The Plan to Get St. John Into New England League

WOULD BE BIG THING

Fred Lake Secures New Bedford Purchase and if we Can Get in at All it Would Be By That Route

A few weeks ago, it will be remembered, the Times announced that the matter of putting St. John on a higher baseball plane was being considered...

Success in the project can not be attained merely by expressing the wish and submitting the proposal to the league powers. Much more has to be done and that the question will still be in doubt...

If the plan worked and St. John secured the franchise, it would mean some four visits here during the season by each of the seven other clubs and four trips away for the home team...

One thing seems assured, that St. John will have good baseball next season and it is expected that early arrangements will be made for a conference on the matter of a maritime league with this city, Fredericton, Moncton, New Glasgow, Amherst and Halifax...

TAKING OFF THE DUTY (Summerside Pioneer) Amongst other items, the Journal respectfully asks our prayerful consideration of the following:

What earthly difference would it make to wipe out Canada's duty on wheat when she exports ten times as much of this foodstuff as she consumes?

The farmers of the West know well enough what difference it would make to them; but, for the purposes of Prince Edward Island, let us substitute the word "potatoes" for "wheat".

Too much stress cannot be laid upon the admission to all persons affected by the earlier stages of throat and lung trouble, as failure to take hold at once will cause many years of suffering, and in the end that terrible scourge "Consumption."

Dr. Wood's Norway Pine Syrup is without an equal for all affections of the Throat and Lungs.

Price, 25 and 50 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CAUSE AND EFFECT (St. Andrews Beacon) This is the third winter under the new government of Canada, and the Montreal Mail (Ind.) says it is "the worst winter in years."

A SKI-JORING OUTFIT

Consisting of a pure cashmere pull-over-head sweater, Engadine waterproof cloth skirt, and cap in a billiard green shade, the puttees and the knickerbocker of the same color, the scheme completed with waterproof cape, gloves and black ash.

NEW HEAD OF NATIONAL LEAGUE

Governor J. K. Tester, chief executive of Pennsylvania, and now head of the National Baseball League at a salary of \$25,000 a year.

Two Doctors Said He Had Consumption.

DR. WOOD'S NORWAY PINE SYRUP CURED HIM.

Mrs. John Ellis, St. John's West, Ont., writes: "My little boy was very bad with whooping cough and severe cold. I went to two doctors with him, and they said he had Consumption. I could get no relief for him, he would cough all night long, with a dry hacking cough."

I was persuaded to try Dr. Wood's Norway Pine Syrup, and was surprised to see the first bottle did him good. I have had five bottles, and they cured him. He rests well at night now, and is well and hearty. If he gets a cold we always give him Pine Syrup and he is soon better. I did not think I could raise him, but I am thankful to say Dr. Wood's Norway Pine Syrup saved him from being a consumptive."

HAD TO STOP WORK FROM THE PAIN

Suffered Ten Years Until "Fruit-tives" Cured Him

St. Thomas, Ont., May 22nd, 1914. "I was troubled for ten years with the most distressing Constipation and Indigestion of the worst form. No one could have been worse with this trouble than I was for this long time. The pain from Indigestion was so severe that many times, I have had to stop work and lie down until the acute spasms passed away. I took a lot of medicine—in fact, I guess I took about everything that was advertised—and gave them all a fair test—but got no relief. About a year ago, however, I was advised to try "Fruit-tives" I am mighty glad I did so for they seem to be made exactly for me. They gave results in a very short time and I am now free from these diseases and enjoying perfect health. My wife also used "Fruit-tives" and we both think they are the best medicine ever made."

Z. J. EDGEWORTH. 50c. a box, 6 for \$2.50, trial size, 25c. At all druggists or sent on receipt of price by Fruit-tives, Limited, Ottawa.

USE THE WANT AD WAY

BIG FARES OF FISH AT YARMOUTH

(Halifax Chronicle) Yarmouth, Dec. 15.—The fish exports from Yarmouth last week did not reach the high figure of several weeks before that. They totalled in value about \$25,000.

The principal items were 381 boxes bonneted cod, 1223 packages salt fish, 88 barrels mackerel, 120 barrels salt herring, 58 cases pickled fish, 6 barrels cod oil, 40 packages mussels, 16 barrels oysters, 188 cases fresh fish, 46 boxes haddies, 108 barrels clams. Never since the Consumers' Fish Company started operations here has there been so much fish afloat as there is today. The arrivals have been the Dobby schooner Loran B. Snow, Dorothy G. Snow and Myrtle L., with 15,000, 20,000 and 10,000 respectively, and the American fishing schooner Morning Star Ruth and Pontiac, with 12,000, 5,000 and 6,000 pounds. The Dobby and Loran sold to the Consumers' The Myrtle has not sold yet, and the American vessel will transship. In addition to these 25,000 pounds have arrived by schooner from the south shore all for the Consumers' Fish Company.

Halifax, Dec. 16.—More than 100,000 pounds of cod and haddock are being received daily at the plant of the North Atlantic Fisheries at Port Hawkesbury, C. B. The steamer trawler St. Leonard arrived at Port Hawkesbury, C. B. one day last week with 175,000 pounds of cod and haddock. This trawler is high line of the Nova Scotia fleet.

MORNING NEWS OVER THE WIRES

Dominion contracts have been awarded to S. R. Gaudy & O. Dupont for construction building and platform at College Bridge, N. B., to cost \$4,500; to McLeod & Sumner for freight shed at Westville, N. S., \$1,750 and to J. Sumner Co. for water heating, Oxford, N. S., \$800. The master and fisheries department has received a report on the fisheries in the St. Lawrence estuary. The salmon fishery is especially valuable and may rival that of British Columbia. The North Vancouver branch of the Bank of B. N. A. is short \$11,000. Suspicion rests upon a clerk who secured leave to get married and has overstayed his leave. The new Allan liner Albatross, in her first trip on the Clyde since a speed of 24.8 knots over a measured mile; This is 1.7 knots over the contract stipulation. The Co-operative Oystermen's Association of Prince Edward Island was organized in Sydney and the membership including both fishermen and representatives of the companies. The object of the association is to eliminate the conflict between the fishermen and the producing companies, one of the causes of trouble being the rule that private companies could commence work on September 1, while fishermen on public beds could not begin until October 1. A commission has been appointed in New Hampshire to examine into the matter of Henry Thaw and to determine whether his liberty, under bail, would be dangerous to public safety.

TRAIN FACILITIES FOR EMPRESSES WERE NOT SATISFACTORY TO C. P. R.

The C. P. R. has found it necessary to complain to the I. C. R. regarding the train facilities provided at Halifax for the Empress steamers. The Halifax surveyor board work taking place from Mr. Bosworth announcing that the I. C. R. authorities have promised to remove the cause of dissatisfaction. It is practical economy to buy Consumers Coal Company's coal. Schooner damaged in collision with steamer. City Island, N. Y., Dec. 15.—Schooner Nechawic from Northington, Maine, via New London for New York, was in collision with the steamer Rock on Tuesday night. The schooner was damaged and the Province Line and had bowsprit, jib-boom and all head gear carried away. The schooner was towed to yesterday morning in tow of tug John Fuller.

The Police Investigation

Commissioner McLellan's report on the police investigation will be discussed at a special meeting of the common council this afternoon. The proposed by-law with reference to the exclusive use of lip rails in the city for street cars will be brought up later. Negotiations in regard to the Dominion Coal Co. pocket have not progressed since the last meeting, although the coal company is making arrangements for the protection of the ferry passengers from the dust nuisance.

Prof. MacKinnon Improving

The condition of Prof. Clarence MacKinnon, of Pine Hill College, who was operated upon several weeks ago, continues to improve. Mr. MacKinnon is still at the hospital, but it is expected he will have recovered sufficiently to be removed to his home before Christmas.

Nerves Were So Bad

THOUGHT SHE WOULD GO OUT OF HER MIND.

Diseases of the nervous system are very common. All the organs of the body may be sound while the nerve centers may be affected. Many women become run down and worn out by household cares and duties never ending, and sooner or later find themselves with the nerves shattered, and the heart action weakened. On the first sign of any weakness of either the heart or nerves, flagging energy, or physical breakdown, do not wait until your case becomes hopeless. Milburn's Heart and Nerve Pills will quieten the nerves, strengthen the heart and build up the entire system. Mrs. Archie Goodine, Tilley, N. B., writes:—"When I was troubled with my heart two years ago, I was very bad. My nerves were so unstrung that sometimes I would almost go out of my mind. I doctored myself with everything I could get, until at last I got four boxes of Milburn's Heart and Nerve Pills, and they have cured me. I cannot express too highly of this wonderful remedy, and will recommend it to all sufferers."

Price, 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Wolgast to Try Again This Week

(FROM T. S. ANDREWS)

Wolgast is still tough, even though his hands were battered to pieces. While he has been doing exceptional work of late, his opponent being Johnny Dundee in New Orleans, but it was merely one of those no-decision arguments and soon forgotten. On form Wolgast should have it on White, but from the improvement shown by the Chicago lad of late, I look for him to give Ad the hardest kind of a fight. Unless Ad can land some of those famous left hand hooks he is liable to find himself out-pointed at the end of ten rounds.

A victory for White over Wolgast would mean that the Chicago boy would bring him into the big money. It would bring him into the big money. It would bring him into the big money. It would bring him into the big money.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Back-ache or Have Bladder Trouble

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The uric is cloudy, full of sediments, the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before each meal for a few days and your kidneys will act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Quality, Service, Price, get all three from the Consumers Coal Co., the home of good coal.

MAKES HAIR GROW

ny finds that he can not get into a big coat with the present dock of fat or weights and he is willing to take a chance at a little better game.
