Today his position is difficult, since the great bulk of his parliamentary following is Conservative, and in deference to this fact he has had to give his most import portfolios to Unionists. If he were minded to sur- render to Labor his following in the Commons would desert him. There are some unkind enough to say that the pre- mier was ready to put himself at the head of the Labor party if it had showed strength enough to carry the country, and that he might even leave his own government if he deemed the step one likely to prolong his political prestige. Others say that years and responsibility have mellowed Lloyd George and that he will duplicate the career of Chamber- lain, who began as a Radical and wound up as the greatest of Imperialists. With his Radical friends suspicious of his Con- servative associates, and his Conservative associates suspicious of his former it ad- ical inclinations, it is plain enough that the British prime minister is going to have his trouble with the labor disputes. Lansdowne And his famous letter to the London Telegraph in the fall of 1917, in which he gurged the government to
