It Registered. Burris A. Jenkins, editor of the Kansas City Post and pastor of the Linwood Boulevard Christian Church of that city, tells of a colored pastor who invented a new contribution box and on Sunday morning announced to his congregation: "Brethren and sisters: A very interesting experiment will now be passed among you. It is the newest thing in a contribution box. When you drops in a half-dollar or quarter it falls on velvet and don't make no noise at all. When you puts in a nickel or a dime it rattles down on wood. When you throws in a copper or a button it rings a bell. The collection will now be taken!"
