

CAMPBELL WITH WILKIE OUSTED BY THE ASSEMBLY

One Can't Go to India and the Other's
Resignation Has Been
Accepted.

St. John, N. B., June 8.—(Special.)—This morning's session of the General Assembly was taken up wholly with a long and acrimonious discussion re the advisability of sending Dr. Wilkie back to India. Rev. John A. Ross of Barrie moved that a new field in India be open for him. This was strongly approved by Rev. J. A. Macdonald and others. Mr. Macdonald, knowing Dr. Wilkie as he knew him, he would not vote for sending him to India. He had the disturbing qualities in his make-up, as common to many there, and while he might do very well indeed at home, where he would be constrained by public opinion, he should not be sent to India.

Again the amendment was simply advocating a policy of political opportunism which ought not to be cultivated in the church. It was also essentially a vote of want of confidence in the foreign mission committee.

Dr. Sedgwick and Judge Forbes supported J. A. Macdonald, and Dr. Fletcher, Dr. Armstrong and others favored a policy of amendment.

Rev. R. E. Knowles of Galt moved a second amendment that the matter be referred to a commission of ten. This, after further debate, was defeated, as also was the Ross amendment.

ment, and the original resolution moved yesterday, adopting the report of the foreign mission committee, was adopted by a large majority.

This report recommended that no new field be opened and bars Dr. Wilkie from serving in India under the Canadian Presbyterian Board.

At the afternoon session reports presented from Regina Industrial School showed a large deficit, and a motion commending the school to the care of the government was referred to a committee.

The committee on missionaries' salaries recommended that the minimum stipend be increased \$50. This was adopted.

The committee re Queen's recommended that the connection between the university and the church be maintained, that graduates be given larger representation on the board of trustees, and that measures be taken to increase the present revenue by \$20,000. This was adopted.

The committee appointed to confer with Prof. Campbell reported that he had emphatically refused to reconsider his resignation, and a resolution was passed accepting his resignation, but paying a high tribute to Prof. Campbell's ability and services, and stating that the hereby charges had nothing to do with the action of the assembly.

At the evening session of the general assembly it was decided on motion of Principal Patrick not to appoint a general secretary for the Sabbath schools this year, but to allow the committee to continue their work and report to the next assembly.

The report on church life and work was submitted by Dr. Ramsay of Ottawa and adopted.

In reference to the report, Rev. J. A. Macdonald, editor of The Globe, made a vigorous speech, advocating the view that ministers should interest themselves in political inquiries.

On motion of Dr. McLaren, the assembly decided to petition parliament, asking for legislation to stop betting on horse races.

Business will be resumed to-morrow morning at 9 o'clock, with the hope of being able to finally adjourn at noon.

OVER 5000 APPLICATIONS FROM FARMERS FOR LABOR

About Half Responded to With Good
Men, But Farmers Don't Pay
Enough Wages.

Over 5000 applications from farmers for laborers have been received at the colonization bureau, Director Southworth told The World yesterday.

"They come from all over the province, from Renfrew, on the east, to Sundridge, on the north and west, to Parry Sound district. We have had applications from Manitoulin Island and St. Joseph Island, but that is too far to send people. We have sent out from 2500 to 3000 men. Some of them are experienced, but the greater number are inexperienced. We pay them far from Toronto to the farms where they are going. I do not deny that some of these men are poor and incompetent, but, on the whole, they are a good class of men, intelligent and willing to work. They are chiefly from the small towns in country districts, and are a better class than those from large cities.

"Better men could be had if the farmers were willing to pay for them, but they do not pay sufficient wages. Laborers are getting \$40 and \$50 a year in the country, but Canadian farmers expect to do as well or better here. This year there are an increased number of farmers offering a cottage and garden for married men with their families. We have also married men with money coming out this year and finding farm positions for a year. Before they locate for themselves. Men willing to work don't stay in Toronto 24 hours, and we have lots of them who do not stay overnight, but go out on the first train after they arrive, and never stay in a house till they reach the farm to which they are bound.

"The exodus to the States is stopped altogether. Of course, there are always people passing back and forth between the countries, but Canada is now filling up. Ontario is getting a lot of United States people. They are coming up to the Temiskaming and the Rainy River district. There is a movement, also, from the Dakotas and the middle west to the German population to the Wabigoon district. Half a million people in Toronto in ten years? I would not be at all surprised. The new railways will build up the city."

Friday, Sept. 9—Free-for-all, trotters and pacers; purse \$300.

The race is to be divided in the proportion of 50 per cent, 25 per cent, 15 per cent, and 10 per cent. Entries close Aug. 15, and horses are eligible July 15. The entrance fee is 5 per cent, with an additional 5 per cent for winners of money. Entries, accompanied by pedigree, to be sent to the secretary of the Ontario Medical Association, 70 East King-street, Toronto. Hopples are barred.

Ontario Old Boys.

A crowded hall and a spirit of enthusiasm were the chief characteristics of the meeting of Whittby old boys in the Temple Building last night. Co. McGee presided.

Enthusiastic addresses were delivered by Dr. Bruce, Dr. Brown, J. W. Bengough, George Wheeler, ex-M. L. A. E. H. Robinson, George Burgess, Thomas Valentyn, J. S. Robertson, James Humphrey, William Elliott, Samuel Baird, D. Carmichael, Major Henderson, E. J. Humphrey and many others.

J. A. Humphrey was elected vice-president, and Blake Henderson, assistant secretary.

Representatives from the other Ontario County associations were present, and it was resolved to form a county association, and a meeting will be held at the same place next Monday evening to complete the same.

A big excursion to Whittby is assured for July 1, to celebrate the county jubilee.

Married at Peterboro.

Peterboro, June 8.—(Special.)—A pretty wedding was celebrated here this morning, when Miss Margaret May Roy, second daughter of R. M. Roy, a leading photographer here, was married to Roland Denne, son of ex-Mayor Denne of the town. Rev. J. C. Davidson of St. John's Church performed the ceremony, assisted by Rev. E. A. Lane, rector of St. Luke's Church. The bridegroom was Miss Margaret Denne, sister of the groom, while D. Hall was groomsman. The bride couple are two of Peterboro's most courted young people. Mr. and Mrs. Denne left on the noon C. P. R. train for a trip to New York.

Sluggish Liver Clogged Kidneys

The Source of Stomach Derangements, Bodily Pains and Aches and Endless Suffering Regulated by

Dr. Chase's Kidney-Liver Pills.

It is very seldom that either the liver or kidneys are affected independently of one another. They are both filtering organs, and consequently when one becomes sluggish and torpid in action the other is similarly deranged, and both are then a constant source of trouble. The bowels to remove the waste product from the body.

Dr. Chase's Kidney-Liver Pills are phenomenally successful in curing kidney and liver derangements, stomach troubles, biliousness and constipation, because of their direct and combined action on these organs. That they cure the most chronic and complicated diseases of the liver and kidneys has been proved in thousands of cases.

Mrs. James Griffiths, South Geyers-street, St. Catharines, writes: "For some years prior to the spring of 1901 I was afflicted with serious derangements of the digestive functions, and became a victim of indigestion. I tried many remedies, without the desired results, until I began the use of Dr. Chase's Kidney-Liver Pills. After taking a few boxes of this medicine I was again enjoying all my former health and vigor, and, in fact, feeling better than for ten years."

WHEN TALK COSTS MONEY.

Few Torontonians are Communicating With St. Louis by Phone.

Telephoning to St. Louis to engage rooms for a visit to the Fair is not being resorted to by intending local tourists to any great extent. There is not indeed any great volume of telephone business with the Missouri centre. Business men call up Chicago and New York most frequently when it is necessary to hold a personal conversation on important business, when the journey is inconvenient and the expenses of travel may be saved. In speaking to St. Louis the route of the wires is by Buffalo and Chicago, and the tariff from Toronto is \$4.20 for three minutes' talk by day, and after 6 o'clock \$2.25. Some time ago the rates were reduced one-half for night messages, with the result of keeping the lines busy over a longer period. Private houses take advantage of this, and business men also arrange for appointments a few minutes after six with their correspondents. The element of expense in construction adds to the rates. A telephone wire is of iron, whereas for telephones two copper wires are required. In telegraphy, the line is not usurped for a single transmission.

St. Louis Election.

Sault Ste Marie, June 8.—The newly incorporated town of Sault Ste Marie, a suburb of the Soo, had its first election to-day, resulting: Mayor, William Godwin; councillors, J. Featherstone, J. Shaw, Wm. Latham, Thos. Higgins, W. Brooks, J. Strongman.

Should Ensure Fine Exhibits in Antenna Fruit and Flower Show.

A meeting of the joint committee, representing the Ontario Fruit Growers' Association, the Ontario Beekeepers' Association, the Toronto Horticultural Society, the Gardeners' and Florists' Association and the Toronto Electoral District Society was held last night to arrange for the combined exhibit which is to be held in November. Mr. Ross acted as chairman and H. D. Cowan as secretary.

A finance committee was appointed, consisting of H. R. Frankland, W. H. Bunting, Charles Chambers and James Dunlop, and an advertising and printing committee, composed of Mr. Hooker, T. Mantion, P. W. Hodgetts and Mr. Simmers. The two Granite sinks will be engaged for one week in November. The florists presented a prize list offering \$1200 for exhibits in that branch alone, which was adopted. The beekeepers will offer about \$200 and the fruit men about \$1000. The latter have appointed wardens in various districts covering every county in the province, who will each select a representative exhibit from their section to be sent to the show.

Candidates in the final oral examinations in medicine will undergo the ordeal at the Toronto General Hospital during next week.

It has been decided to enlarge the hospital by taking in George-street from Front to the Eglinton.

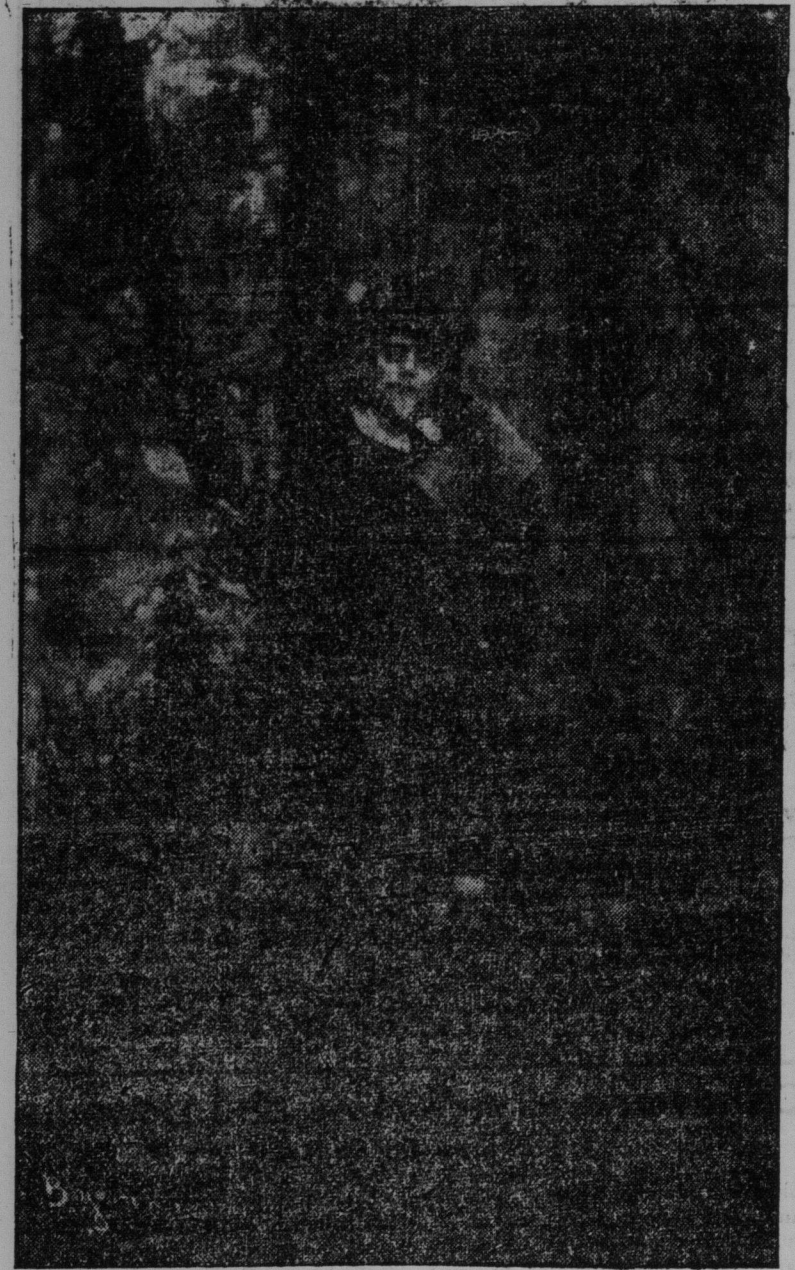

Dr. Charles Walter Chaffee left a will bequeathing the whole of his estate, valued at \$5330, to his daughter Frances. Mrs. Ellen Juliet Kerrison, Toronto, left an estate valued at \$10,000, the bulk of which is bequeathed to the daughter-in-law, Fredericka Regina Kerrison.

BEN GREET AS JACQUES IN "AS YOU LIKE IT," TO BE PRESENTED AT TORONTO UNIVERSITY THIS AFTERNOON.

PASTORAL PLAYS TO-DAY.

Ben Greet's Company to Be Feature of University Ceremonies.

Ben Greet's company of woodland players arrive in Toronto this morning for their season of pastorals in connection with the convocation week of Toronto University. The opening performance to-day will be "As You Like It" at 3:30 in the afternoon, and "Midsummer Night's Dream" in the evening. The beautiful grounds of the residence garden will be the scene of the play, and in the event of rain the large and commodious gymnasium will enable the performance to be given in the Elizabethan manner.

"Midsummer Night's Dream" is a novelty, and it will tax the memory of the oldest dramatic patron to recall a presentation of this very beautiful comedy in Toronto. No less than forty persons are required for the adequate presentation of the fairy scenes. Performed in the evening by means of elaborate limelight effects and caudexes shedding different colored rays upon the stage set among a grove of trees, and by Mr. Greet's infallible arrangement for a forest background, broken only by seemingly endless vistas, the scene ought to be one of rare beauty and charm.

The entire play of Pyramus and Thisbe, contrived by Bottom and his companions, comprises the liveliest comedy scenes of the play. Upon just such a natural stage as Shakespeare pictures the Athenian workmen choose for their rehearsal of their play, Quince, Snout, Starveling and the self-complacent Bottom appear and go thru their comic parts.

The several roles in the play will be taken by the fine cast headed by Ben Greet and Edith Wynne Matthison will appear as Helena in the dream. Ben Greet will essay the role of Bottom, the weaver.

Across the Bay at Hanlan's Point.

The public is finding any amount of pleasure. So far, when the weather has been pleasant, the attendance is far in excess of previous years. The performance in the free open air theatre is given every afternoon and evening.

DR. MOORE DEAD.

Well-Known Physician of Brockville Passed Away Yesterday.

Brockville, June 8.—(Special.)—The sudden death of Dr. V. H. Moore at his home this afternoon was a great shock to Brockville. His health had been bad for over a year, but he was supposed to be regaining it and had begun to move about again. Dr. Moore was born near New Dublin, Township of Elizabethtown, Leeds Co., in 1848. He received his education in Brockville and in 1870 graduated as an M. D. from Queen's College, Kingston, an institution of which he was an ardent supporter. He was made a member of the university council and also acted as an examiner in his alma mater. Only recently Queen's honored him with an LL. D. Dr. Moore took an active part in the deliberations of the Ontario Medical Council, and the Canadian Medical Association. He was also prominent in the affairs of the Brockville Association of Physicians. Dr. Moore served as a municipal officer in various capacities and was a powerful political debater on the public platform. His politics were Conservative. Dr. Moore leaves his widow, formerly Miss Burnham of Port Hope, and two children, Beatrice and Charles Moore, at home. The funeral will likely be held on Friday.

DROWNED AT RENFREW.

Renfrew, June 8.—The little daughter of Thomas Atkinson was drowned in the Bonnechere River Monday night. She had been playing on some logs when she fell into the water.

KILLED IN RUNAWAY.

Peterboro, June 8.—(Special.)—Last evening, Ira O. Young, the 8-year-old son of Andrew Young, who lives in Smith, about five miles from town, was killed in a runaway accident. The boy was driving to Fowler's Corners in company with Orville Young, about 14 years old, and when returning, the horses became frightened and ran away, both boys being thrown out of the rig. Orville Young escaped with a severe shaking up, but his companion fell forward beneath the horses' feet, and was almost instantly killed, his skull being badly crushed.
