TIRE TRADE QUIET

Kitchener Firm Places Employees on Unusually Short Shifts.

KITCHENER, Sept. 10.—The approach of a quiet industrial period in Kitchener appears to be indicated by the information given out today at the Dominion Tire plant that production is being vigorously cut down, owing to the prevailing dullness of the rubber market. It is also rumored that several hundred men have been laid off, but this is denied by the officials of the company. It is admitted, however, that employees are working on unusually short shifts. It was also admitted the plant is working on stock.

HEENAN WANTS PULP

FOR BACKUS INTERESTS

TORONTO, Sept. 10.—Peter Heenan, M.P.P., mayor of Kenora, Ont., and a deputation from Kenora interviewed Premier Durney and other members of the Government here today to try and secure the English River timber limits for the Backus interests. Mr. Heenan urged the necessity of keeping Kenora alive by establishing a pulp mill and a saw mill there, but it is understood that no encouragement was given to the deputation that the sought-for timber concessions would be granted.

East Elgin Tories Pick John L. Stansell, Bayham, to Carry Party Standard

Sir George E. Foster Puts United Farmers in Same Category As Bolsheviks—"One Almost As Bad As the Other"—Convention Characterized by Smooth Running.

[By Staff Reporter.]
ALYMER, Sept. 10.—John L. Stansell, a cattlemen and farmer of Bayham Township, was selected this afternoon to lead the National Liberal Conservative forces in East Elgin by-election to fill the vacancy caused by the death of David Marshall, M.P. Michael McKnight was also nominated, but withdrew in Mr. Stansell's favor. Nominations preceded the mass meeting to select the candidates. As Mr. McKnight, opening the mass meeting, did not announce the nomination of Stansell, he was whispered at the doors of the town hall, which was perhaps slightly more than one-third filled, it certainly did appear "all cut-and-dried." Mr. Stansell made two short, neatly-worded speeches which aptly illustrated some of the scholar's remark about language being made to conceal thought. Mr. Stansell in his opening speech, announced that he came to the meeting with the "express intention of withdrawing from the race." Mr. McKnight, who had been in the hall for some time, was "oppressed with a strong sense of duty," and it was "hard to say to one's friends," if there were a possibility of Mr. McKnight reconsidering his withdrawal, Mr. Stansell would prefer to withdraw his name.

Honors Late Member.
Referring to the death of the late member, Mr. Stansell said that East Elgin held many monuments to the ability and integrity of David Marshall. Mr. McKnight, in withdrawing, made the sage remark that if the election was to be won, there would have to be hard work done. Everybody must put his shoulder to the wheel. Both Mr. McKnight and Mr. Stansell succeeded in conveying the impression of sophisticated nomination every day in the year must of necessity arrive. Mr. McKnight was not any more spontaneous in his manner of the well-trained younger man. Canada had done more than any other country for her war heroes, he said.

He pointed out how to meet the national debt, incurred with the authorization of the Canadian people to the Government had imposed all the taxes it possibly could, including "outrageous taxes," like the luxury and sales taxes.

Had Reduced Taxes.
Also it had reduced taxes from 30 per cent. to 22 per cent. The Liberal regime, on all dutiable goods to 22 per cent. and yet the opponents of the Liberal regime claimed no tariff relief had been given.

U. F. O.—Bolsheviks.
Sir George went, perhaps, a trifle strong in his denunciation of the United Farmers of Canada, who he called the "Bolsheviks of the West." He said that the success of the Winnipeg strike would mean in its subversion of "responsible government," he declared:

"Soviet, Bolshevik, miners, farmers—no matter which, one is almost as bad as the other."
So, Mr. Stansell, winding up the speeches, proceeded to make it clear that he had some sympathy with the United Farmers' movement. He declared, he had as much right to organize as any other class, but it was an admission of the fact that the United Farmers' class had to create a party to present its case. The party system was the best yet devised. All its faults were the best yet devised. Mr. Stansell, and he could not stand on it. However, in the light of experience, the farmers had done very well in Ontario.

Accepts Nomination.
Incidentally it might be observed that Mr. Stansell moves very much "in the light." When the meeting opened Sir George Foster, it was clearly evident that it was a nice-mannered, perfectly agreeable meeting, and so, Mr. Stansell was able to say: "In the light of the nomination," he declared that he wanted a further declaration that he wanted a clean campaign, whether he was elected or not. He had no desire to do mud-slinging and he wanted no one to do it for him. After Mr. Stansell's nomination was made, Mr. McKnight moved that the meeting be adjourned to the 11th inst. at 7 o'clock. The meeting was adjourned to the 11th inst. at 7 o'clock.

No Flag-Waving.
The meeting was conspicuous for the absence of flag-waving. This was the striking variation from the conduct of usual Tory meetings, according to Mr. McKnight. Whether it was intentional and had anything to do with the addition of the prefix "National" to the name of the party was not clear. The flag was painted on the ceiling, and although a big faded since the Aymer town hall was last decorated, it relieved the speakers of the need for a lot of graphic appeals of patriotism that otherwise might have been deemed in order.

A resolution moved by George B. Lindsay, seconded by Ira Stillman, approved of the selection of Hon. Arthur Meighen as party leader, and declared allegiance to the principles of conservatism actuating the Government, and which the "strenuous" economic unrest in Canada, was largely due to the tariff policy laid down by Sir John A. Macdonald.

Approve N. L. C. Party.
Another resolution moved by Walter Goodman and seconded by Samuel Dawes, declared approval of the policy and platform of the National Liberal Conservative party and credited the comparative absence of economic unrest in Canada, was largely due to the tariff policy laid down by Sir John A. Macdonald.

Interests Divergent.
But a little later in the meeting Dr. Stansell took pains to point out that the interests of the eastern and western farmers were quite divergent, as an argument why the eastern farmers should not follow the western farmers' clamor for tariff reductions. He quoted Halbert as saying the farmers would be better off without telephones and rural mail delivery. He did not think any farmers in East Elgin would agree with Mr. Halbert in this view. Tariff reduction, he claimed, would adversely affect the eastern farmers. They might save \$3 in customs reductions on a seed drill, but they would lose \$30 on a steer through lower prices.

Remembered the Roots.
Sir George Foster, who recently recalled his first impressions of Western Ontario formed 50 years ago. The strange root-fences appeared not to have changed any as he passed through the district where they are found. In fact, he thought they still recognize the same old stumps. If the people of Western Ontario would stick like these stumps, still were good for a long time yet. Thirty-eight years ago he had been in Mr. Stansell's position, receiving his political nomination. He took the bit in his teeth, and would do it all over again. There are a lot of unpleasant things in politics, but with a sense of duty and a consciousness of rectitude, the politician enjoyed the work.

Class Name Dangerous.
As for the U. F. O., "a party which comes up to govern the whole country should not tap itself with the name of a class." This was a mistake which would prove a fatal mistake to any class, farmers, manufacturers, labor or miners. The U. F. O. would never get out of this.

They must broaden their philanthropies and change their class labels.
The National party was broad enough to take in everybody. Sir George took some time to show what the Government had done for the returned soldiers in the way of gratuities, pensions and vocational training. Canada had done more than any other country for her war heroes, he said.

He pointed out how to meet the national debt, incurred with the authorization of the Canadian people to the Government had imposed all the taxes it possibly could, including "outrageous taxes," like the luxury and sales taxes.

FREQUENT HEADACHES

A Sure Sign That the Blood Is Watery and Impure.

People with thin blood are much more subject to headaches than full-blooded persons, and the form of anemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs. Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich, red blood made by these pills will remove the headache.

Mental disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Most of these troubles are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, build up your blood. A fair treatment with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Company, Brockville, Ont.

Men, When in Chicago Come and See for Yourself.

CHATHAM MAN ARRESTED

Charles Lumley Pleads Guilty—Remanded a Week For Sentence.

CHATHAM, Sept. 10.—The interior of the city police station this morning greatly resembled a general store, the floor being covered with packages of all descriptions containing tea, coffee, sugar, soap and other articles of the grocery trade; brooms, oil, wearing apparel, a pile of trousers, a cardboard box and a large bag filled with cigars and numerous other articles, including two pairs of rubber boots and a fur coat.

For some time past thefts from freight cars stationed on the Pere Marquette transfer siding on Maple Leaf avenue near the local cemetery have been reported, and Pere Marquette detectives have been active, endeavoring to locate the thieves and booty. The culminating point was reached last evening at 8 o'clock, when detectives and city police surrounded the house of Chas. Lumley, 210 King street east, and arrested Lumley.

A search of the premises located large stacks of the above-mentioned articles, a truck load of which was brought to the central police station as "evidence." The charge preferred against Lumley was that "prior to September 9 of this year he did steal from cars on the Pere Marquette lines." He pleaded guilty.
