

PUBLISHERS' ANNOUNCEMENT

The S. J. Clarke Publishing Co., of Chicago, has great pleasure in announcing the preparation of a new history of Montreal by William Henry Atherton, Ph.D.

This work will be one of a series of histories already published by us of the great cities of America, including those of Chicago, St. Louis, San Francisco, Philadelphia, Rochester, N. Y., Syracuse, N. Y., Cleveland, Columbus and Cincinnati, Ohio, Portland, Ore., Spokane, Tacoma, Seattle, as well as of the histories of various States.

Lately we have entered upon Canadian ground and we are preparing to publish works on British Columbia and Manitoba, the editors of these latter being respectively, His Honor Judge F. W. Howay and F. H. Schofield, B.A.

In making to the public our announcement of the preparation of the new History of Montreal by Dr. W. H. Atherton we beg to state that after having made careful inquiries as to the right person to undertake the new work we were glad to secure the services of one who, by his literary taste and ability, wide civic sympathies and well-known interest in many forward movements concerning the welfare of Montreal, is peculiarly fitted for the task and worthy of the confidence of the public, as the list of his Consulting Committee amply testifies.

Dr. Atherton's contributions to the sociological and city planning literature of this city, added to his experience as the Secretary of the City Improvement League (a body largely representative of the best citizens and associations of Montreal, both French and English, formed to promote civic pride in its people and to further its true greatness) give promise of his ability to prepare a history of Montreal from a new point of view and one that is particularly interesting in the present city planning era.

His work should be of interest to widely diverging groups of readers.

In accepting our invitation the author may rely upon the reputation of our firm for the production of a first-class publica-
