The big convention of eastern Canada Overland dealers was brought to
a close yesterday afternoon, following
two days' sessions at which the main
topic of discussion was the new Overland 4.

From Halifax to the Sault they came and besides having a most enjoyable visit here they had a profitable conference. Sales Manager W. A. Dover presided over the meetings, which were opened by Mr. T. A. Russell, president and general-manager of the Willys-Overland Limited. At the first morning's session, Mr. J. G. Perrin, assistant general manager and chief engineer in charge of production, went into teomical details to show the advantages of the new car, with the stress, of course, upon the very new spring suspension principle in-

SEE MISS RIT AT THE FAIR "Never say dye-say Rit" is a slo-

gan which before long is bound to resound all thru the Dominion of Canada if the value of the product known as "Rit" is any criterion. Rit is a new product which washes and dyes in the same operation and yet is used in the same way as ordinary soap. Rit is being manufactured by the Sunbeam Chemical Co. of Canada, Limited, whose exhibit is certainly one of the prettiest on view under the

Rit is produced in both "Cake" and "Flaked" form and each has the same factory. The product is guaranteed to contain nothing injurious and is also guaranteed to make a clean finish without the disfiguring streaks which usually accompany any attempt at dyeing by an amateur. The most delicate articles can be washed and cleaned by the wonder-working Ritsilk, voile, lingerie, as well as woolens and cottons. Already the company have planned to open a large factory in Toronto to manufacture their various lines, one of the most important

FLEXO SKATES HAVE WORTHY EXHIBIT.

Much flexibility and therefore little trascibility is the keynote of the "Flexo" Skate, manufactured by the Canadian Flexible Skate Company Limited, of Parry Sound. Those sight-seers at the Exhibition yesterday who interviewed the representative of the company at the grand stand booth were thoroughly initiated into the merits of this newest appliance which makes the Flexo so formidable a competitor to any other skate on the mar-This is an attachment which separates the skate into two distinct sections, a forward and a rear, thus ensuring a lift at the centre, which allows a give just where nature with the foot (at the instep) flexes.

This flexibility is practically a shock bsorber and therefore helpful to jaded herves, a wise consideration when youth goes on its customary evening winter jaunt. Summarized, it may be stated that this skate eliminates all muscle strain, allows free blood circulation, gives the skater full control of her skates, and last but not least ban be comfortably/used on any shoe. A WONDERFUL DISCOVERY OF NORTHERN ONTARIO.

Visitors to the Exhibition gaze in is a powerful telescope which some people declare they can see as far as Niagara Falls with.

Mr. W. G. Harris, general manager of the company, takes great pride in this tower, and it is a landmark in this part of the country.

It will be remembered about four years ago when the corner stone was laid a great number of treasures were buried at the bottom for some future of the Exhibition gaze in wonderment at the numerous house holdenerous house hold necessities obtained from a rock mineral discovered in Northern Ontario, known as the Gold Nugget Products, booth 102, under east end of the grand stand. This rock before manufacture is as hard as diamonds (will cut glass), but when ground and treated by special process, produces the very finest wet hand cleaner, dry hand buried at the bottom for some future of the farments at the numerous house for one of their famous Preston steel fruss barns, also a model of one of their readymade buildings for storage purposes. Every farmer should see these—and investigate the Preston system of lightning protection.

The Sunbeam officials pride themselves on the fact that they produce their own dyes for making Rit cakes and Rit flakes at their own dyes for making Rit cakes and Rit flakes at their own dyes for making Rit cakes and Rit flakes at their own dyes for making Rit cakes and Rit flakes at their own dyes for making Rit own again after five years of stultification owing to the war, and officials report a huge inwar, and officials report a huge increase in sales and output. Christie, Brown's exhibit reflects credit on the organization.

Purity and organ-like richness tone are what give the Cecilian Piano Players prominence among the many nstruments in the market. It is to be heard in the northeast corner of the manufacturers' building at the Ex-hibition, where visitors throng to admire its musical qualities and the beautiful cases in variously attractive styles. Equally striking is the Concertphone in many designs, the Empire design being particularly appealing, representing as it does the last word in phonographs.

TROJAN ELECTRIC IRONER.

The Trojan Ironer is a feature of the exhibit of McDonald and Willson in the Process Building. Just as the electric washing machine takes the drudgery out of washing, so the Trojan Electric Ironer removes the labor from ironing. All the household clothes are quickly and beautifully ironed with the labor-saving device, which should be in every home. Visit the McDonald in every home. Visit the McDonald and Willson booth and the attendants will explain the superior qualities the Trojan Electric Ironer.

TEA'S FINE FLAVOR

Many a veteran and his family and other visitors stopped at the booth of the Ret-Sol Tea Co. yesterday and indulged in a cup of the fragrant leaf after the tiring wait in the grand stand. Altho there are many cafes and the like in the ground yet Exhibition visitors have been stopping for a cup of tea at booth 91 under the grand stand because of the fine flavor of the beverage supplied.

PORTRAIT OF PRINCE REPLACES KING'S

For the first time in seven years, an arrest in Toronto of a prisoner on a charge of "removing the stamp of the King's head from Canadian one-cent pieces, and replacing it with that of the Prince of Wales, has been laid. Michael Marchevitch, Rumanian, aged 28 years, living at 22 Centre ave., was taken into custody at Exhibition Park yesterday by Detective-Sergeant Croome.

The coins were sold in the Midway at ten cents each, as souvenirs of the Prince's visit. He is said to have ised a press machine, 18 inches long by 12 inches high, two small cog wheels being employed to remove the impress, after which the head of the Prince was stamped on from a die.

PENETANG HONORS TROOPS

Penetang, Ont., Aug. 27.- August 27, 1919, will long live in the minds of the citizens of Penetanguishene and surrounding districts as the greatest day in its history. The whole day was given over to a civic welcome to all returned men of Penetang and the township of Tiny.

PRINCE MAY NOW TACK OUT SHINGLE

His Royal Highness Admitted as Barrister-at-Law at Osgoode.

"I am deeply grateful to you and the benchers of Upper Canada for the honor you have done me in conferring on me the degree of barrister-at-law, an honor which I very much appre-

ciate.

"I thank you sincerely for your kind address, and I assure you I am very proud to follow my late grandfather and my father in being called to the bar of Ontario, Canada."

Surrounded by 200 or more of Ontario leaders of bench and bar, the Prince of Wales yesterday thus spoke when the degree of barrister-at-law was conferred upon him at Osgoode Hall. His royal highness spoke without notes and was distinctly heard by all. His reception was somewhat subdued but none the less hearty.

The Benchers' Welcome.

The treasurer of the law society, Dr. John Hoskin, welcomed the prince, and in part said:

The Benchers' Welcome.

The treasurer of the law society, Dr.
John Hoskin, welcomed the prince, and in 'part said:

"Since the foundation of this society it has been our custom, before calling anyone to our bar, to satisfy ourselves by careful examination that such progress has been made in the acquisition of legal knowledge as will warrant admission to practice as counsel. But 'nice customs curtesy to great kings,' and we know that your royal highness has already been called to the bar in England.

"In the name of convocation I have the honor and pleasure of conferring upon you the degree of barrister-atlaw.

"We shall ask the honor of the signature of your royal highness to our roll of barristers, and it is with great satisfaction that we are able to lay before you for that purpose the parchment upon which in this building, upon an occasion similar to the present, your royal grandfather, 59 years ago, when he was Frince of Wales, grandrather, 59 years ago, when he w
