EXTEND MORATORIUM

Bill to Be Brought Down
During the Present
Session.

In moving the second reading of a bill standing in the name of the minister of education, Premier Macdiarmid announced for the first time yesterday in the legislature, the illness of Hon. Dr. Cody. He said the minister is not yet out of his room, but his improvement is such that, the house would be glad to learn, he would soon be out. The bill provides for the extension of the government representation in the council of the College of Arts, under the title of an act to revise and amend the College of Arts act.

Hon. Mr. McGarry introduced a bill repealing the war tax, and all its amendments. Replying to a question by W. J. Lowe (Real) Hon. Mr. Macdiarmid said the total cost of the Hamilton highway up to January 31, 1919, for construction, was \$1,085,017, exclusive of extra cost of widening roadways, storm sewers, etc., to be paid by the radial railway and local municipalities. The highway was not then completed. There is an estimated additional charge upon the commission of \$18,800, which does not include the Hamilton entrance radial railway track moving out of the commission's share of bridge construction, which items have to be adjusted by the Ontario railway and municipal board.

The house went into committee of the whole on Hon. Mr. Macdiarmid's bill to amend the factory shop and office building act.

Not Without Permit. Mr. Proudfoot asked for an explanation of the clause in the bill affecting cities having a population of over 50,000, providing that no person shall receive for manufacture, alteration or improvement any garment, article of clothing, wearing apparel or material from which clothing can be made, until a permit has been obtained from the inspector.

Hon. Mr. Macdiarmid replied that the clause is aimed at sweat shops. Allan Studholme said labor had long demanded sanitary provision in shops where clothing is manufactured.

The second clause says no person shall let out for manufacture, alteration or improvement any garment, article of clothing, wearing apparel or material from which clothing can be made, until a permit has been obtained from the inspector.

THE 19th BATTALION.

While no definite announcement has been made as to the point of dispersal of the 19th Battalion, on their arrival in Canada, it is probable that the demobilization of this unit will take place in Hamilton. Nothing official is known as to this at military headquarters. The battalion's original commander, Col. John MacLaren, A.A.G., is also unaware as to the place of dispersal.

The present commander of the battalion is Lieut.-Col. L. H. Millen, of Hamilton, and it is understood that his views of demobilization will point toward his home city. Hamilton is also considered a fairly central point for the men to proceed to their homes, and the view is expressed that city ought to be given an opportunity of paying this respect to at least one returning battalion. A rumor has been started that Brantford is anxious to have the chance of welcoming the battalion, but it is believed that the decision will rest with the O. C. of the battalion.

A new order has been issued at military headquarters in regard to the wearing of military uniforms on respective army duties. The following are the occasions on which it is permissible to wear the khaki: On state occasions, at naval and military funerals and weddings. On naval and military parades, at lectures and addresses, fetes and celebrations, entertainments and other military and military character.

Birch died three weeks after his discharge from the army, and his wife and family were left practically nothing.

NO COMMISSIONS.

W. J. Black, chairman of the soldier settlement board, has issued a statement that no commissions will be paid on the purchase of land for soldier settlers. The land will be purchased direct from the owners and commission men will not be considered.

In this manner the board purposes to give the settler the benefit of every method that can be employed to save him money. Land will be sold at its real value and it is that value which the soldier will pay.

A meeting will be held tonight at 9 o'clock in the Military Institute, University avenue, to further prepare plans for the reception of the famous 15th Battalion, the senior unit of the 48th Highlanders. The delegates to the Citizens' Repatriation League reported a large number of sporting events were being arranged for the coming season both for the veterans and the citizens of Toronto.

FINAL MEETING OF RED GABLE CLUB

Splendid War Work Done by
Society in Countless
Fields.

Reports read at the final meeting of the Red Gable Workers, Mrs. H. D. Warren presiding, told of splendid work done during the war. All the meetings had been held at the home of the president and members came weekly and sometimes daily, to work for various war needs. At the time of the influenza epidemic, the organization made a record in the making of numerous jackets, every call being answered.

The secretary's report read by Miss Constance Laing, showed that during the war 73,508 articles, many of which were pyjamas and 2500 pairs of socks, had been made for patriotic needs. Also 13,165 books in magazine form and with attractive covers and sent to the men overseas in hospitals. An auxiliary club of working girls, the "Helpers' League," who met at the Red Gables weekly, had raised \$682 and made 5872 articles for soldiers comforts and other needs.

A number of appreciative letters from the men and nurses overseas were read by Mrs. McMurich.

In her address, the president, Mrs. Warren, thanked all the members for their splendid work and said that this was their final meeting, she hoped the members would continue their activities in other channels, pointing out missionary needs and the need of soldiers at 72 Carlton street. The treasurer, Mrs. Barron, reported the sum of \$1,048.75, raised by the association. Mrs. Warren, the officers and conveners.

An interesting address on life in Germany was given by Mrs. Davidson Ketchum. Unanimous regret was expressed that the assembly of members closed with the meeting.

POSTAL CLERKS AWAIT ANSWER TO WESTERNERS

The question of sending representation to Ottawa in the near future should any invitation be forthcoming, was discussed at the executive meeting of the Postal Clerks' Association held Wednesday night. This arose when it became known that the western postal employees have accepted the government's invitation to a conference at Ottawa next Monday.

As the situation stands, nothing is likely to be done of a drastic nature until after next Monday, when the answer, which the government gives to the western delegates will decide the Postal Clerks' Association.

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly it will melt away. Then you lift it right out. Yes, magic! No hurting! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

SOCIETY

Conducted by Mrs. Edmund Phillips.

The last meeting of the War Workers of Red Gables took place yesterday afternoon when Mrs. H. D. Warren, the president, was in the chair. The fourth report was an excellent one, and the number of garments mentioned in the report seemed almost incredible. The \$5756 raised during the war in various ways was entirely spent on material for comforts. Thousands of story books were made out of short stories from the magazines bound in paper with a picture on the outside and a joke inside; these books were a boon to the men in hospital, as they were light to hold and passed thru many hands. They were posted in parcels, the Rotary Club generously paying the postage.

What Mrs. Warren did not do to help the workers is hardly worth mentioning, and her motor did all the expensive work. The small balance left in the bank was voted towards something for the soldiers' children in the club on Carlton street, which in receiving the men's wives and children and spending their time there, is doing invaluable work for the Dominion.

Mr. Davidson Ketchum, who was a prisoner of war in Germany for four years, spoke at the beginning of the meeting and told something of their life at Ruhleben Camp. He played the national anthem and the doxology. At the close of the meeting tea was served in the dining room. Mrs. Rae and Mrs. A. P. Burritt poured out the tea. The table decoration was very unusual and pretty; a carved blackwood supporting a pale green Japanese plate on which was an enamel bird cage with a bird in it, surrounded by vases of exquisite half blown roses. Mrs. Warren, who is a charming hostess, assisted in looking after the guests herself. Some of those present included Mrs. Cecil Horrocks, Miss Constance Laing, Mrs. Graham Thompson, Miss Foulds, Mrs. Louis McMurich, Mrs. A. P. Burritt, Miss O'Brien, Mrs. J. B. Tyrrell, Mrs. J. B. MacLean, Mrs. Kirkland, Mrs. Glenholme, Mrs. E. H. Ellis, Mrs. George Marks, Mrs. Spencer, Miss Barton, Miss Mickle, Mrs. R. C. Brown, Miss Strathay, Miss Chappell, Mrs. Foster, Mrs. E. M. MacLean, Mrs. Baldwin, Miss George, Mrs. Campbell, Mrs. Mavor, Mrs. Fred Plumb, Mrs. Ball.

Many congratulations to Madame Pantazzi, formerly Miss Ethel Greening, who has had the Order of the Star of Romania conferred on her by the King of Rumania. Her splendid work during the war, the decoration is generally conferred on men only, so this is a special honor.

MORAL EFFICIENCY IS SCHOOL DEMAND

Mrs. Courtice Makes Significant Motion for Careful Vigilance.

Does Toronto need a vigilance committee? An affirmative answer was conveyed in a significant notice of motion presented to the board of education last night by Mrs. A. C. Courtice. The motion, which was sent to the management committee, reads: "That the board of education declare its purpose of demanding the highest standard of moral efficiency in every department of school life, and that a special committee of one representative from each ward be appointed to consider the reorganization of any school or department of work, or the standard of work, or has been questioned."

It is refreshing that at last we are able to see a true picture of the field and Canadian armies in the field and eliminating "Americanism," which unfortunately has almost excluded all British achievements from the "Book."
