Germany Making an Attempt to Seize Liberia.

The U. S. and Britain Appealed to for Protection—Tremendous Rush to the Klondike—King George's Assassins Sentenced to Death.

BRITAIN'S BIG TRADE.
 London, April 1.—The revenue returns for the year ending March 27 show an increase of £2,641,119, or 313,307,555.

A CANARD.
 London, April 1.—The Pekin announcement that Great Britain demands a lease of Wei Hai Wei is officially denied.

MUST DIE.
 Athens, April 1.—At the trial of Kardiz and Glori on the charge of an attempt to assassinate King George of Greece on Feb. 25 last, Kardiz who is ill with consumption, said he was impelled to the deed by newspaper articles declaring King George responsible for the misfortunes of the country, and he declared that he had succeeded in killing him. The king, who had tried to kill M. Theodor Delyannis, the former premier, Glori declared that he fired into the air. The prisoners were condemned to death.

CANADA'S GOOD WORK.
 London, April 1.—Mr. Cecil Rhodes arrived from Madras today in the course of a recent conversation he spoke most warmly of the service Canada rendered to the empire by compelling the British Government to clear the German-Belgian treaties out of the way of future inter-imperial co-operation. These treaties formerly blocked his way in his tariff arrangements in South Africa. "Premier Laurier," he said, "now got rid of them for us and the whole empire."

THE KLONDIKE RUSH.
 London, April 1.—Cut rates are causing an extraordinary rush to the Klondike. Canadian Pacific and the Klondike offices are daily besieged by men who would never have attempted the journey but for the ridiculously low fares. Many urge this as potent evidence of wisdom of low fares in Canada. "I have got rid of them for us and the whole empire."

THE FAST MAIL.
 London, April 1.—The fast mail question is exciting much interest in Canadian financial circles here. Hon. Mr. Dobbell, the special Canadian commis-

Viavi Treatment.

To Architects & Doctors

Horrible Murder—Result of a Quarrel Between Jockeys.
 St. Louis, Mo., April 1.—Late last night James Stout and Dr. Henry Nessey, two jockeys, became engaged in a quarrel near the fair grounds, which resulted in Stout being murdered by a third jockey. Stout had succeeded in getting the better of Henry Nessey, and was setting astride of him holding him down, when Arnie McHale, alias "Chippy Cronin," a jockey from Liverpool, England, seized a razor that had dropped and with one dash cut Stout's throat from ear to ear and ran. Street found a revolver, fired three shots at McHale, and left dead. McHale is still at liberty.

Still Worrying.

The Mayor and Robert Pritchard Discredit the Sewerage System.

Dr. Campbell Says There is No Necessity for It.

The Engineers and the People Satisfied—Hurry Up the North End Sewer—The Contractor Must Begin.

Only two items of business were attended to by the sewerage committee last night, though considerable time was spent by the mayor and ex-Mayor Pritchard in "worrying" about the new sewerage system. All the members were present.

The engineer advised the adoption of Mr. Chipman's recommendation to have analyses made of the river water by the Provincial Board of Health, to extend over a period of one year. The object is to show the amount of impurity caused by the sewage, and then filtration beds can be prepared accordingly. In the meantime the sewage can be safely discharged into the river, as it now is.

On motion of Dr. Campbell it was decided to let the city engineer, Mr. Pritchard, to undertake the analyses. The engineer recommended that the overflow from sections "J," and "K," be connected, the estimated cost being \$35. It will be done by day-work.

A deputation from the London Rowing Club, consisting of Mr. M. M. Messrs. W. C. L. Gill and M. J. Kent, addressed the committee in reference to the right of way to the club grounds, which has been blocked by the construction of the King street bridge. The claims of the delegation will be borne in mind by the committee.

Contractor Brown had been wired during the day to begin work at once on the north end sewer, said the engineer, but did not reply. A letter from Mr. Brown, denying his intention to start shortly starting the work, was received a few days ago.

Dr. Cooper was of the opinion that some steps could be taken to compel Mr. Brown to start. Men in the city need work. It was thought the contract for the work to be started before this.

The engineer said the contractor had twelve months in which to do the work, and he could start when he liked. If he did not finish in time the penalty would be sent to Rev. J. A. Cobb.

On motion of the chairman the city solicitor will write the contractor. He said, "The work is being done in which he reported that \$1,235 was the amount to be deducted from Beckett & Wainwright's contract price, that being the lowest tender received for the completion of the sewer, was referred to the committee."

Engineer Chipman notified the committee that he would be at liberty to come to London next week, and prepare a report upon the best means of treating the river if the sewage continues to flow in.

During the discussion which followed, Mayor Wilson said that until it was decided as to what the outlet should be for the new sewers, the north end section should not be started.

Dr. Campbell—Whether you put the sewer in the river, as I don't believe you can, or put it on filtration beds, as the council of 1886 decided to do, the north end sewer had to be built.

Dr. Wilson claimed that there was not a man on the committee satisfied with the new sewers. Enough was now laid to test it. They knew that the street sewer was not working.

Chairman Cooper—It's working all right except for 20 feet where the contractor made a mistake.
 Dr. Wilson went off to talk about the "second system" of sewers that Mr. Chipman had recommended.
 Dr. Campbell said Mr. Chipman's original report called for stone and brick sewers in the north end of the city to carry off storm water.
 The Mayor then represented Mr. Chipman as having stated at the last meeting that the best method of disposing of sewage would be to let it flow into the river.
 Ald. Greenlee understood Mr. Chipman differently.
 Dr. Campbell said it was not intended that storm water should go onto the farm. The sewage would do no harm to the crops at foot time. "There is no need of worrying about the sewer system," said the doctor. "All the experienced engineers consulted agreed upon it as the best method. In 1886 two-thirds of the people were satisfied, and continued to be satisfied. Nothing has turned up to cause them to anticipate failure."

Dr. Campbell was of the opinion that the system had not proven a success at Brantford and at Toronto Junction, so he moved that the chairman and engineer ascertain facts concerning them. This will be acted on.

ROW IN A CAR.

Frank Lyons Fined \$10 for Creating a Disturbance.
 Frank Lyons, a young man of about 20 years, was fined \$10 or 20 days by Police Magistrate Parke this morning for disorderly conduct on a street car. Lyons boarded a Hamilton road and Oxford street, car going north last night, and when at Matland street rang the bell to get off. The motorman could not stop at the crossing, and continued to the center of the block. Lyons then created a disturbance, and frightened a woman off the car. The unruly passenger threatened to ride to the terminus and back again, but was finally put off the car. Lyons, who was under the influence of liquor, pecked rocks at the car as it rolled away from him. Not satisfied with this, he proceeded to pick up a stone and demanded of the motorman "what time that other fellow, who put him off would be back?" F. C. Johnson heard of the trouble and placed Lyons under arrest. The young man was given time to pay, and held in \$200 bail.

WAS FEEDING HER PETS.

An Old Lady Falls From a Window to Her Death.
 Milwaukee, April 1.—For over twenty years Johanna Link, aged 91, has made it a practice to feed the birds from the second-story window of her home, 901 Milwaukee street.
 Yesterday she was feeding her feathered friends as usual when she lost her balance and fell to the ground, receiving fatal injuries.

THE RAZOR!

Horrible Murder—Result of a Quarrel Between Jockeys.
 St. Louis, Mo., April 1.—Late last night James Stout and Dr. Henry Nessey, two jockeys, became engaged in a quarrel near the fair grounds, which resulted in Stout being murdered by a third jockey. Stout had succeeded in getting the better of Henry Nessey, and was setting astride of him holding him down, when Arnie McHale, alias "Chippy Cronin," a jockey from Liverpool, England, seized a razor that had dropped and with one dash cut Stout's throat from ear to ear and ran. Street found a revolver, fired three shots at McHale, and left dead. McHale is still at liberty.

Architects who are preparing plans for a new hospital are requested to submit and explain their plans to the hospital building committee at a meeting to be held in the City Hall, on Saturday, the 2nd of April, at 7:30 p.m. The committee also tender an invitation to the medical profession to be present, with a view to the selection of plan decided at said meeting.

R. A. CARROLL, chairman hospital building committee, 215 Dundas street. J. S. BELL, secretary. 91a

WOUND UP.

The W. A. M. A. Finishes Its Fifth Annual Meeting—Petrolia the Next Place—Lady Missionary for China.

The Women's Anglican Missionary Association closed its fifth annual meeting yesterday. The next semi-annual meeting will be held in Petrolia, Ont. The suggestion of the Bishop of Huron, the following committee was appointed to visit branches: The diocesan officers, Mrs. Boomer, Mrs. Tilley, Mrs. Callard, London; Mrs. Hoyt, Ingersoll; Mrs. Chas. Beard, Mrs. Finlay, Woodstock; Mrs. Ward, Elmhurst; Mrs. Griffin, Exeter; Miss Battersby, Port Dover; Mrs. Ley, Walkerville; Mrs. Wilkes, Miss Weir, Brantford, and Miss Kirby, lady missionary, Grand River reserve.

The Women's Auxiliary will be asked to confer with the St. Andrew's Brotherhood, and the young men of the Christian Endeavor, with a view to obtaining regular contributions for mission work.

The Deaconess' House, Toronto, was recommended to the sympathy and assistance of the W. A. M. A.

Mrs. Boomer read the committee's report on the work in China. The Huron Women's Diocesan Association has decided to send its own lady missionary to China, as \$500 was on hand, and there was an abundance of promised help. The arrangements were left with diocesan officers and finance committee.

It was announced that the contributions for Lion's Head had reached \$3615; further, that immediate help will be sent to Rev. J. A. Cobb.

Mrs. Matheson, of Union Lake, who has just completed a medical course to fit her for mission work, gave an interesting address, dealing with the conditions and customs of the Indians. Resolutions of sympathy with the sick and suffering of the association were passed, as were votes of thanks to all connected with the annual meeting.

The Bishop of Huron, who presided at the meeting at noon by a Bible reading and the benediction.

Mrs. Matheson and Miss Marsh, of Union Lake, and Mrs. Stewart, of the Sarcee reserve, who left for their respective homes yesterday, were given a hearty send-off.

The convention then finished. The membership this year shows a decrease.

CITY HALL NOTES.

City Engineer Graydon said today that he could not say definitely whether the new street railway system was satisfactory, but the Dundas street service seemed to meet requirements.

The new applicant for the street commissionership is Ben Johnson, who was promised the job by some of the Conservative aldermen. The majority, however, do not favor his claim, and the office will, no doubt, be given to Mr. Ironside, who has filled it well for over three years. The department is one of growing importance, and must be in experienced hands.

The city engineer today wrote a sharp letter to Contractor A. J. Brown, of Toronto, ordering him to begin work on the north end sewer at once.

The city's banking business was today slow. The street cleaning swelled the weekly pay sheet.

It would be interesting to know what method the city is to derive from the persistent attempts to cry down the new sewerage system. It will be time enough when the system is tried and found wanting.

The Kirmess committee meet at 3 p.m. tomorrow, and they invite the cooperation of ladies, gentlemen and children in making the affair a success. The Kirmess will continue a week in the Princess Rink, beginning May 2. It promises to be a brilliant spectacle. Mrs. Speedie, the director, will be here on April 10.

The corporation men were paid \$255.19 today. The street cleaning swelled the weekly pay sheet.

Building permits have been taken out as follows: Mrs. Ferguson, 525 Hamilton road, brick two-story residence, cost \$2,600; Dr. Thompson, two-story residence, corner Oxford and Richmond, to cost \$3,000; Mrs. Griffith, 61 Askin street, frame cottage, to cost \$300; J. E. Henry, brick cottage, on Parkdale street, between Piccadilly and Oxford, to cost \$1,000.

A DINNER PILL—Many persons suffer excruciating agony after partaking of a hearty dinner. The food particles of it like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parole's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions, and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.
