MITCHELL MAKES STATEMENT WAGES HAVE NOT ADVANCED

Overtures Have Been Treated by Operators as Weakness—Convention to Be Held To-Day.

Wilkes-Barre, Pa., April 30.—President Mitchell gave out the following statement to-day: "I have received, read and formally acknowledged President Baer's answer to the last demands made upon the operators by the miners. It appears perfectly evident that the operators have not changed their attitude in any particular during the past six years and that the strikes of 1900 and 1902 were no lesson to them. There is no instance on record during the quarter of a century which the railroad industry has dominated the anthracite industry that an advance in wages has been granted to their employees. Every concession has been wrung from them by strikes and the pressure of public sentiment. The railroad coal combination not only fixed arbitrarily the price at which coal is sold to consumers, but seeks to fix arbitrarily the price at which labor shall be bought. It seems that every conciliatory overture we have made for a peaceful settlement has been interpreted by the operators as signs of weakness, and our conservatism an evidence of cowardice. The question is asked by the operators where is the advance to come from if it is not charged up to the consumer of domestic coal? It occurs to me that the small advance proposed by the miners might have been taken off the exorbitant freight rates charged by them. What the outcome will be cannot be predicted until the convention is held."

ST. MICHAEL'S TO ENLARGE

Down Town Hospital Will Shortly Be Modernized—Property Bought.

Regarding a rumor that the trustees of St. Michael's Hospital were considering erecting an extensive addition to the main building, a trustee stated that the board of management had been buying up all the available property adjacent to the hospital. He also stated that the board had secured all the land needed. This land has on it eight or nine houses. Within a few years, he said, the hospital would be sufficiently enlarged to give adequate accommodation. The trustees had not decided when to start building, as finances had to be considered. However, within a very few years St. Michael's would have imposing buildings from Bond-street to Victoria-street, connected by bridges over Victoria-street line. These changes would give Toronto much-needed hospital facilities in the downtown district.

O'Brien Replaces Hogan.

Montreal, April 30.—(Special.)—It now transpires that Mr. M. J. O'Brien replaces Mr. Hogan, who, with Mr. A. R. MacDonald, had secured the contract to build the Quebec section of the Grand Trunk Pacific. The contract, it will be remembered, was given to Hogan and MacDonald, and report has it that Mr. Hogan retires on account of ill-health. Mr. M. J. O'Brien, who was Ontario government commissioner for building the Temiskaming Railway, built the Midland, Victoria Beach & Inverness Railway in Nova Scotia, and lately took a contract to construct the Great Northern short line to Quebec City.

Government Buys Land.

Moncton, N.B., April 30.—(Special.)—The Intercolonial virtually closed the purchase yesterday of a tract of land about one and one-quarter miles long, and one-third mile broad, on the border of the city's most populated district, where the new I.C.R. shops. The land includes 180 acres, and the price paid was \$75 per acre.

The people who held on to Winnipeg east in Fort Rouleau, across in Norwood, are the men and women in the west to-day. You cannot get Winnipeg lots for less than a fortune now, but you can bank on those North Cobalt lands that are to be sold by auction at Henderson's rooms on May 7th and 8th, and turn your money over to order. There is a hanger map of the town, which can be had by applying to Mr. Henderson, 87 East King-street, Toronto.

"CHRIST NEEDS MANKIND."

Dr. Rapsey of Rochester, Charged With Heresy, Preaches 2 Sermons

Ithaca, N.Y., April 30.—Rev. Dr. Algernon S. Rapsey of Rochester, whose trial on charges of heresy and violation of ordination vows, ended at Batavia Saturday, preached two sermons Sunday in Sage Chapel of Cornell University. In his morning sermon Dr. Rapsey said: "If we wait for some far off savior, if we wait for a curtain of blue to open and for some mighty being to come and achieve our salvation we shall wait forever. The day will never come. It is not necessary. It is a degrading idea that perfection exists the like of which we cannot attain, albeit it be predicted of one hanging on a cross. Jesus, mighty man of old, call Him what you please, divine, yet He was one of us, and needs us almost as much as we need Him. We help saints and prophets to achieve perfection by our kind words, our noble deeds, and our tender thoughts."

BUILD CHURCH IN 36 HOURS SERVICES HELD ON SUNDAY

Something Unique in Baptist Circles Consummated at Reid Avenue Mission.

Reid-avenue on Saturday afternoon was the scene of a record event in the history of church building in this city. Within 36 hours from the time the first sod was broken a Baptist church 16x24 ft. was erected some 200 feet north of Queen-street, and on each of the three occasions when service was yesterday held was thronged to the doors. The growth of Reid-avenue has been phenomenally rapid within the past six months, and to cope with the situation the members of the Baptist extension committee, under the efforts of the indefatigable secretary, Dr. S. S. Bates, undertook the erection of a small church building. The lot was purchased last fall, but thru legal difficulties the extension committee only secured possession within the last few days. Lumber was purchased, and Dr. Bates inaugurated an old-fashioned "bee," when some 30 friends of the mission assisted in the work. The foundations were laid on Friday afternoon, and by 8 o'clock on Saturday evening the walls were up, shingles and floor laid, windows placed in position and everything in readiness for the holding of church services. Luncheon was served by the ladies of First-avenue Baptist Church to the workers on its completion. Excitement was at its height, and one of the most active engaged in the work. During the summer a larger building, 24x50 feet, will be erected, when the present structure will be utilized as a vestry. On Sunday morning Dr. S. S. Bates occupied the pulpit, and in the afternoon a Sabbath school was organized, and in the evening the Rev. J. G. Brown and Dr. Bates addressed a gathering which filled every nook. At each of the services J. M. White sang, assisted in the evening by the First-avenue Baptist Quartet. For the present the Reid-avenue mission will be largely under the pastorate of the Rev. Mr. White, pastor of First-avenue Church.

TROOPS AND MINERS CLASH BULLETS DISPERSE THE MOBS

Tragedy Follows Refusal of Dining-room Girls to Serve Pennsylvania State Police.

Mount Carmel, Pa., April 30.—After the dining-room girls at three local hotels refused to serve Lieut. Smith's command of state constabulary here to-day, the troopers in front of the Commercial Hotel were charged upon by a large crowd of foreign miners. The troopers beat them back, injuring several of them.

One trooper was badly injured by a blow from a club. The crowd retreated and prepared for another charge. Lieut. Smith drew up his men and threatened to shoot, while the chief burgess addressed the mob and advised them to go home. He is a member of the union, and his speech had the effect of dispersing the men.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products act as a poison on the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not hard work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredients on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's "Golden Medical Discovery" is the original Little Liver Pills, first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equalled. Sugar-coated and easy to take as candy. One to three a dose.

BISHOP URGED RESIGNATION

Says Rev. Mr. Nevitt Has Used "Disingenuous Words."

St. Catharines, April 30.—In connection with the recent troubles at St. Barnabas' Church between the majority of its adherents and Rev. R. Barrington Nevitt, the incumbent, a letter from Bishop DuMoulin, dated April 20, is published, referring to a statement by Mr. Nevitt, and the bishop says: "If Mr. Nevitt uttered the words in the second paragraph, referring to my advice to him to resign, they are disingenuous words. Mr. Nevitt knows very well that on the 6th or 6th April I wrote a private letter to him, urging him more strongly than before to resign his charge at St. Barnabas."

Parent will go to Spencerwood, Sir Louis, however, is over 70 years of age, and such an appointment would appear highly improbable.
