Traveled Extensively Throughout the Provinces - Interesting Statements Concerning His Experience.

STELLARTON, N.S .- James R. Murray, well known violinist, of this place, who has traveled extensively throughout the Provinces, makes this statement:

"I was running down in health and my weight fell off from 175 to 150 pounds. Prescriptions did me but little good. My trouble was called nervous dyspepsia. I resorted to Hood's Sarsaparilla and after taking five bottles I was greatly benefited. I feel as well now as ever in my life, and have increased in flesh so that I now weigh 177 pounds. I am well known in this part of the country, having followed my profession, that of a violin musician for the last 26 years. I gladly tell my friends what Hood's Sarsaparilla has done for me. Before I began taking the medicine I did not have any ambition, but now all is changed and my dyspeptic trouble perfectly cured." JAMES R. MURRAY.

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any substitute. Be sure to get Hood's.

WEEKLY REVIEW. The deliveries of wheat were light all

week. Sales were made at \$1 16 to \$1 17 for ordinary to good red; \$1 17 for good white, and \$1.18 for extra white. Oats met a strong demand all week.

During the first few days sales ranged from 85c to 90c; the last part of the week saw 90c the price for everything, 91c to 92c being paid by parties a long way from the market. The supply on Wednesday was somewhat heavier. Barley—Sales were few; most lots sold for feeding; 80c to 82c was the usual price; the last sales of malting

were made at 90c to \$1. Peas were scarce; 95c to \$1 05 was the value of good to fair; some very poor lots sold at 85c to 90c.

Corn-Sales were few; 70c to 80c was the price paid. Buckwheat sold at 90c to \$1.

No rve or beans came in. Eggs were steady; new laid sold for

25c to 27c wholesale; the demand was Butter was steady and unchanged;

supply fair. Turkeys were scarcer, and sold at 9c to 10c. Chickens, ducks and geese The supply of beef was heavy. though some days saw slow sales, the

price did not change. Dressed and live hogs were both a little higher.

Potatoes advanced to 75c by the Hay was more plentiful, and settled down to old prices again.

Live Stock Markets TORONTO Jan 17. - Seventy-one loads, including hogs, made a heavy run on the cattle market, and business was a little slow in consequence though on the whole prices were fairly well maintained. Butcher cattle were a shade lower than last week's quota-Fair demand for exporters, varying from \$4 to \$4 50 for extra good. Stockers—Business not bad, with prices from \$3 to \$3 60. Very few sheep are coming in: prices the same as last week. Lamos from \$4 to \$4 40 for extra. Sheep, \$3 to Bucks, \$2 75. In the hog market there is considerable dissatisfaction expressed among the farmers, who complain that they are not getting fair treatment from what is termed the monopoly, while pices are quoted as high as \$4 60 for very best selections. The complaint is that too many cuits are made, with the result, that instead of \$4 60, an average of not higher than \$4 35 to realized. Some of the farmers took their stock direct to packing factory, but do not expect to do any better. The trouble appears to be that the farmers have not been bringing exactly the right kind of sock. The thick, fat hogs are not wanted, while hog weighing from 180 to 200 lbs, with more lean than fat, is worth the full price. Export cattle-Choice, \$4 25 to \$4 65; light, \$3 50 to \$4. Bulls—Med-lum export, \$2 50 to \$3; heavy export, good quality, \$2 50 to \$4; very choice, good burchers, \$3 75 to \$4; stockers and medium to good, \$3 to \$3 50; feeders, heavy, \$3 121/2 to \$3 50. Butchers' cattle -Picked lots, \$3 75; good, \$3 60 to \$4; mixed loads, \$3 80 to \$3 90; medium, \$3 15 to \$3 40; common, \$3 to \$3 10; inferior, \$2 75 to \$3. Milch cows, \$25 to \$44 each. Caives, \$3 to \$6 each. Sheep, per cwt, \$3 to \$3 25; bucks, per cwt, \$2 50 to \$2 75. Spring lambs, each, \$4 to \$4 40. Sheep and lambs -Receipts, 174; very little trading; feeling steady; a car of lambs unsold; a deck of good sheep sold at \$4 25; good lambs at \$5.40. Hogs-Receipts, 4.932; slow and lower, at \$3.60 to \$3.90;

choice state hogs and pigs, \$4. EAST BUFFALO, N. Y., Jan 17. Cattle—There were no sale cattle, and a small number of through shipments; the feeling was steady. Calves in fair demand, at yesterday's close; choice to extra were quotable at \$7.50 to \$7.75; good to choice, \$7 to \$7.50. Sheep and lambs-The offerings were 29 loads, only one of which was fresh receipts; the demand was a little better, and prices ruled 5c higher, there being more sales at the outside figure than yesterday; lambs, choice to extra, were quotable at \$5 10 to \$5 20; good to choice, \$4 75 to \$5; fair to good, \$4 50 to \$4 75; sheep, choice to extra, \$4 25 to \$4 40; good to choice, \$4 to \$4 25. Hogs-The market opened rather slow, with 10 loads of fresh sale and 54 loads left over; heavy were quotable at \$3 80; medium, \$3 75 to \$3 80; Yorkers, \$3 65 to \$3 75, with light at \$3 60; pigs, \$3 50 to \$3 55; roughs, \$2 10 to \$3 20; stags, \$2 40 to \$2 60; the buik of the offerings were

sold at the close, and the market was about steady. CHICAGO, Jan. 17.-The limited supply of cattle received today caused a strong feeling, and many lots showed advances of 10c to 15c over last week's price; the offerings were of a very poor quality, however, and sales were largely at a low range; fancy cattle, \$5 90 to \$6 15; choice steers, \$5 50 to \$5 85; me-

dium steers, \$4 80 to \$5 10; beef steers,

\$4 to \$4 75; bulls, \$2 50 to \$4 25; cows and heifers, \$3 30 to \$4; western fed steers, \$4 15 to \$5 90; Texas steers, \$3 60 to \$4 90; calves, \$3 75 to \$7 10. There was a fairly animated demand for hogs from packers, but the supply was too large, and prices ruled about 5c lower large, and prices ruled about 5c lower on an average; fair to choice, \$3 60 to \$3 75; packing lots, \$3 45 to \$3 57½; mixed, \$3 45 to \$3 85; butchers, \$3 40 to \$3 70; light, \$3 40 to \$3 65; pigs, \$3 to \$3 50. The run of sheep was well taken to the rule of the at steady prices, but lambs ruled 10c lower; poor to choice sheep, \$2 50 to \$4 10; yearlings, \$4 10 to \$4 60; lambs, choice, \$4 50 to \$4 60. Receipts-Cattle, 3,500; hogs, 36,000; sheep, 15,000.

THE PLATFORM **BROKE DOWN**

And About Fifty Persons Were Injured

At a Reception to Wm. J. Bryan, the Apostle of Free Silver.

Denver, Col., Jan. 18.-The breaking of a platform at the reception of Col. William Jennings Bryan at Coliseum Hall last night, threw 300 people into a mass and started a panic in the audience. The platform, which stood several feet above the floor, was crowded with the leading citizens of Colorado. When the crash came the people on the floor saw them sink out of sight, for the platform had broken in the middle. Those in front, among them Col. Bryan and his wife, Gov. Thomas, Mayor Mc-Murray, and State Senator Barela and Father William O'Ryan, were thrown on the people in the center, those in the rear being thrown forward in like manner. Among the injured are Sheriff Jones, former Senator John R. Poole, A. B. McGaffrey, imperial potentate of the 6th inst., regarding the fallacy of the Mystic Shriners, and Moses Vian-Henry George's position in "Progress court, sergeant-at-arms at the legis and Poverty. lature. Probably two score others suffered injuries of a slight nature, but

There was a great jam, and it was impossible for anyone to stir. This alone averted a stampede. The people near the platform could not make any headway, but struggled to make those in the rear understand that an accident had happened. The more they struggled the louder the crowd in the back of the hall yelled for them to sit

down. Finally quiet was restored. Throughout Mr. Bryan's speech the former occupants of the platform who were not badly injured remained in their places as best they could. Col. Bryan stood perched on the front edge and talked for nearly two hours. The cause of the collapse was insufficient supports to the structure, and

WOLF STORIES

From the Valley of the Ottawa-Shanty-Men Killed and Eaten.

Ottawa, Jan. 18 .- A gentleman from up the Ottawa, who came to the city Monday evening, states that in the vicinity of the Coulogne limits hungry packs of wolves are ravaging the country, and the shantymen are compelled to go armed in order to protect their lives. One of the men employed in Alex. Fraser's camps went out a few days ago and a short time afterwards his head and feet were found in the woods, the body having been devoured by wolves, whose tracks were tions, not much fetching as high as 4c. plainly traceable. Two men who left one of the camps at Christmas time to go to Ottawa, have not been heard of since, and it is feared that they, too, have met the same terrible fate. In no previous year have the wolves been so numerous or ferocious.

FIVE BOYS DROWNED

While Coasting Down a Hill They Dashed Into a Mill Pond.

Scranton, Jan. 18 .- Five small boys met death in a drowning accident yesterday at South Gibson, a small country hamlet near Foster, Susquenanna county. They were Merritt Rogers, Gaylord Pritchard, Jay Tripp, Willie Holmes, and Myrtle Howell. Their ages

were from 7 to 10 years. After the morning school session the five mentioned and another boy got on a big sled and coasted from the roadway down a short steep hill, at the foot of which is a millpond. A thaw had weakened the ice, and it broke under the weight of the sled, which was going at top speed. The sled and all but one of the boys shot under the ice several rods. In his excitement the lad who escaped lost valuable time in running back to the school to give the alarm, instead of notifying residents

MR. ASHPLANT TO MR. BENGOUGH

The Socialist Labor Leader Says His Point Is Not Met-Single Tax Assailed.

To the Editor of The Advertiser:

In his letter in your columns of the 13th inst., J. W. Bengough does not deal with the point at issue in my letter of the 6th inst., regarding the fallacy of

J. W. Bengough volunteers to defend the position taken by Henry George in the accident to Viancourt may prove his now famous book, but it seems that Mr. Bengough does not understand what Mr. George's position is.
What I ask J. W. Bengough to do is to explain what Henry George (in the London Opera House) proved that he could not explain to me, viz., the gradual development and increasing wealth of the mercantile middle class of capitalists, who during the present century have succeeded in gaining eco-nomic and political supremacy over the original landed aristocracy in all mercantile countries, most particularly Great Britain, the United States and Canada. If "Progress and Poverty" is correct in its teaching (and the whole "single tax" fabric stands or falls on that book), then the increasing wealth of commercial capitalists and supremacy of the commercial capitalist over the building inspector has started an the original landowning class would be

an economic impossibility.

I claim that "Progress and Poverty" is fundamentally incorrect in analysis of the economic situation, and I invite J. W. Bengough to stay with the problem. I call on him to explain. Here it is: In "Progress and Poverty," Book III., chapter viii., Henry George definitely summarizes his whole argument for single tax in the following false and unproved assertions, viz.:

"If, with an increase of production, the laborer gets no more, and the capitalist no more, it is a necessary inference that the landowner reaps the whole gain. And the facts agree with the inference. * * * The cause which gives to the land holder is the cause which denies to the laborer, and capitalist." * * * Rent swallows up the whole gain and pauperism accom-

panies progress."

J. W. Bengough has given plenty of evidence in his cartoons that he fully indorses the above assertion, which the argument for single tax rests, viz., that the capitalist class is in exactly the same boat as the wage and salary workers, they gain nothing by any increase in the productivity of social machinery, rent swallows the whole increase or gain, and single tax is advocated as a remedy for the above

Now I take direct issue with Henry George, J. W. Bengough, et al., and say:
1. The facts do not agree with the

inference. 2. The facts distinctly repudiate the inference. 3. Single tax is a totally different economic question to that of taxing

land values.

Regarding the inference in Mr. Bengough's cartoons, in accord with "Progress and Poverty," that capitalists are, equally with wage workers, the victims of landlordism, and gain no share of the increase springing from improved social forces. what are the facts? Under such an economic law the territorial landlords of England of 100 years ago and their lineal descendants, would have absorbed all the profits springing from the use of machinery in British manufactures, and the return to capital, also wages, would both remain permanently at the level of the margin of cultivation, leaving the economic and political su-premacy of territorial landlords intact, and more firmly entrenched than formerly. That must naturally follow the argument advanced by Henry George and his dupes. But it is only mocking intelligence to expend energy in espousing the fallacy as demon-strated by facts. Everywhere in Europe and on the continent of America capitalists are by virtue of the profit imposition, absorbing landlords and their estates, as they are absorbing the vital energy of the industrial classes, for Henry George had always a great sympathy for capitalists, for his single tax humbug was wisely designed to in-crease their profit, at the expense of landlords, leaving to wage workers all

the glories of competition.

New York Socialists speedily discovered the fake character of "Progress and Poverty," and made no gress and Poverty," and made no effort to disguise their contempt for the deceptions advanced by Henry George in the name of political economy, hence the antagonism towards international Socialism in Mr. George's posthumous volume on political economy. I met Henry George personally at the residence of Geo. C. Gibbons after his lecture in the London Opera House, and I have never had occasion since to change my opinion that he a much over-rated man, whose reputation was built more on popular ignorance than on his own value as an economist. I was personally sorry to read of the decease of this writer, having intended to attack his theories directly, and compel him to meet my analysis of his fallacy. If Mr. J. Bengough accepts the task of defending his economic hero, I think I can keep him busy. In the meantime will ask him to stick to the point in my letter of the 6th inst., before we pass on to the distinction between single tax and the taxation of land values, as advocated by Socialists before Henry George was heard of.

It is not yet proven by J. W. Ben-

gough that the points raised in your editorial, and upon which my letter of the 6th was based, is wrong, viz., that economic resition of the old school British territorial landlords, who rent

WOODSTOCK WONDER.

A Crippled Rheumatic Restored by Dodd's Kidney Pills.

Woodstock, Ont., Jan. 16.-Never, in the social history of this town since the Birchall trial, has such great interest been shown as the "Cutmore Case" has caused.
Mr. C. J. Cutmore, 90 Main street, was crippled by Rheumatism and Lumbago during five years. He couldn't stand straight, and had to be helped

from his room. Today he is straight and strong; sound in every limb, thanks to Dodd's Kidney Pills. Other remedies were used, but did no good. Dodd's Kidney Pills cured him. Dodd's Kidney Pills always cure Rheumatism and Lumbago.

The Strange Case of a Quebec Girl. Miss Roch.

Quebec, Jan. 19.-Miss Roach, the daughter of Mrs. Roach, of 432 Marie Ann street, is still sleeping, now 24 days. The doctors of Notre Dame Hospital and other medical men who have been investigating the strange case are utterly at a loss to understand it. Every device known to the profession that might result in restoring the girl to a natural condition, had been tried, but without success. Mrs. Roach is worn out with the weary watch, and it is feared that her health will fail if her daughter does not recover.

NEW BRUNSWICK ELECTIONS

Said To Be Near-Hon. John Costigan to Support the Liberal Government.

Ottawa, Jan. 19.-Political rumor has it that a general election may be expeoted in New Brunswick before long, and in this connection it is interesting to know that Hon. John Costigan, the well-known Conservative, will support Premier Emmerson. Mr. Costigan does not think that the resolutions passed at the Moncton Conservative convention will have much effect. Dominion and provincial politics, he thinks, should be kept apart. "If it should be convenient for me to be in the province at that time," said Mr. Costigan, "I should certainly, not as a member of the Dominion Parliament, but personally as a citizen, recommend my friends to support the government, reason that the Local Government party, which is the same as that which was for many years so ably led by Hon. Mr. Blair, and atterwards by Hon. Mr. Mitchell, and now by Hon. Mr. Emmerson, peared to me, had in its ranks the men in the legislature who seemed most desirous of advancing the real interests of the province and of treating all classes and creeds with that spirit of justice and fair play which are so essential to the building up of a united and happy people. I have for many years been in accord with the coalition party in local polities, and I see no reason now to differ with them or to withdraw my friendship and support."

A SAFE MAKER'S SUFFERING.

Dishates to one of the great scourges of the present day. All the various remedies heretofore tried have failed to cure it. Anyone suffering from it was practically

doomed to death. DOAN'S KIDNEY PILLS

have changed all that. They cure diabetes-cure when all else fails.

Mr. Jesse Knowles, an employee of Goldie & McCullough Co., Safe Manufacturers, Galt, Ont., tells how Doan's Kidney Pills cured him of Diabetes: "For one year past I have had severe pain in the small of my back, with rheumatic pains in both the arms. Sometimes my back felt as if it.was being torn open. I was exceedingly dizzy

at times and always drowsy. The urine was orange colored with a brown sediment, and very frequent in passing, and also very great in quantity. I am sure that I had diabetes for I

had every symptom of it. I have taken 3 boxes of Doan's Kidney Pills. Everything is changed now. The pain, the stupid, tired feelings have vanished and I must say that the Doan's Kidney Pills were the medicine that has effected this remarkable cure.
