has attempted to remedy matters, but its efforts so far have been impracticable. She pointed out that in one registry there were six graduates and eighteen non-graduates. Another nurse suggested that the badge "R.N." be given registered and duly qualified nurses to distinguish them. Canada, it was argued, yearly lost the services of many valuable nurses because they went to the States where their qualifications were recognized. Mr. Justice Hodgins asked if all nurses were not selected by the physician. "Yes," was the reply, "but all doctors do not insist on a fully graduated nurse and a graduate nurse does not act unless on the advice of a physician."

## BREACH OF PROMISE AWARD TO PLAINTIFF

William Letchfield to Pay Laura Ball Seven Thousand Dollars, According to Sealed Verdict.

William Letchfield must pay Laura Ball \$7,000 for breach of promise according to a sealed verdict rendered by a jury in the assize court yesterday. Miss Ball brought suit after she had lived with Letchfield for 36 years, the couple being known by the name of Mr. and Mrs. William James Saunders. The woman sued for \$5,000, alleging that in 1909 a marriage license was secured, but was never used because there was no minister handy at the time. Both litigants came from England in 1888. Upon the announcement of the verdict, F. N. Phelan, counsel for the plaintiff, immediately amended his claim to the amount awarded by the jury. The usual stay of judgment for 20 days was granted by Chief Justice Mulock. His lordship reserved judgment as to the plaintiff's interest in certain property held by Letchfield on De Grassi street and Bedford Park avenue.

## SAY THAT PLAINTIFF IS AN ALIEN ENEMY

Defence Used in Action for Damages Brought by Mrs. Iwan Luczycki.

That Mrs. Iwan Luczycki, a resident of Galicia in the war zone, is an alien enemy and has no rights in a British court of law, was the declaration of counsel for the Spanish River Pulp and Paper Company, who sought dismissal of the woman's damage action before Chancellor Boyd yesterday. She brought action for the death of her husband who was killed at Espanola on June 30, 1912. Judgment was rendered in favor of Mrs. Luczycki taking the position that she did not become an alien enemy until the action was closed.

## NO PLEDGE BROKEN WHITLOCK ASSERTS

But He Admits Germans Ignored His Plea for Mercy.

## REPORT NOT COLORED

He Thought Statement on Cavell Case Would Be Kept Private.

WASHINGTON, Nov. 2.—Brand Whitlock, American minister to Belgium, has transmitted a lengthy report to the United States government reviewing in detail the steps taken by him and the members of his legation staff in connection with the execution of the German military authorities of Miss Edith Cavell, a British nurse. The minister declares that the reports made by him on the subject constituted merely a recital of facts without expression of opinion, and that he had submitted them to Ambassador Page at London for his information, but not for publication. In the natural course, the ambassador, reporting on the care of British subjects by American diplomatic officers, transmitted the documents to the British foreign office which made them public. Publication of the letters, Mr. Whitlock says, greatly embarrassed him in Brussels, with the German authorities, who he adds that the latter now seems satisfied with his explanation, and there is no indication of further difficulty.

## AN ASSURED SUCCESS.

Judging from the enthusiasm shown by the audience at the recent concert given in Montreal by the three Canadian Navy Brothers, their concert in Toronto on Nov. 13 will be an immense success. The Montreal concert is described as the triumph of the musical season. The critics are loud in their praise of these three most talented musicians. The concert grand piano of Ye Olde Firm of Heintzman & Co., Limited, will be used in Toronto, as it was in Montreal.

## TRAFALGAR DAUGHTERS TO ASSIST RED CROSS

The regular monthly meeting of the Trafalgar Daughters was held in the Heliconian club rooms yesterday. Mrs. Willoby Cummings gave a very interesting description of the work being done by the various women's organizations for Red Cross. It was arranged that the Trafalgar Daughters take up the work during the winter months. Miss Nora Tucker and Miss Winnifred Lambie contributed musical selections. The hostesses were Mrs. H. B. Harecourt, Miss Jessie Taylor, Miss Florence Reedy and Mrs. W. A. Lydall.
