THE T. EATON CO. LIMITED | CANADA'S GREATEST STORE

Friday Bargain Day.

There is emphatically good reason for the large number of buyers who daily visit this store and continue to come in increasing numbers. You see it in our methods of doing and dealing, which please the buying public. Then, our goods—the best and finest the market affords—and our prices—the lowest you'll find anywhere—are unusually attractive, while the store service is the best that ingenuity and wit can produce. But, above all, we guarantee to give satisfaction, or money will be cheerfully refunded. No wonder this is an ideal place for buyers.

To-morrow is Bargain Day, and this is the bill of fare we have prepared for the day:

NEMESIS AFTER FARWELL.

Protest Will Be Lodged Against the Return of Mr. C. F. Farwell for East Algoma.

The fates that overtook Hon. John Dryden and Hon. Col. Gibson on March 1 indicated what Ontario people think of nepotism. Mr. C. F. Farwell, Liberal M.L.A. for East Algoma, has come under a similar cloud, and it will probably cost him his seat. On Feb. 25 his brother was appointed Registrar of the High Court and Clerk of the District Court at Sault Ste Marie, but the appointment was not made public until after the election. This brother has lived in Sault Ste Marie only three months, and is generally believed to have gone there from his home in Oshawa solely in view of the position, which is one of the best in the gift of the Government in the riding.

Mr. Farwell's majority was 242, but a protest is to be entered, and both Liberals and Conservatives are joining heartily in the endeavor to unseat him. Many Liberals who worked hard for his election are incensed at his conduct in the matter cited above. A reliable World correspondent states that there is plenty of material available upon which to succeed in a protest. Once the constituency is opened, the Conservatives believe they can win by a large majority.

Excursion to Washington via New York Central and Hudson River Railroad, Friday, April 1, 1898.

On the above date the New York Central will give its Canadian patrons an opportunity of visiting the U.S. National Capital for the very low rate of $10 for the round trip from Suspension Bridge.

Tickets will be good for return up to and including April 11.

For further information apply to nearest ticket agent, or address H. Parry, General Agent, New York Central and Hudson River Railroad, 308 Main-street, Buffalo.

THE YUKON BILL NOW BECOMES A CONSTITUTIONAL QUESTION.

The Globe yesterday again threatens to clean out the Senate if that body dares to oppose the Yukon bill. There has been and is more or less difference of opinion as to the utility of the Upper Chamber. The Senate has now an excellent opportunity of demonstrating its usefulness as a part of our legislative machinery. If it gives an independent expression of opinion on the Yukon Railway deal it may confer an everlasting benefit on the country. But if the Senate gives heed to the threats of the Liberal party's journalistic filibuster it will certainly stand self-condemned in the eyes of the nation. A second chamber is defensible only in proportion to its independence. If the Senate kills the Yukon bill it will earn the gratitude of the people of Canada. But if, through fear of The Globe's threat of extinction, it ratifies the bill, the Senate will receive the contempt of the whole country, Liberals and Conservatives alike. Nothing will more surely condemn the Senate to annihilation than its acceptance of the brutal doctrine advocated by The Globe. The constitution of the country ought to be respected even though it may not be perfect. It is only a paper like The Globe, which has lost all conscience, that could be guilty of such an insult to the constitution. The Senate would be justified in resenting this threat even if it involved the throwing out of the Yukon bill. The constitution is superior to the Yukon bill or any other measure. The Government has made the Yukon bill a constitutional question. The Senate ought to accept the Government's challenge, and, at one stroke, uphold the constitution and deliver the country from rule by monopolists and grafters.

TORONTO'S INDUSTRIAL ACTIVITY.

The manufacturing concerns of Toronto, large and small, are working to the limit of their capacity. The effect of the revival of business, which is now general, not only in Toronto, but all over the Dominion, is evident in this city in several ways. The stores are selling more goods, houses are rapidly filling up and more money is in circulation. Probably one of the best evidences of the activity in manufacturing centres is the increased traffic of the street railway. The street-car overcrowding that has been so prominent lately was not a feature of last year's traffic. It results from the larger number of men that are now employed and from the fact that workingmen are receiving more wages and are using the cars more frequently. For the third week in March, the daily increases in the street railway receipts, over the corresponding day last year, were as follows $361, $468, $343, $495, $168, $660. These figures tell a tale which cannot be misunderstood. Times are getting better. We are beginning to feel the effects of the industrial revival.

CINDER PATH SUGGESTIONS.

It is to be hoped that the City Council this year will make a genuine effort to do something to accommodate the thousands of citizens who find the wheel an everyday necessity. The bicycle has nearly reached its limit of perfection. Its weight has also been reduced to a minimum, and friction has nearly reached the vanishing point. But while the bicycle has become almost mechanically perfect, little has been done to provide that necessary complement of the perfect bicycle, viz., good roadways. The City of Toronto fortunately has many miles of first-class pavements, but not one of them was laid with the special view of its suitability for the bicycle. The city has spent practically nothing on bicycle paths. This year the number of riders will largely increase, so much so that the Council will have to do something to protect life and limb on the streets. As yet we have seen no scheme for constructing a bicycle strip on the ordinary city street. The requirments for bicycle and wagon traffic are altogether different, and it seems difficult to obtain them both on the same street. There are, however, certain thoroughfares in the city where traffic is light and where excellent bicycle paths could be located. A correspondent in another column refers to a route along the lake front through the Old Fort and Exhibition Park to Parkdale and the Humber. There is no reason why an excellent wheelway could not be constructed along the route suggested, and at a comparatively small expense. Another street on which an excellent bicycle road may be constructed is Eastern-avenue, which runs along Ashbridge's Bay for two or three miles. The street is practically a dead level, and there is little wagon traffic on it, conditions that make it eminently suitable for a bicycle path. Ten feet of the avenue should be set apart for a wheelway. The new streets that have been laid out along the Don should also be equipped with cinder paths, as well as the Rosedale Ravine leading into Yonge-street. Another district that should be opened up for wheelmen is the sand bar extending from the southern pier at the Queen's Wharf to Hanlan's Point. We are glad to notice that the placing of a ferry at the Queen's Wharf and the construction of a road to the Point will come before the Council in a short time. The improvements suggested by Ald. Dunn should be undertaken forthwith and completed.

The improvements referred to above have the great merit of being exceedingly inexpensive, compared with their utility and convenience.

LIBELLOUS ADVERTISEMENTS.

The World wishes to inform the public that the columns of this paper cannot be used by advertisers to circulate libellous statements concerning private individuals or business men. In yesterday's issue certain objectionable statements were made in an advertisement, the import of which was not apparent to the employes of the paper through whose hands the copy passed. The World will be only too willing to render all possible assistance to anyone whose personal or business reputation is assailed by an advertiser in these columns. And any advertiser who attempts to circulate libels through The World will find trouble ahead of him.

FROM THE BABY CITY.

Officer After an Eloping Couple—Death of a Former Toronto Physician—Off for Klondike.

Windsor, Ont., March 23.—Sheriff Biggs of Bowling Green, Ohio, is in Windsor looking for an eloping couple. The man is Edward Newfor, 27 years old, a former resident of St. Thomas, and the girl Miss Dadson, 18, is the daughter of a wealthy family in Bowling Green, and it is believed that they were married under the names of Lender Bradley and Flora D. Wells.

Dr. William Newcombe, who for several years was a physician in Toronto, died last night in Sandwich, the result of an attack of pneumonia. He was ill but a few days. Deceased was 70 years of age. The remains were to-day accompanied to Toronto by his daughter, Miss Tillie Newcombe of Sandwich, and a brother of Toronto.

The C. W. Gauthier party left Windsor for the Klondike last midnight. It consisted of Robert Clark of Detroit, Neil Murray of Bayfield, Ont., Wallace Gauthier of Sandwich, Robert McIvor of Dewart, Ont., and three men from Toronto, besides the leader, C. W. Gauthier.

PEAR SHOT SCRIBNER.

That Was the Verdict of the Coroner's Jury at Bolsover—Pear Arrested for Manslaughter.

Brockville, Ont., March 23.—The inquest upon the body of J. M. Scribner of Bolsover, Ont., shot near North Augusta, yesterday morning, opened at that place last night, and was concluded to-day, Dr. Vaux, coroner, presiding. The evidence of William Pear, who did the shooting which resulted in the death of Scribner, was the more important. It was to the effect that they had got home about 11 o'clock on Monday night, and shortly afterward went to bed. About an hour afterward he was awakened by kicking at the front door, so hard that he thought it would break in. He shouted, but it was kicked all the harder. This was kept up for about fifteen minutes. He then told him if he did not answer or give his name he would put a bullet through the door. He went and got the gun. Coming back, he continued asking questions, and gave him every opportunity to reply. Told him he would give him fair warning, and spoke as loud as he could. Getting no reply he fired. In the morning Scribner's dead body was found lying on the doorsten. Chief of Police Rose of Brockville testified that deceased was very dull of hearing. The bullet was found near the spinal cord.

The jury returned an open verdict that Scribner came to his death by a shot from a gun in the hands of William Pear. At the instance of the Crown authorities Pear was immediately arrested on a charge of manslaughter.

Every thoughtful man whether he be an artist or a business man, a mechanic or farmer, feels that he has a certain work to do in this world, and he wants to complete it. A brave man's principal fear of death is because it compels him to leave his life-work unfinished.

He fears sickness for the same reason. He feels that he might as well break his neck and done with, as to have his best working powers hampered and wasted away by disease.

To have the brain dulled and the body enfeebled by impure bile-poisoned blood, is no better than a living death, with all its horrible accompaniments of dyspepsia, nervousness and melancholy.

The best thing in the world to restore clear-headed energetic vitality and working power is Dr. Pierce's Golden Medical Discovery. It acts directly upon the liver and digestive organs, giving them power to manufacture rich, healthy blood free from bilious poisons and morbid impurities.

It fills the blood with the red life-giving elements which nourish every organ and tissue. It replaces wasted tissue with healthy flesh and solid muscular strength By feeding the brain and nerves with vital energy, it banishes neuralgia and nervous weakness and sleeplessness.

It is better than malt extracts or oily emulsions. It is not a mere temporary stimulant but a genuine and lasting nutrient, easily assimilated by the weakest stomachs.

Ralph Green, Esq., of Williamsburg, Callaway Co., Mo., writes: "Before I commenced your treatment I could not take a drink of water without great suffering in my stomach. I could not eat. I was fast sinking. I had five different doctors examine me, and each one treated me without doing me any good. At last I took four or five bottles of your 'Golden Medical Discovery,' and to-day am in better health than I have been for five years. I weigh 157. Whenever I see any of my friends suffering I tell them of your medicine and advise them to write to you."

Dr. Pierce's Pellets cure constipation.

You Will

always enjoy a delicious beverage if you drink Ludella Ceylon Ten. It is blended in just the proportions to make an elegant drink.

SKAGUAY HAS 12 000 PEOPLE.

Since the First of March 5500 People Have Arrived There—Carrying Prices Much Reduced.

Victoria, B.C., March 23.—A resident of Skaguay, writing respecting the conditions prevailing there, says, according to the customs figures, 5500 people have arrived here since the first of March. It is estimated that the population of Skaguay is about 12,000, and the town is growing rapidly.

The price for taking stuff to the summit is six cents and from the summit to Lake Bennett four cents per pound; ten cents from Skaguay to Lake Bennett. Last fall the price was 65 cents and $1 per pound for the same journey.

The wagon road will be completed in a few days. Mr. Brackett has made a really good job of it. They tried to collect toll on it the other day, but the boys tore down the gate and threw it into the river—rather hard luck on the people who had put their money into it. Mr. T. M. North, a passenger from Skaguay on the Farelion, says the marshal has compelled the payment of tolls, and that now no trouble is experienced in collecting them.

The steamer Danube sailed for Skaguay, Dyea, Wrangel and Juneau last evening. She took a full cargo of freight, a few horses, one or two dogs and about 150 passengers. The steamer Queen also sailed for Alaska ports last evening. The Centennial will sail to-day, and the Tees and Ningchow on Thursday.

Made a Good Haul All the Same.

Saginaw, Mich., March 23.—Judge Snow sentenced Rev. Orson D. Taylor to Jackson Penitentiary for six years. He was convicted of swindling a large number of persons in connection with an imaginary town site, securing altogether about $300,000.

GOOD! BETTER! BEST!

Why pay 10 or 12 cents for poor bread, when you can get Geo. Weston's Best Real Home-Made Bread, which is made in 3-lb. loaves, for only 10 cents. His bread has been tried by thousands of the best people in Toronto, and this is their verdict, telling their friends about it; his name you will find stamped on the top of his R.H.M. Bread. Phone 329 and 4226.

GEORGE WESTON,
