

LOCAL COUNCIL OF WOMEN ELECT MRS. A. W. ESTEY AS PRESIDENT

Appointment of Committees
is Deferred Until a
Later Date.

Mrs. A. W. Estey was elected president of the St. John Women's Council at its meeting yesterday afternoon in the Board of Trade rooms and was most cordially welcomed on taking office. Three notable addresses were given at the meeting when Miss Archibald spoke on behalf of her campaign for better English, A. M. Belling spoke of the work of the Children's Aid Society and appealed for generous support of the Rosebud Day effort for the society's home, and Mrs. James F. Robertson told of the far-reaching good accomplished by the Travelers' Aid in St. John and presented its urgent need of financial assistance. The meeting was well attended.

Mrs. Ralph Ross, of Georgetown, wrote expressing willingness to arrange for a proxy for the St. John Council at the meeting of the National Council executive.

As treasurer, Miss Alice E. Estey reported no new receipts in the milk fund during the month. The balance on hand in the general fund was \$72.48. The names of its delegates were forwarded by the St. John sub-division of the Catholic Women's League. Thanks for sympathy were received from Mrs. Milner Wood. Mrs. Richard Hooper repeated her request that her resignation as president be accepted and paid a tribute to the ability of her successor, Mrs. A. W. Estey.

Mrs. H. B. Peck gave her report as corresponding secretary. The meeting unanimously elected Mrs. A. W. Estey as president to succeed Mrs. Hooper and greeted her entry into office with applause.

The resolutions that were before the National Council executive that day were read and the action of the local executive in this regard was approved. School examinations.

Mrs. G. G. Poole reported that in company with Mrs. A. W. Estey she had spoken with the superintendent of city schools, S. A. Worrell, with regard to the resolution sent by Moncton to go before the National executive which recommended the abolition of annual examinations in the schools as the basis of promotion. Mr. Worrell did not favor having only quarterly reports form the basis for promotion as no work would be done in the last quarter. He offered to appear before the Council to speak on the subject.

There was some discussion as to whether educational matters should be brought before the National Council in view of the fact that each province has autonomy in educational matters.

Miss Archibald, professor of English at Acadia Seminary, was cordially welcomed and addressed the Council. She expressed her pleasure at meeting the members intimately before the explanation of her methods in the better English campaign which will be launched in St. John at a meeting on Friday in the Imperial Theatre. She aroused in the members enthusiasm almost as great as her own, for this new positive method which she is introducing to replace the old negative method which has proved ineffectual.

Arrangements for the Friday afternoon meeting in the Imperial were then taken up and completed.

Travelers' Aid Work.

Mrs. James F. Robertson addressed the meeting on behalf of the Travelers' Aid work in the city, which is being

conducted under the auspices of the Y. W. C. A. She asked the civic committee of the Council to use its influence to secure permission for a Travelers' Aid tag day as at the present time the running expenses bring a deficit of \$2,000 each year. This deficit the Y. W. C. A. has shouldered, although Travelers' Aid work is undeniably national and in reality a civic necessity. She gave statistics proving the considerable proportions of the work accomplished and related personal incidents which brought home in a forcible manner the scope and quality of the benefits. The lonely were befriended, the unwary shielded, the uninformed and those in difficulties aided in solving perplexing problems. The last year showed that the two workers of the Travelers' Aid in St. John had met 8,203 trains, 289 boats, taken 1,293 persons to the Transient Home, found shelter for 1,293, assisted in the station, 1,227, found employment for 52, and sent off 207 telegrams, some of which had been the means of safeguarding young girls. That year also

the Travelers' Aid was instrumental in having 13 undesirable women and girls deported. The value of this last effort could hardly be over-estimated. Mrs. Harold Lawrence spoke of the international aspect of the Travelers' Aid work and said that in her recent trip across Canada she had spoken with as many of the Travelers' Aid workers as possible and everywhere the good work done by the Travelers' Aid agents in St. John was a byword. Every Travelers' Aid worker knew Miss Hoyt. Mrs. Lawrence as immigration committee convenor in the National Council asked that a committee be drawn up representing the various organizations interested in immigration work.

It was decided to defer until a later meeting the appointment of the committee asked for the decision with regard to the tag day for the Travelers' Aid.

ST. MATTHEW'S CIRCLE.

St. Matthew's Presbyterian church hall was the scene of a busy quilting yesterday afternoon, when the members of the Sewing Circle met for a few hours. Those who were present were: Mrs. E. W. Scott, Mrs. C. Kelly, Mrs. Fred Clifford, Mrs. William Nickerson, Mrs. Austin Galbraith, Mrs. J. MacNutt, Mrs. H. L. McFarlane, Mrs. L. A. Colwell and Mrs. J. Colwell.

The many friends both here and elsewhere of T. E. Mullane, the veteran C. N. R. parlor car conductor, on the Halifax-St. John run, will regret to learn that he lies ill at his home in Halifax with an attack of pneumonia. Every hope is held out for his recovery.

A LABOR SHORTAGE.

Frederick Sayre of this city is carrying on extensive lumbering operations in Carleton County. Mr. Sayre operates four mills in that county, three of which will be busy for some time. His Harland mill has just closed after a long and successful season. There has been a labor shortage in the lumber districts up river.

ILL WITH PNEUMONIA.

ORGANIZE FOR ORPHANS' DRIVE

Committees Hear a Stirring
Address by Rev. Canon
Armstrong.

The preliminary work of the campaign for the \$250,000 needed for the New Brunswick Protestant Orphans' Home got away to a good start last night, when the nucleus of the ward workers met in Orange Hall to the number of about 80, and had the plans for the campaign outlined by Rev. R. A. Armstrong and L. P. D. Tilley. Mr. Tilley acted as chairman and after calling the meeting to order and expressing his pleasure at seeing so many present, called on Rev. Canon Armstrong to speak. Canon Armstrong said the canvassers had one of the finest propositions ever placed before the public to put over and he was satisfied it would be put over and put over big.

He pointed out that the Protestants of New Brunswick had been remiss in their duty insofar as caring for the orphans was concerned and stated the Roman Catholics with a population of 170,000, had provided accommodation for 3,000 orphans while the Protestants with a population of 217,537, had only accommodation for 188, including the Wiggins Institution. The \$250,000 asked for only meant a little over \$1 per head of the Protestant population and this should be easily raised.

Mr. Tilley named the ward canvassers for the campaign as follows: Sydney, W. K. Haley; Dunes, R. S. Stephenson; Queens, W. Grant Smith; Kings, T. E. Simpson; Wellington, F. T. Barbour; Prince, Hector Little; Victoria, G. S. Bishop; Lunenburg, J. A. Kennedy; Lorne, J. Cecil Mitchell; Stanley, C. T. Green; Brook, C. B. Lockhart; Guys, J. Fifth Brittain.

It is proposed to divide the wards into districts and have a captain and

team of five men for each district and the canvassers to go in pairs to call on the prospect. The canvassers will be provided with cards with the names of the persons they are to call on and a report will be made on each card.

RAN INTO SNOW STORM.

Rev. and Mrs. Robert G. Fulton, who went to Charlottetown for a short trip, arrived in the city yesterday. They hastened their return because of the approach of stormy weather which overtook them, as there was quite a fall of snow on Tuesday. Rev. Mr. Fulton was suffering from a severe attack of bronchitis last evening. He expects to be able to take his usual work next Sunday.

ILL WITH PNEUMONIA.

HER CLEANING and Dusting done in half an hour

The Hoover Company Limited
Hamilton, Ontario.

FEW people have had better opportunity to judge the merits of The Hoover than Mrs. L. L. Graham, 212 Laurier Avenue, Toronto, and certainly no one could be more enthusiastic in praising it. For ten years Mrs. Graham's home has been kept clean with The Hoover. Rugs are cleaned once or twice a week—upholsteries and hangings less frequently. "Although my rugs are danced upon," says Mrs. Graham, "The Hoover keeps them in excellent condition—clean and beautiful as new. Indeed, The Hoover has added several years to the life of my rugs. Cleaning and dusting used to take half a day. I do it all now in half an hour with The Hoover."

The wonderful New light Hoover, with its ten important improvements, is the world's most efficient electric cleaner. Phone any Authorized Hoover Dealer and he will gladly bring it to your home and show you how it will keep your rugs clean and beautiful.

Learn from the women who tax their skin the most...

and keep their faces loveliest

Two essentials they never forget

THE actress, the society woman, the business woman, the modern young girl are the ones who have learned first the right way to care for their skin. Because in no other way could they go on subjecting their skin to the same conditions and keep it beautiful.

The whole secret of their loveliness today lies in giving their skin regularly the two things they have found are indispensable in keeping a woman's skin young and supple.

First—the kind of cleansing that frees their skin nightly from the tenseness of the day's strain and clears it of the collected dust and oil and cosmetics—restores its transparency and natural pliancy. This toning up at the end of every day is absolutely essential.

Second—they know it is imperative to render their skin immune at all times to strain, dirt, changes in temperature—to all the kinds of exposure that tend

to coarsen it... Two distinctly different needs—for years the effort of an esteemed maker of toilet preparations was centered on the two creams that were to answer these two vital needs of women's skin.

Just the right amount, and finest quality of each ingredient to do the actual benefit to the skin for which each cream was formulated. Pond's Cold Cream not only cleanses exquisitely, it restores each time your skin's essential suppleness. And with Pond's Vanishing Cream, you have unfailing protection and the instant beauty of smooth skin under the powder. Buy
