is had grown more thoughtfully attentive, and deliciously loving and tender; sometimes being prevailed upon to light a fragrant cigar, and once actually once insisted upon Jeanne's sitting at full length and resting her head upon him for a pillow. Yes, notwithstanding the heat, and the rest, and the slight stiffness, Jeanne was happy, and it is with a certain gladness that she hears Yane reply: "Pretty, is it? Well, this is Eaton, our station."

## THE BOARD OF HEALTH INSPECT DAIRIES AND SLAUGHTER HOUSES — SAMPLES OF WATER TAKEN.

The inspection of the dairies and slaughter houses by the Board of Health was made on the 26th of July. So far as our examination has proceeded your Board find these interests in good condition, and where conditions would suggest improvement, your board will give instructions.

However, it can be said, that those in the dairies that reported to us to take a commendable pride in their premises and care and cleanliness were the market characteristics of those visited.

Every day last the inspection was continued. Samples of water were taken at the principal points and forwarded to Toronto for analysis.

Jas. Sinclair,  
Chairman Board of Health.

## THE RAILROADS THRIVE ONLY AS THE PEOPLE THRIVE, AND EVERY RAILROAD MANAGER KNOWS IT.

(Albert Hubbard in The Era Magazine)  
The man who knows on the railways belongs to the locomotive. As the railways prosper we all prosper. When the shops shut down, orders for iron are cancelled, and the engines line the sidings, we are all up against, and the bread-line forms.

Always in times of stress a vast number of people look to the Government for relief. But what shall we say of a Government which makes war on those who are now giving work to millions, and thereby assure us peace and prosperity? If the men in charge of our Government insist on being business-baiters, they leave room of the mob, demanding work or bread, will again be heard and women and children will be pushed defenseless into the storm. Business in this country gives work and wage to everyone who wants to work. Let business alone.

Ex-parte actions against the railroads should be forbidden by the statute. Burglary, hold-ups, strong-arm tricks, rape, are all ex-parte proceedings. And what shall we say of the dignity of a President who resorts to an ex-parte action in order to gain a cheap and transient legal victory over a very important part of the people, whom he has sworn to protect in their legal rights? The railroads have only one thing to sell, and that is transportation, and the people of this country are willing and anxious to pay for the transportation all it is worth. We are not mendicants, and we ask for nothing at less than its value.

He who tries to incite class-hatred and makes it appear that there is war on between the railroads and the people is a wicked man. The railroads thrive only as the people thrive, and every railroad manager knows it.

## MISFORTUNE IN FAMILY MOTHER AND CHILD DROWNED — HUSBAND ELECTROCUTED.

Detroit, July 26.—Conductor Frank Bassett, of Algonac, operating a Rapid Railway car coming to Detroit last night, was almost instantly killed by electrocution while trying to fix the trolley on the car a short distance from the side of the tracks.

It seems that the running gear of the trolley went wrong, and Bassett climbed on top of the car to put on a new pole. It is believed that in doing so this trolley pole came in contact with the high tension force wire at the side of the track and that he received a fatal charge of the electric current. He toppled and fell to the ground and was unconscious when picked up. He was placed on the car and taken back to New Baltimore, where he died in a short time.

Misfortune has followed the Bassett family rapidly in the last few months. He was an assistant cook on the steamer Frank H. Goolyear which was sunk in a collision with the steamer James B. Wood, 35 miles north of Pointe Aux Barques in Lake Huron May 23. His wife, who was a waitress on the boat was drowned, together with their little son, Johnnie, 3 years old. He and his mother, Mrs. Emma Bassett, of Port Huron, were the only ones of the family to escape from one of the most thrilling accidents that has happened on the lakes this season.

There are two little girls, Edna, aged 12 and Frances, aged 8 years, now left fatherless and motherless in Algonac. It was a pitiful scene when they learned that their mother and little brother Johnnie would never come home again and now the tragedy is repeated.

Bassett had been a conductor only a short time. He entered the D.U.R. employ June 8 and passed his examination and went on a regular run only ten days ago.

Fire did \$36,000 damage in Morse, Sask. Tuesday night.  
A young woman named Edwards was drowned from a canoe at Chapleau on Sunday.

## SMALL SNAKE IN GIRL'S RAT

Was Bitten by the Reptile and is now in a Very Serious Condition

Richmond, Va., July 27.—Bitten by a small moccasins snake nestled in her "rat" when she had laid that creature off during the evening in a hammock in her front yard, Miss Mary Wood, of the West End, is reported to be in a serious condition.

The girl is a department store clerk. The day of the strange occurrence she went to work as usual. Her head began to itch and pain her. Miss Wood and another girl went to the dressing-room, where the hair was taken down. Several small red and swollen spots were discovered on her scalp. Enduring the pain all day the girl went home at closing up time and told her mother of her trouble.

The hair was again taken down and drops of blood with more incisions were discovered. The mother then asked for the "rat" and taking it began squeezing it. Feeling something wriggle inside the "rat", and hastily tearing it to pieces, a six-inch moccasin dropped to the floor. The girl fainted at the sight of the reptile and is now under the care of a physician.

## "SERVITUDE" CLAIM.

Sir William Robson at The Hague Denies U.S. Right.

The Hague, July 28.—Continuing his argument, Sir William Robson, at the turn of the British case, refused the assertion that after the decision in the arbitration case at Halifax, the United States had paid the indemnity only after having received assurance from the British Government that Britain had no right to exercise jurisdiction over American fishermen.

Sir William then dealt with the doctrine of international servitudes on which the United States based its claims and its rights to fish without limit in the waters of Great Britain. Counsel argued that no one would pretend that subjects of a foreign state to whom had been accorded the right to enter the ports of another state for the purpose of commerce were free from local laws. No logical reason had been advanced by the United States to justify the exception in the case of fisheries.

The United States had in no way proved that when treaty was concluded, the doctrine of universal servitudes was universally admitted. In conformity with the tribunal's desire, Senator Root has submitted a note embodying clauses of Canadian and Newfoundland laws to which the United States raises objections.

The proceedings are expected to terminate on August 10. Senator Root will deliver the closing address.

## BRIEFS FROM THE WIRES.

Henry Rochette, the French promoter, was found guilty of swindling and sentenced to two years in prison.

Two men were shot at Little Rock, Ark., both fatally, in a fight growing out of a feud of twenty years' standing.

A. E. Faulkner of Brantford has secured the contract for the new College Institute at Dunnville at \$35,000.

The Detroit authorities are anxious to find a Mrs. Brewer of Toronto, whose brother, Breece Dana, was killed in Detroit.

The second reading of the bill amending the King's accession declaration passed the House of Commons last night.

The first estimate of the crop yield in the Regina district has been given by the Department of Agriculture: Wheat, 18 to 20 bushels per acre; oats, 30 bushels, and flax, 10 to 12 bushels.

## Lady to Run For Congress.

Los Angeles, July 28.—Determined upon another effort to clear the mystery surrounding the death of her son, Lieut. J. N. Sutton, on the campus of the U. S. Naval Academy at Annapolis two years ago, Mrs. Rose B. Sutton probably will be a candidate for the House of Representatives from her district.

"I firmly believe I will secure a Congressional investigation of my son's death at the next session of Congress," she said. "If going to Congress myself appear to be the only way, I certainly will be a candidate. Already many influential persons in Portland and other cities have promised their support, and several attorneys have volunteered to take the stump for me. If I go to Congress it will be with a object, to secure an investigation of my son's death. Woman's suffrage and other matters that usually interest women will have no place in my fight there. I will, however, advocate reforms in our army and navy life."

Lieut. Sutton was shot on the Annapolis campus, after a lengthy investigation. A second probing resulted in a similar decision.

The Ingersoll Telephone Co., Ltd., is about to issue a new directory and would ask any who may wish one of their phones, or any present subscribers who may want a change of address to notify the Company at once.

## HYMENEAL

DIGGS—EDWARDS.

A very pretty wedding took place on Wednesday afternoon at three o'clock at the home of Mr. William Edwards, Oxford Avenue, when his youngest daughter, Edna, was united in marriage to Mr. Leonard Diggs, of Flint, Mich. The ceremony was performed by the Rev. H. B. Christie pastor of the Methodist church. The wedding march was played by Miss Jeanette Melice and the bridal party took their places under an arch of evergreens and pond lilies and a large bell. The bride, who was given away by her father, was charmingly gowned in blue silk with net yoke and apron trimming. She also wore a braided veil, caught with white sweet peas, and a pearl necklace, the gift of the groom. Miss Edna, sister of the bride, was bridesmaid, while Mr. John Edwards, nephew of the bride, supported the groom. The flower girls were Miss Rhoda Buck and Miss Daisy Edwards, and the ring bearer Miss Eva Foster, all nieces of the bride. The ring was carried in a silver basket three hundred years old, which was filled with sweet peas. The flower girls and the ring bearer were prettily gowned in pink tulle, with trimmings of silk lace and pink ribbon.

After the ceremony a sumptuous repast was partaken of in a tent on the lawn, which was decorated with bunting and flags. The waitresses, who were attired in white, were six young lady friends of the bride.

The groom's gift to the best man was a diamond stick pin, to the bride a gold brooch set with pearls and emeralds, and to the flower girls and ring bearer pearl rings.

The presents were numerous and costly, and included cheques from the bride's father for fifty dollars; from the groom's mother, Mrs. Geo. Diggs, of London, Eng., to the bride for \$150 and to the groom for \$50.

Mr. and Mrs. Diggs left on the western flyer and showed up of their home, for their future home in Flint, Mich. the bride travelling in crean Batiste trimmed with blue silk and hat to match.

## McCullough Succeeds Hodgetts.

Toronto, July 28.—Information was given from the Provincial Secretary's Department yesterday afternoon to the effect that Dr. John William Scott McCullough of Alliston, Ont., has been appointed secretary of the Provincial Board of Health, to succeed Dr. Chas. Hodgetts, who recently resigned to fill the position of medical adviser to the Conservation Commission at Ottawa.

Dr. McCullough has been a member of the local Board of Health for some time, and has a large practice in his surrounding neighborhood. "His work on the Board of Health," said Hon. W. J. Hanna, "has, in the opinion of the Department, made clear his qualification for the position."

The duties of the new secretary are to commence on August 1, 1910.

## Destructive Storm.

Cayuga, July 28.—A terrific electric storm, accompanied by high wind, passed over here last evening. The barn of John Pearl, four miles south of here, at Kohler, was struck by lightning and destroyed, together with a horse, two pigs, a calf and 18 loads of hay. In town a number of sheds were unroofed. R. Sinnet's barn was blown down and many windows broken. Sheds and fruit trees were destroyed. The rural telephone service was demoralized.

## Drowned in Cistern.

St. Thomas, July 28.—Eugene Clyde, the six-year-old son of Berry Clark, a city waterworks employe, Yarmouth Heights, was found drowned in a newly-constructed cistern near a neighbor's home. The little fellow had fallen in while playing alone, and the body was not discovered for some time.

## Street Car Struck by Train.

Cleveland, July 28.—Twelve persons were injured, one probably fatally, when a St. Clair avenue car was struck by an outward bound Pennsylvania train at the 35th street grade crossing last evening. The car was hurled from the tracks and smashed into splinters.

## Canada to Be Represented.

Ottawa, July 28.—One of the Canadian Cabinet Ministers will be present at the opening of the first Parliament of United South Africa. It is probable that the Canadian envoy will not be named until Sir Wilfrid Laurier returns to Ottawa.

## DOES YOUR SCALP ITCH?

Are Your Hairs Dropping Out One by One?

If your scalp itches you are doubtless suffering from dandruff. The dandruff germ is digging up your scalp in little lakes, called dandruff and sapping the life of the hair bulb. No hair preparation that is a more hair stimulant and tonic will cure dandruff because it won't kill the germ that causes the trouble. Newbrow's Herpicide is the latest scientific discovery, and it will kill the dandruff germ. Destroy the cause and you remove the effect; kill the germ and you will have no more dandruff, falling hair or baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. J. E. Gayfer, special agent.

## PLAN TO ACQUIRE STREET RAILWAY

Would Cost the City of Detroit Three Million Dollars—Secure Controlling Interest

Detroit, Mich., July 27.—A proposition somewhat startling in its apparent practicability, by which the city of Detroit may secure municipal ownership of the Detroit United Railway, and thus settle for ever the dispute over cheap street railway fares, has just been put up to Mayor Breitmeier and the Common Council. The plan is suggested by Maynard J. Pollin, once a prominent politician in the councils of the late Hazen S. Plagere, and its very originality has done as much as anything else to command it to the members of the Council. In a nutshell the idea is this: "The capital stock of the Detroit United is \$12,500,000. The present market price of U. D. R. is about 41. Have the city of Detroit purchase a controlling interest in the stock by going into the open market for it. The cost price will not exceed \$3,000,000. Then the city can do as it pleases. Mayor Breitmeier, declared himself strongly against the proposition, but twenty-nine out of the thirty-five Aldermen are outspoken in its favor. The difference between municipal control and municipal ownership is so slight that the vote of the Council last night to submit the matter to a vote of the people on August 15 can easily be amended, and probably will be changed to suit the new situation.

## FRIDAY HALF HOLIDAY

Remember the two baseball games to-morrow afternoon. Employees make 2.30. Business men at 3.30. Silver collection will be taken up. Come.

## PITCHER KILLS BABY

HIS LITTLE ONE ON THE HEAD WHEN THROWING BALL TO THE CATCHER

Indianapolis, July 26.—Albert Mattingly, an amateur baseball player, was placed in jail today in default of \$5,000 bail, charged with killing Inez Stephenson, a child of two years.

Mattingly threw the ball, and passing the catcher, it struck the child on the head and it died at noon.

## FOR THE HOSPITAL

COLLECTION TAKEN UP AT CHURCH SERVICE AT PORT KEEWAYDIN, MUSKOGEE.

In connection with the church services at Port Keewaydin, Muskogee, it has been the custom for the past few years, to take up a collection each year for some worthy object. In accordance with this custom a collection was taken up at the evening service on Sunday last, which was conducted by Mr. Jos. Gibson. Mr. Gibson asked for the sum of \$35 for the purpose of putting a new floor in the kitchen of the "Alexandra" Hospital, Ingersoll. The congregation responded with characteristic liberality and the collection amounted to \$41.60.

William Fortune, of Villiers, twenty miles from Peterboro, cut his throat.

## GRAND TRUNK PACIFIC.

The dining car service of the Grand Trunk Pacific is already commencing to attract very favorable comment. A few days ago a number of representatives of Marshall Field in Chicago gave the following unsolicited testimony:—"We have travelled extensively and in our judgment the service and cuisine are as perfect as any we have ever experienced." C. H. Ford, Field Manager, Chicago, Ill.; H. L. Johnson, Sales Manager, New York City; H. Cunningham, Winnipeg.

## THE WEATHER.

WESTERN ONTARIO.—Moderate variable winds; fair and warm. Lake Superior and West.—Light, variable winds; fair and warm.

## TOO LATE TO CLASSIFY

LOST OR STOLEN.—FROM THE Mansion House yards on Friday night, July 22nd, a low frame Rambler Bicycle. Any information regarding the above will be thankfully received by R. H. Reid at the Mansion House.
