THE DANGEROUS TIME OF LIFE

Is between the years of fifty-seven and sixty-two. Nature's power slows down, vitality becomes less, and the process of decay sets in. A means of extending old age and renewing decreasing vigor is to take Ferrerone after meals. Ferrerone keeps up the appetite, and in the formation of red vitalizing blood, imparts clearness to the tiring brain, force, energy and spirit just when they are needed most. To take Ferrerone regularly means adding from ten to twenty years of life. Large boxes 50c or 60c boxes for \$2.50 at druggists or Polson & Co., Kingston, Ont.

A MEAN TRICK. George—That was an awfully mean trick they played on the bride. Evelyn—What was it? George—They got a stencil out of a shipping office and stamped on the jewel trunk "Glass; handle with care."

PANDORA RANGE advertisement. Includes a large illustration of the Pandora Range oven, text describing its features (oven bottom, Pandora flues, heat distribution), and the McClary's logo. Text: 'The Pandora Flue System is an Immense Improvement. While we don't desire to say that the usual flue construction is not good, for it is considered good, still we do say that the Pandora flue system is an immense improvement. In the ordinary range the flues conduct the smoke and heat by the shortest route to the chimney (as shown by illustration in lower corner). The heat does not pass directly under all pot holes, nor around all surfaces of the oven. and passes under the back inner pot hole before disappearing up the chimney. Thus it will be seen that all the heat circulates around the oven twice and under every pot hole before going up the chimney--that the draft for baking is also the best for cooking. And, as the heat is made to perform a double duty by this improved system, the fuel bill is greatly reduced. The most economical as well as the most improved range on the market to-day bears the name Pandora. It's a name worth remembering when buying a range. If your local dealer does not sell the Pandora, write direct to us for free booklet.' Logo: 'McClary's LONDON, TORONTO, MONTREAL, WINNIPEG, VANCOUVER, ST. JOHN, HAMILTON'.
