CAMPAIGN NOTES.

Cape Breton Will Elect Sir Charles Tupper Without Taking Him Away From Work in Other Places.

A Sketch of Gilbert W. Ganong, Who Wi Represent Charlotte County in the Next Dominion House-Nothing but Good Will for St. John.

The Gloucester liberals will meet at Caraquet on Friday, May 22nd. The Bathurst Courier says three or four names will be submitted.

Judge Purcell of Quebec has de olded that an I. O. U is negotiable paper. Election betters beware.

Hon. H. R Emmerson is reported by the Fredericton correspondent of the St. John Telegraph to have predicted that the liberals would carry all the P. E. Island seats, capture at least eight of the fourteen New Brunswick eats and more than divide Nova Scotia. Henry has wheels in his head.-

This is the sort of campaign literature the liberals are circulating in Quebec: "Will Mr. Angers, who poses as the champion of separate schools, have the kindness to let the religious authorities know if his son still frequents a Protestant school and for what reason?"

Has any man yet been able to find one sound public reason for voting for a grit candidate? Of private reasons re may be many; but of sound public reasons for such a vote not one has ever yet been published. Every elector who wishes to act for the public good should ask himself. "What ficial public policy is to be adman who seriously asks that question will vote for a party that has no definite public policy.—Halifax Herald.

The conservative election committee for the parish of Sussex, Kings Co., have opened a room in Masonic hall for campaign work. Those interested in the promotion of the election of F. E. Morton are cordially invited to attend. The room will be opened every night during the campaign (Sunday excepted.)

The Trade Bulletin of Montreal says: ""Another disturbing element is the nu-·certainty regarding the results of the coming elections, as it is feared that should there be a change in government our present fiscal policy will be tampered with to such an extent as to unhinge the present trade status of the country, and unsettle business gener-

The Sun says: "It is true that the Canadian premier has labored long and arduously in behalf of that ambitious scheme for Canadian and British aggrandizement at the expense of the United States." The Sun would like to see Messrs. (Halifax Mail, Cons.) The truth is that in Halifax there is othing but good will for St. John. The sensible men in Halifax, as in St. John, know that the interests of both cities can be best promoted by both pulling together. Only an enemy of both would seek to set them quarreldoubtedly succeed in securing a large portion of the Canadian trade now done in United States ports. And it St. John should of that trade secure more than Halifax we shall not on that account feel unkindly towards St We want Canadian trade diverted to Canadian ports, and so does St John. By working together we can succeed —in a large measure at least. By antagonizing each other, cultivating the spirit that the Telegraph is seeking to foment, we shall both suffer. Such is the almost universal sentiment in Halifax, and we have too much faith in the good sense of the people of St. John to believe that the most frantic appeals of the grit organs can create any other sentiment in that good city.

St. Stephen, May 15.-The political

situation in Charlotte Co. at the present time is such as to cheer the hear of the liberal conservative party with well-founded hopes of achieving victory at the coming election. The convention held here on Monday last was a thoroughly representative one, and the public meeting in the evening was the largest political indoor gathering ever seen in this town. It is clear to those who are watching the indications that many old time supporters of Mr. Gillmor will cast their ballots at this election for the party of progress, and that the conservatives are rallying around Mr. Ganong with a unanimity that means success at the polls. A more popular and more worthy standard bearer could not have been selected than Gilbert W. Ganong, who since coming to St. Stephen in 1873 has been intimately identified with the growth of the town. Along with his brother ,the late James H. Ganong, he built up the business of Ganong Bros., Itd., manufacturing confectioners, and made the name of the house famous all over the dominion; he and his brother were likewise the moving spirits in another prosperous enterprise, the St. Croix Soap Co., and he is now about re-establishing the furniture factory recently conducted by Vroom and his name figures on the stock list and his name figures on the stock list good for a big conservative vote, and of almost every local industry. Mr. Mr. Hunt's prospects fo defeating Mr. Ganong, in the midst of this active business life, has found time to infuse some of his energy into the management of the public schools of the town, for several years. On the same evening a meeting was held at Eldon. The speakers were A. Martin, the conservative candidate, and Hon. Senator Ferguson. The electors present were enthusiastic for

Summerside, P. E. I., May 16.-The conservative demonstration here last night was a grand success. Hon. Senator Ferguson was met at the railway station by prominent conservatives and escorted, the Cornet band heading the procession, to Market hall, which was crowded. Neil McQuarrie, president of the East Prince Liberal Conservative association, presided, and read an address of welcome to Hon. Mr. Ferguson.

Richard Hunt, the conservative can didate, made an excellent speech. Senator Ferguson followed, speaking for nearly two hours, discussing general and local issues and making a grand impression. He showed up L. H. Da-Bros. He was an active promoter of vies in fine style. The meeting closed the St. Croix cotton mill at Milltown, in the usual form. Summerside is Yeo were never better.

AFRAID OF THE LIBERALS. (Montreal Trade Bulletin.) There can be no doubt that one of
